Recollect the fact that there are many ladies not in the gymnasium, who would be glad to enjoy some of the out-door exercises offered by the Y. W. C. A. special arrangements have been made for giving such privileges during the spring term.

With this in mind to view the Association has decided to give boating, tennis and bath privileges for the remainder of the term for $0.20. The Association owns a fine boat which is kept at the University boat-house and is exclusively for the use of those who hold privilege tickets. It carries three persons, and hours may be arranged so there will be no conflicting, in the use of it. Arrangements are being made to have the Y. W. C. A. Tennis Court in the vacant lot north of the Campus; no more convenience or suitable place could be obtained, and the court will be able to the ladies, they will feel at liberty to enjoy it at any time. The fee is very reasonable, and if they could but realize the exceptional advantages they offer for both physical and mental development they would avail themselves of the opportunity it affords for beneficial and delightful exercise.

This offer is open to all ladies of the city as well as to those of the University. It is to be hoped that many if not all will make good use of it.

The Finishers (Wash) World's Herald, in speaking of Thomas G. Newmarch (Col. '83, Law '84), speech in the trial of a defaulting ex-city treasurer, says, "Presumably Attorney Newmarch made the closing argument, last evening, and the court room was crowded to the bursting point in order to hear the final address. The attorney's speech to the jury was a brillant effort, that gentleman making an earnest plea for conviction; that the public interest of the state might not be set at naught."

The late Dr. W. B. Brenner, who committed suicide at Ithica, N. Y., recently, before he died left his Has to Cornell University in the interest of science. In connection with this it may be of interest to state that Dr. Villeg, who has charge of this department of the University, has secured by written agreements the brains of some twenty Cornell professors and prominent Ihithas citizens, transfers to be made at their demise, in the interest of science.

The New England Inter-collegiate Blue Ball Association, consisting of Amherst, Williams and Dartmouth, has voted to play under the old pitching distance rules this season.

Rynan Mayer has withdrawn from the joint debate with Wagner, alleging that the Wagner girls are putting more time on the debate than the Mayer girls have at their disposal.

Six thousand four hundred volumes and six thousand seven hundred pamphlets were added to the Yale library last year. The largest contribution ever made to the library was a recent bequest of $3,000 from Mrs. Azarich Elderle.

Of the 160 professors, instructors and tutors of Yale University, 164 are Yale men, of whom 21 were given honorary degrees, 12 graduated from the Divinity School, 31 from the Sheffield Scientific School, and 3 each from the Law and Medical schools.

The first annual debate between the Northwestern University and the University of Michigan, was held last Friday, at Ann Arbor. The University was represented by three speakers each. Governor John T. Rich, of Michigan, presided. The question "Resolved, that it ought to be the policy of the Federal Government to bring about the Annexation of the Hawaiian Islands," was affirmed by U. M. and denied by the Northwestern. The judges were Hon. M. T. Kegner, Mayor of Michigan City, Ind., Hon. J. K. Hamilton, ex-Mayor of Toledo, Ohio, and Rev. Charles Little, of Wabash, Ind. The debate was decided in favor of the negative.

"Notice!"

The Y. W. C. A. have decided to give tennis, boating, and bath privileges during the spring term for 80c. Tickets may be procured from Harry Blunt, General Secretary, or Cora Durrus Treasurer.

Beware of Ointments for Cataract That Contain Mercury

As mercury will surely destroy the sense of smell and completely derange the whole system when entering through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Cataract Cures manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, and, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Cataract Cures be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials evidencing the good they bring results price 50c per bottle.

Dyspepsia

Dr. T. H. Andrews, Jefferson Medical College, Philadelphia, says of Hosford's Acid Phosphate.

"A wonderful remedy which gives me the most gratifying results in the worst forms of dyspepsia."

It reaches various forms of dyspepsia that no other medicine seems to touch, assisting the weakened stomach, and making the process of digestion natural and easy.
