Zetagathian Programme.

The first number a vocal solo "Mr. Long, L. H., a member of the faculty, denounced Mr. Olcero's of the audience. Hr. W. L. Mason, Attorneys for Plaintiff, Mr. Long preferred Mr. Olcero which also helped the variety needed to make them most effective. The question for debate presented on the evening was not apparent. The President of Hesperian "Henry Watterson's" two-sided question "Who is the best manager of the 'Stove' won the debate. Here was the program varied by a solo by Miss V. Orum, for Plaintiff, Mr. W. L. Mason brought before us in the Hesperian a story of the old farm "orchard. The next number was "Mr. Hendricks, on his usual from the Freshman English Club. An encore was given in his usual composed and effective way. The oration by Mr. Barlow called the meeting to order, and Dr. Gilchrist, was elected temporary Chairman. Professor Shimek read a paper on the subject "The Nicaraguan Canal." Owing to the great advantages to be gained by a trans-Isthmian route for commerce a great deal of speculation has been indulged in since almost every corner of North America and within the last twenty-five years three great plans have been proposed. The first was the ship railway which proved entirely impracticable and the other two plans namely those of the Panama and Nicaragua canals have been proposed and attempted. The former through the natures' mismanagement has been abandoned practically and the remaining one the Nicaraguan canal is at present enganging the interest of engineers. It has many natural advantages over the Panama schemes in as much as it follows a river for a considerable distance and also takes advantage of Lake Nicaragua for a great deal of its water supply. It is to start from Greypawn on the Atlantic side and end on the Pacific Coast directly west of the lake. A number of immense locks and dams will have to be built and breakwaters will be necessary at the two harbors to keep back the sand, the estimated cost being somewhat anywhere over one hundred millions of dollars including the interest on the bonds. The work so far accomplished on the canal consists in accurate surveys and leveling of all the territory to be traversed and in the building of about one-third of the Greypawn breakwaters and in excavating about one mile of the eastern end of the canal. After the collection the paper was discussed for a time. There were no voluntary reports and so after the announcement of a paper by Professor Lising on "Brief Sketches of Pasture" and his "Work" the club adjourned.

Notice.

The students of the College Department are requested to make out the schedule cards for the winter term and leave them at the President's office on or before Friday, the 15th inst. All petitions to the Faculty in regard to schedules should be left at the President's office before three o'clock of the same day. Blank schedules can be obtained either at the President's office or in the library, Charles A. Scheffere.

Law Literacy.

A small audience greeted the Saturday night session of the Law Literary Society. The program was opened with a debate; subject: "Resolved, that Lincoln Law is justifiable under no circumstances." Mr. Scott and Mr. Kelloha affirmed and Mr. Dutcher and Mr. Collins denied the proposition. Mr. E. R. Smith's oration on "Don Pedro" was carefully prepared and forcibly delivered. Miss Marian Davies rendered a piano solo, which was concord. Mr. Lewis Smith made an extemporaneous speech on Montana and Mr. Hogan gave an interesting account of Yellowstone Park.

Baconian Club.

In the absence of Professor Weid Mr. Barlow called the meeting to order and Dr. Gilchrist, was elected temporary Chairman.

Professor Shimek read a paper on the subject "The Nicaraguan Canal." Owing to the great advantages to be gained by a trans-Isthmian route for commerce a great deal of speculation has been indulged in since almost every corner of North America and within the last twenty-five years three great plans have been proposed. The first was the ship railway which proved entirely impracticable and the other two plans namely those of the Panama and Nicaragua canals have been proposed and attempted. The former through the nature's mismanagement has been abandoned practically and the remaining one the Nicaraguan canal is at present enganging the interest of engineers. It has many natural advantages over the Panama schemes in as much as it follows a river for a considerable distance and also takes advantage of Lake Nicaragua for a great deal of its water supply. It is to start from Greypawn on the Atlantic side and end on the Pacific Coast directly west of the lake. A number of immense locks and dams will have to be built and breakwaters will be necessary at the two harbors to keep back the sand, the estimated cost being somewhat anywhere over one hundred millions of dollars including the interest on the bonds. The work so far accomplished on the canal consists in accurate surveys and leveling of all the territory to be traversed and in the building of about one-third of the Greypawn breakwaters and in excavating about one mile of the eastern end of the canal. After the collection the paper was discussed for a time. There were no voluntary reports and so after the announcement of a paper by Professor Lising on "Brief Sketches of Pasture" and his "Work" the club adjourned.

All petitions to the Faculty in regard to schedules should be left at the President's office before three o'clock of the same day. Blank schedules can be obtained either at the President's office or in the library, Charles A. Scheffere.

In-door Pentathlon Contest.

An in-door athletic contest will be held in the University gymnasium at 7:30, and also to-morrow evening at the same hour. In order that the starting time may be as early as possible, the twenty contestants have been divided into two divisions, which will meet as already said. The system of scoring to be used in this contest will permit of this division. The events of the contest are as follows: 60 yard potato race, running high jump, "chute-up," hitch and kick, and one-half mile run. Professor E. R. Hale, referee; Mr. Anthony, umpire and Mr. Stone, time man. Judges, Dr. Gilchrist, and Mr. L. Johnson, judges; Mr. Alfred, chief, Mr. Dowell, starter; Mr. Blount, scorer.

The S. U. I. Minstrel and Concert Co.

Last Thursday evening the S. U. I. Minstrel and Concert Co. was organized, and the following officers elected: Chauncey, general director and business manager; Calves, band leader; Crawford, orchestra leader; Lindsay, banjo and guitar club leader; Will Krans, mandolin club leader, and W. H. Osborn, vocal director. A secretary, a treasurer, a stage manager, and a committee to examine candidates for the chorus, are yet to be elected.

Professor Shimek announced that it is to bring out and develop the best talent in musical and specialty lines in the University, and to represent and advertise the University in those lines abroad. The University has long needed an organization of this kind, and now that it is started, all who can do any thing to make it a success should come forward and give its success. All wishing to join the company should see the director of the special branch in which they are interested, and in no case, in order that work may be commenced at once for our first concert, which will be given about the middle of the current winter term. Concerts also will be given in other cities to which the university is extending, and perhaps outside of the state. Mr. Crawford will meet those wishing to join the orchestra, Mr. Lindsay those wishing to join the banjo and guitar club, and Mr. Runes those wishing to join the mandoline club, on Wednesday evening, at 6:45, in Irving Hall. A committee to examine candidates for the chorus will be formed after that evening. The entire company will meet Wednesday evening, at 6:45, in Zeta-thalian Hall, for further organization.

Other Colleges.

The Senators at Princeton have voted for the Freshman class at Harvard numbers, 462, against 490 last year.

About one-sixth of the students from other colleges are studying for the ministry. One hundred and two members of the Freshman class this year are College graduates.

The Faculty of Cornell University Board of Trustees has lengthened their college year.
Metropolitan Parcels of the City should be elected by the general assembly. Some of these institutions are entitled to have their proper privileges in the University with men. The aim has now been raised by the society of Female Education, and the Harvard Corporation has already voted to consolidate the Harvard college with the college. It remains for the Board of Overseers to confirm this action and Harvard will take her place as one of the educational institutions for higher education. -Counsel Daily News.

Artist Recital No. 2.

The second in the series of Artist Programs will be given at Close Hall on Thursday evening next; under the auspices of the Iowa City Conservatory of Music, by Madame B. J. Carver, in person, and Miss Ada Adell Robinson, dramatic reader, both of Chicago. Mrs. Carpenter is a musician and leader of salons and her voice is considered phenomenal. Her selections include some of the highest excellence. The Director of the Conservatory offers this as the second in the series of Artist Programs and assures the public of his high order. They are having crowded houses in Minneapolis and St. Paul this week. See program and circulate for testimonials. Reserved seats 50 cents on sale Thursday at Winquist's. Advance sale at reduced rates as before at Close Hall, single ticket 40 cents, two tickets 75 cents.

$100 Reward, $1000

The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is typhoid. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, destroying the foundation of the disease, and giving the patient the power for building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer the usual Hundred Dollars for any case that it fails to cure. Send for testimonials. Address, F. J. CHEENY & CO., Toledo, O. Sold by Druggists, etc.

“Richelieu.”

Mr. Whiteside comes to this city Tuesday, Dec. 12, to deliver Lytton’s greatest work “Richelieu.” His acting is quiet, suggestive, and when the occasion demands power he sways his audience with the richness and strength of his voice. With a rare intuition he quickly perceived the folly of imitation and the absurdity of art. He modeled his impersonations on the line of natural acting. His judgment proved sound, for his work has been received beyond expectation, thus linking his name as Booth’s successor. "To express the highest passion of which humanity is capable, and to express it as tempered by purity and nobility, is to accomplish the utmost that genius can reach," wrote the greatest of American critics in that admirable study of sublime artists, Mr. Walker Whiteside, and to say this he has said all; no need of praise can do a greater justice. Mr. Whiteside’s success has been extraordinary, and it has been said that one of the best features of this performance outside of his personal appearance is the magnificent manner in which he dresses the stage, using costumes and scenery which are historically correct. Mr. Whiteside has been secured by Manager Clark as the strongest attraction that will appear in the city this season. He will present Bulwer Lytton’s greatest work Tuesday, Dec. 12.

Fact and Rumor.

Hendre, W., is suffering from the grip.

The Junior Literary is preparing.

Aldrich, W., now wears a Phi Delta Theta pin.

Where are the Seniors? Have Senior meetings gone out of date?

Trefner, W., left Saturday for a business trip to South Dakota.

Rogers, W., has been confined in his room with the grip for the last week and a half.

Budrow, S. and Smith, W., were initiated into the Beta Fraternity a short time ago.

The Psychology class are at present engaged in studying the interesting subject of illusions.

Margaret Van Meter was voted into the Hoosier Literary Society last Friday afternoon.

The work on the Junior Annual is progressing nicely. It is being printed at the Free office.

The class in Animal Morphology were given their final examination on invertebrates Friday afternoon.

The attendance at the Tuesday, Thursday and Saturday classes in the gymnasium has been very good.

Next and last Interlocutor in the S. G. L. Lecture course will be given by Robert J. Burleson, January 15, 1897.

The newly elected officers of the Debogatian Society banqueted the members, at Harry’s Baystage morning:

An excellent portrait of our elect, Jackson, a University alumnus, may be seen in the December Review of Reviews.

LATEST STYLE HATS AND FURNISHING GOODS AT BLOOM & MAYER’S.
The football Manager claims that only 60 was lost in the season just closed. This is quite an improve­ment over previous years.

The game of basket ball between Cedar Rapids Y. M. C. A. and the local Y. M. C. A. will be played at Cedar Rapids instead of here as at first announced.

The election for captain of the foot­ball team for next year was held Sat­urday evening, lawyer being chosen. A meeting will be held next Saturday to elect a Manager.

Sunday, at the Union Missionary Meeting of the Y. M. and Y. W. C. A., the sum of $85 was raised for the support of Munger. '92 who intends going to Mexico in January, as a Missionary.

Loman has been appointed Captain of the Battery, to succeed Converse, who has left the University. Other promotions are White, to be first, and Lovell to be second, Lieutenant of Battery.

Last Friday afternoon the follow­ing officers for the winter term were elected by the Hesperians: President, Jesse Kline; Vice President, Allen Robinson; '94; Recording Secretary, Annie Carroll, '94; Corresponding Secretary, Mary Bankin; '95; Orlin Mary Holt; '96.

The Zetagaithians elected the fol­lowing officers for the spring term: President, Harry Plam; Vice Pres­ident, William; Secretary, H. F. Williams; Treasurer, F. E. Farwell, Corresponding Secretary, Brook; Ser­geant-At-Arms, Harry Keefe, and R. G. Bopham.

The Zetagaithian and Irving So­cieties will hold a debate this year similar to that held last year. The debaters were selected last Friday night and are for the Irving's Lambart, '94; Hendricks, '94, and Dewol, '96, for the Zetagaithians, Williams, '94, Klemuth, '96, and An­derson; '95. The debate will be held sometime during the winter term and those six will be chosen the debaters to meet Minnesota in a de­bate he be held here in the spring.
