## Ames Falls an Easy Victim.

WE WIN BY A SCORE OF 14 TO 4.

Great was the satisfaction with which the supporters of the old gold read the bulletin sent by Manager Emry from Ames: "S. U. I., 14, Ames 4. Played 'horse' with them." This result means a second league victory for our University, and another mortgage upon that silver bat for which we have been striving for some years, but which has always eluded our grasp.

Our men reached Ames in good condition, and after a sound night's rest were well prepared to meet the Agriculturists. The game was called at 3 p. m., and the two teams were as follows:

S. U. I.	r f	I. A. C.
Lyon	1 b	Hartman
Hopkins	1 b	Kyle
Chambers	p	Zinzer
Ingham	c	Mills
Bailey	2 b	Little
Bevans	3 b	Duroe
Arey	c f	Beecher
Herrig	1 f	Burley
Wilson	ss	German

The toss up gave S. U. I. the field. I. A. C.'s first man at bat was German. He hit a grounder and made first on Wilson's fumble. He did not remain on bases long, for a pretty double play that followed sent him to the batter's bench again. Mills hit to Chambers; he threw to Bailey and Bailey made a swift throw to first completing the play, which retired both German and Mills. Beecher, I. A. C.'s third man up, fanned out.

Lyon was our first batter. He had his batting eye with him and sent a hot grounder to German, making first on the latter's fumble. Hopkins repeated Lyon's performance, German fumbled again, and we had another man on bases. Chambers struck out, but Ingham lined out a two bagger bringing in both Lyons and Hopkins. Bailey hit safely to right field, and Ingham scored. Bevans sent a liner through short, and Bailey broke into the run column, making the fourth score for S. U. I. The remainder of the inning failed to net us any runs. Arey flew out to Duroe and Herrig went out at first.

In the second inning Ames managed to hit the ball several times, but again failed to score, one man being put out at third, one at second and another at first. Our half gave us 5 runs more, making a total of 9. These were secured largely through the numerous bad errors of I. A. C. We sent ten men to bat and of these eight hit the ball for at least one base.

The third inning disfigured I. A. C.'s run column with another goose egg, while it increased our total of runs to 13. Our half was characterized by good base running, and more errors on the part of I. A. C.

In the next inning both I. A. C. and S. U. I. failed to score; in the fifth the tables were turned, S. U. I. shut out and I. A. C. credited with 2 runs. This is how it was made: Burley struck out but Ingham failed to hold Chambers' wild throw and the batter made first. Hartman and Zinzer fanned in succession. German hit

past third bringing in Burley's score. Chambers threw to Arey at second to catch German, but the throw was muffed and the latter scored also. This ended the score making for Ames; Mills, the next batter, flew out to Bailey.

Neither team scored in the sixth. The seventh, however, gave them a run apiece, making the totals 14 to 3.

In the eighth Kyle went to first on balls and Little struck out. Duroe hit to right and Lyon fumbled for the first time this year, letting in Kyle's score. Burley fanned out, and Meeker was retired at first by a throw from Bevans to Hopkins.

S. U. I. was retired by good fielding and neat throwing. This ended the score making of the game; Ames went out in quick order and S. U. I. did not play her half of the ninth.

The score by innings was as follows: I. A. C. 0 0 0 0 2 0 1 1 0—4 S. U. I. 4 5 4 0 0 0 1 0 \*—14

The game was not a very interesting one; it was loosely played and an abundant number of errors were made. Ames has the weakest team that it has had for years; and in all its games so far this season its playing has been very poor.

S. U. I. needs strengthening up in team work; some improvement has been made in the past week or so, and several pretty double plays were made Saturday; we need more improvement, however, in order to continue winning our games.

As the telegram said—"we played horse with them." This is not an elegant manner of expression, perhaps, but it conveys the spectator's impression of the game better than other words that could be chosen. For the first four innings very good playing was done by our team, in order to make the game safe; after that the game was loose and listless, and excited but little enthusiasm.

### Echoes from the Contest.

There are many things in connection with the contest of last Friday evening which are deserving of critical mention. While we realize that it is too late for our remarks to be of any avail at this time, yet we hope that in the future, at least when the contest comes to this city again, many of these difficulties may be obviated. The thing which we believe is deserving of most serious criticism is the error which was made in summing up the decision of the judges. We would not attempt to lay the blame for this wholly upon the President and Secretary of the League, whose duty it is to sum up the decision of the judges. While they may not have exercised as much care as they should have done in this matter it is equally true that our home association is not released from a share of the responsibility. Had a blank form been arranged so that the rank which each judge gave each orator could be placed opposite his name, it is quite probable the error would not have occurred. We will not venture to say whose duty it was to see to this matter, but experience has told us that when we want a matter of this kind attended to, the surest plan is to do it ourselves, and certainly no one was placed in a bet-

ter position to look after this than a committee from our own association. One thing is certainly true, the committee from our association who had the affair in charge should have provided the officers a room where they could sum up the decisions without being molested and interfered with by a number of persons looking over their shoulders and interrupting them with remarks. It is not a difficult thing to sum up the ranks correctly, nor does it require any great amount of mathematical ingenuity, but the most correct calculator is liable to make an error if he is constantly being interrupted. We would not criticize all the members of the committee who was to look after the interests of this contest; some of the members worked faithfully for its success. Especially is this true of Harry Keefe, who looked after the advertising, and G. G. Davis, who entertained the delegates.

Another matter which we believe is deserving of comment, is the manner in which some of the judges marked the orations; for instance, one judge marked four of the six orations the same on thought and style, and two of them the same on thought and style and delivery. We may have an entirely erroneous idea in regard to this matter, but in our opinion such marking should not be allowed to be handed in. According to our idea a judge should make some distinction between the orations submitted. If he is unable to do this he should report at once and another judge secured who might be able to see some difference. It is true that there are occasions where it is difficult to determine which merits the highest grade, but it is very seldom that a man cannot find a shade of difference between two orations sufficient to grade them. The principle of failing to make any distinction is simply this: that judge submits no mark insofar as those particular orations which are marked the same are concerned. He simply relies upon the other judges to make the distinction which he fails to see, and in case these judges should be as perplexed as he is those orations would all be tied for the same place. Of course there is no probability of such a thing occurring, but this seems to be the principle involved in such marking.

The only other thing which we wish to mention is the manner in which the audience gave vent to their feeling of dissatisfaction on the announcement of the decision of the judges in regard to third place. Judging from the universal and spontaneous outburst the decision was a surprise to almost the entire audience. Such manifestations of disappointment, however, do not display the spirit which should be shown, and we are glad that the audience very soon allowed their better judgment to control their feelings.

### Illinois 10, Iowa 8.

The telegram last night read: "Illinois 10, Iowa 8. Chambers pitched an elegant game. Poor support lost us the game." Full account in our next issue.

## Professor Hale Resigns.

Professor Edward Hale has resigned his position as professor of the chair of English, to take place at the end of this school year. He goes to Schenectady, New York, to fill a similar position in Union College. Professor Hale took charge of our English department in the fall of '92, at a time when that department was in a seriously disarranged condition, and during his three years' stay, although seriously hampered by a lack of sufficient assistance in his work he has done much toward strengthening that department; and while we regret to lose a man of such scholarly attainments and rare literary ability from our University, we congratulate him on securing a position which offers him every advantage to pursue his chosen work.

### Base Ball.

The base ball team left Friday night for a week's trip through Iowa, Illinois and Michigan, and return home Sunday, May 12. The following is the schedule of the games to be played:

- May 6—Champaign, Ill., University of Illinois.
  - May 7—Beloit, Wis.
  - May 8—Lake Forest, Ill.
  - May 9—To be filled.
  - May 10—Evanston, Ill., Northwestern University.
  - May 11—Chicago, University of Chicago.
- The pitching will be done by Chambers, on the 8th and 10th, by Leighton on the 6th and 9th, and by Bailey on the 7th and 11th. The team will be as follows: Lyon, rf.; Ingham, c.; Chambers, p.; Bailey, 2b and p.; Bevan, 3b; Wilson, ss and c.; Hopkins, 1b, 2b and ss.; Herrig, lf.; Gaines and Lamb, subs.

### Iowa Colleges.

We give below the names, locations, and number of students of the principal colleges of Iowa, according to the reports for the year ending 1894:

Amity College, College Springs ..	422
Central University, Pella.....	175
Coe College, Cedar Rapids.....	122
Cornell College, Mt. Vernon.....	555

THE VIDETTE-REPORTER, Iowa City, Iowa.

Entered at the Iowa City Post Office as second class matter.

The members of the committee who have the matter of the athletic park in charge have decided to hold a mass meeting of the students next Saturday evening at 8 o'clock to discuss what steps should be taken in regard to the park. The situation has reached that condition where something must be done immediately or we will be obliged to forfeit that part of the park which we have already purchased. As is known to many of the students it is the intention to purchase the lot south of the present park and by this we will have all the space necessary for a good park where we can hold all our athletic contests. This is certainly a wise move on the part of those who have the matter in charge, as it is very probable that the land can never be bought in the future for as little money as it can now, and when once secured, if the Athletic Association does not feel able to improve it, the rent obtained for letting it out as pasture would pay good interest on the money invested. The need of improvements on the present park is very apparent to those who have taken the pains to observe it in the least, but the main object of this meeting is to do something which will insure us the permanent possession of the park. To do this it is going to require the united efforts of all the students. If each student supports the undertaking with any degree of liberality the park can be secured to our possession without any great sacrifice on the part of any one. If, however, the students do not respond as they should, and take an active interest in the work, we are going to lose what we already have partly in our possession and all our past efforts will have counted for nothing. We have no doubt but that there are a few students who will look upon this as a matter of no immediate importance, but we hope that the majority of them will realize the exact situation which we are in at present. It

is very certain that if we as students do not make an extra effort at this time to make this athletic park an actual reality we are not going to get the support from our alumni and friends of the University which we have had in the years past. No one is going to help us unless we strive to help ourselves, and there isn't any doubt but that we can do all that is required of us if we could only convince ourselves of the fact. For all the students this undertaking will be but a small affair, but for a few of them it will be an impossibility. The meeting next Saturday will be held at Close Hall. During the evening the medals won at our last home field day will be presented. The Serenade Club will also furnish those present with some excellent music. The important part of the program, however, will be devoted to a discussion of ways and means for securing a permanent and respectable athletic park for the University, and every student should be present either to present some new idea or discuss those which will be proposed. It is a matter which should concern every student in the University.

There is cause for general rejoicing in the fact that the University buildings, some or all of them, are to receive some paint on the outside. Gov. Jackson and the executive council certainly did a good thing when they paid the storm damages and so left funds in the University treasury for this much-needed improvement. The campus is ever a "thing of beauty," like an emerald in the heart of the city. And the old buildings are so veiled by the luxuriant foliage of summer and by the net-work of graceful branches in the winter that their shabbiness is half concealed. But they will bear a good deal of "restoring" and brightening up and obliterating of the stains of time. It is well enough this should be done before new buildings are added.—*Republican.*

The students should all attend the meeting at Close Hall, Saturday evening. If you have any desire to see the University have an athletic park you will be present.

**\$100 Reward. \$100.**

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & Co., Toledo, O.

Strub's.

Mr. Malone, of Stone's School of Cut-  
ters, guarantees a perfect fit; 111  
Washington street, up-stairs.

**Hypnotism.**  
KANKAKEE, ILL. Fifteen of the  
the most prominent physicians of this  
city engaged Professor Roche, the  
hypnotist, to demonstrate the value  
of his hypnotism in medical science.  
The doctors secured a young man, a  
resident of this city, to consent to be  
the Professor's subject. The Profes-  
sor placed him in a hypnotized state,  
upon an operating table. The doc-  
tors applied the most severe tests in  
the way of irritants to the subject's  
stomach, using chloroform and am-  
monia without any effect on the sub-  
ject. They also ran needles through  
the thick part of the hand without  
the subject experiencing any pain.  
Upon being brought out of this state  
he did not know what had been done  
to him. Roche also hypnotized several  
other subjects, and put them through  
severe tests. The doctors agreed that  
hypnotism could be used in surgical  
with great success.

Professor Roche has kindly consent-  
ed to present the subject of hypno-  
tism at the Opera House to-night and  
to-morrow night. Everybody should  
attend and derive the benefit of a  
scientific presentation of this inter-  
esting subject.

**Fact and Rumor.**

L. J. Rowell spent Saturday in Tip-  
ton.

J. Hamiel, L. '95, spent Saturday  
and Sunday at his home near Spring-  
dale.

LATEST STYLE HATS AND FURNISHING GOODS AT BLOOM & MAYERS.

Addie Gray, of Springdale, is visiting Moud Gray, '97.

B. H. Bailey, '98, was at his home in Cedar Rapids, Sunday.

J. L. Kinmonth spent Sunday at his home in Columbus Junction.

Mrs. Dr. Johnson, of Maquoketa, is visiting her son, G. M. Johnson, '97.

Mary Alford and Mary Holt visited with friends in Tipton last Saturday.

Arthur Remley, of Anamosa, is visiting with his sister, Bertha Remley, '98.

B. L. Wick, of Cedar Rapids, was in the city Friday night to attend the contest.

Ivy Lane initiated Maud St. John Nellie Bowen and Leonard Blinn Monday evening.

The Seniors of Coe College have inaugurated the cap and gown system in their school.

Rena Hubbell returned to her studies this morning after a week's visit with friends in Cedar Rapids.

C. B. Matson, Coll. '86, engaged in tee real estate business at Algona, is visiting the University.

We are indebted to Manager Emry of the base ball team for the account of the game with Ames.

Zmunt, L. '94, captain of our last year's base ball team, is pitching for the Davenport league team.

The Junior Laws have begun their work in Bills and Notes, under Professor Rohbach, and in Trial and Judgment, under Professor Ney.

E. P. Bennett, Northwestern's representative in the contest last Friday night, preached in the Methodist Church of this city Sunday evening.

Manager Hopkins, of the foot ball team, is "sporting" a red cap, which previous to the game with Grinnell was the property of Darby of Grinnell.

The New Moon Banjo Club, under the management of Carl Tompkins, furnished music from 7:30 to 9:30 Saturday morning at the Y. W. C. A. breakfast.

The Junior Collegiates are ready to play ball. Yesterday Chas. G. Burling was elected captain and Sam Whiting manager. Some great games are looked for soon.

Mary Alford, Gertrude Fairchild, Mary Holt and Fanny Davis, will attend the convention of the Delta Gamma fraternity, to be held in Minneapolis, May 7, 8 and 9.

Will Ryan, Law '96, responded to a toast given by the representatives of the Interstate Contest, at Galesburg, Ill., last Thursday evening. Mr. Ryan was a delegate from Iowa to the contest.

The Harvard crew has been considerably changed, and they are now rowing in the following order: Bullard, stroke; 7, Fennesy, 6, Hollister; 5, Stevenson; 4, Watriss; 3, Jennings; 2, Shepard; bow, Damon.

Professor Trueblood, professor of oratory at Ann Arbor, accompanied Michigan's delegation to the contest. Professor Trueblood was instrumental in forming the Northern Oratorical League, and he has been present at every contest except one.

The numerous friends of H. F. Rall, '91, will be interested to learn that he was one of Yale's debaters in the recent contest with Princeton. Although Yale was defeated Mr. Rall is credited with making one of the best speeches of the evening.

Our Second Game

LOST TO UNIVERSITY A SCORE OF

Monday—blue Monday lucky a day for our base ball team. Last Saturday proved a very successful one for the east on that day to the University of Illinois by the close score. The result was a great victory for our base ball enthusiasts. The score was 10 to 5. The game was added to our list.

The game again proved a fact—which has so often been mentioned in these columns—ly deficient in team work. Our good battery, our base ball players, our individual players, one or two exceptions, but the men do not get together, and as long as the defeats will not be in vain. Monday's game showed the team to be weak in fielding. Numerous bad errors were committed by Wilson was also a little off, but otherwise very good. On first and second base ball players. Chamberlain's hard game, making a difference of a trifle wild at the out field as consistent. The out field as consistent showed itself to be very good. Illinois' playing was most satisfactory, and their team was a game for them.

The positions and the teams were as follows: ILLINOIS. Lowes, 3 b. Baum., r. f. Roysden, 1. f. Huff, c. Cooper, 1 b. Haskell, s. s. Fulton, 2 b. Kingman, p. Carnahan, c. f.

The game was called off when the men were at bat, but very short order. Kingman, Hopkins and Chambers struck out of the first inning. The runners were more fortunate. Lowes rapped for the second base more than once on a grounder to Chamberlain. He hit it to first. Roysden who threw home, caught Lowes. Huff the latter threw to Roysden, but Bevan roysden scored. The game was over with. Cooper made a grand stand on the third out; being hit by Chambers' quick throw. The second inning was a goose egg for both teams. Cooper, and Bevan struck out on a dead ball. The third out was on a low ball and it was out at first.

In the third inning, Arey got first base on a put out while trying
