IOWA CITY, IOWA, TUESDAY, OCTOBER 19, 1897.

NO 15

OLD GOLD VICTORIOUS.

WE DEFEAT NORTHWESTERN TWELVE TO SIX.

In a stubborn battle on the Shepard field, at Evanston, Saturday, Iowa defeated Northwestern by a score of 12 to 6.

Although the day was raw and cold the playing throughout was snappy and vigorous. Northwestern won the toss and chose the north goal. By quick, steady playing, and aided by a strong wind, they made a touchdown in the first half. But when the teams lined up for the second half, the Iowa men set their teeth, and by strong, rapid, steady team work, they scored two touchdowns, kicked one goal and secured a safety before time was called.

The teams were about evenly matched in weight, although the Northwestern ends were the heavier. The claim was made that Iowa's men "continually piled up on Northwestern's players after they were down." On the other hand, some Northwestern players, unable to stop Kelly as he was about to make the first touchdown in the second half, struck him several blows in the face. Such work is to be deplored.

The line up of the teams was as follows:

IOWA.		NORTHWESTERN.
Middleton	re	Saunders
Towle	rt	Levings
R D Blackmore	rg	Andrews
Wright	c	Morse
Walker	lg	Thorne
A H Blackmore	lt	Slade
Meister	le	Smith
Deems	qb	Hunter
Gaines	rh	Libberton
Kelly	lh	Van Hart
Hobbs	fb	Sloan

Extra men. Iowa—Klingenberg, Lammerton, Egan.

Subs. Northwestern—Rodman, Cutler, Burrell.

Score—Iowa 12, Northwestern 6.
Touchdowns—Kelly, 2; Sloan, 1.
Goals from touchdown—Hobbs, Sloan.

Safety touchdown—Sloan.
Umpire—Roger Sherman.
Referee—Victor Harding.
Linesmen—Head and Bell.

FIRST HALF.

Iowa kicked off. Sloane caught the ball at ten-yard line and carried it to Northwestern's twenty-yard line, losing it on a fumble. Iowa fumbled the ball, but regained it on Northwestern's fumble. At Northwestern's twenty-yard line, Iowa tried the tandem act, but Northwestern captured the ball. Northwestern punted to Iowa's forty-five-yard line. Iowa advanced to Northwestern's fifteen-yard line by steady, hard rushes. Iowa lost ten yards and lost the ball on a fumble. Northwestern made two short gains around Iowa's right. Northwestern rushed for twelve yards. Iowa got the oval on downs. Hobbs went around left end for fifteen yards. Northwestern got the ball on downs, and made successive gains, carrying the ball to the twenty-yard line, and Libberton went through for a touchdown, Hunter kicking goal.

Northwestern kicked off, and forced the ball to Iowa's twelve-yard line. Hobbs kicked, but Northwestern returned to their forty-five-yard line. Iowa made several short gains, and Kelly went around right end for fifteen yards. Iowa lost the ball on downs. Northwestern punted fifty-five yards. Time was called with the ball at Iowa's twelve yard line. Score: 6 to 0.

SECOND HALF.

Northwestern kicked off. Hobbs carried the ball to the twenty-five-yard line. Both sides punted. Iowa forced to Northwestern's ten-yard line, but lost the ball. Northwestern passing the ball high were forced to a safety. Hobbs caught the kick-off, and Iowa forced through for a touchdown. Score: 6 to 6.

Hunter kicked off. Iowa got the ball on downs, and by a series of hard, brilliant plays, scored another touchdown. Iowa rushed Gaines, Kelly, and Walker for twenty yards, and Gaines made a thirty-five yard run. Iowa lost the ball on downs. Northwestern made short gains, and punted to our forty-five yard line, to Gaines, who ran down the field for fifty-five yards. Kelly went around the end for a touchdown, Hobbs kicking goal. Score: 12 to 6.

After a few minutes' play, time was called with the ball at Northwestern's ten-yard line. Score: 12 to 6.

GAME WITH WISCONSIN.

RESULT OF SATURDAY'S SLAUGHTER.

The following telegram was received by Manager Sheurman yesterday. It explains itself, and speaks volumes for the changed position that Iowa occupies in the foot ball world since the recent Northwestern game:

MADISON, Wis., Oct. 18, 1897.
To J. L. Sheurman, Manager:
Can you give us game in Madison, Saturday. Answer immediately.

H. K. CLARK,

Mgr. Wisconsin foot ball team.

Manager Sheurman replied to this telegram, stating that as we played Beloit on next Saturday, the proposed arrangement would be impossible. However, as elsewhere announced, the Beloit game is now declared off, and Saturday is an open date. Consequently a game may yet be played with Wisconsin on this day. As matters stand at present, owing to Beloit's unexpected withdrawal, nothing is sure or determined upon. The foot ball management is now considering several plans and more definite information as to its conclusions will be found in Thursday's issue of the VIDETTE-REPORTER.

Saturday Foot Ball Games.

Chicago, 39; Beloit, 6.
Iowa, 12; Northwestern, 6.
Illinois, 36; Lake Forest, 0.
Minnesota, 7; Grinnell, 0.
Michigan, 34; Ohio, 0.
Purdue, 8; DePauw, 0.
Oberlin, 14; Ohio Wesleyan, 5.
Princeton, 18; Carlisle, 0.
Harvard, 10; West Point, 0.
Yale, 10; Newton A. A., 0.
Pennsylvania, 34; Dartmouth, 0.

THE JOLLIFICATION.

"HOT TIME IN THE OLD TOWN" SATURDAY NIGHT.

The news of Old Gold's victory had hardly reached the city before arrangements were being made for a celebration that would be worthy of the event. Accordingly, soon after dark a crowd of students and interested town's folks began to gather together, and then the hunt for bonfire material began. Like a herd of stampeded cattle the "boys" rushed from street to street, and from alley to alley for boxes and barrels. Time was too scarce to allow the merchants to be consulted as to what was of no use, but they were rejoicing as well as the students, and gladly gave all they had. The material was piled up at the corner of Clinton and Washington streets, and soon one of the largest bonfires ever seen in Iowa City was lighting up the surrounding buildings, while the Hawkeye yell filled the air. The band appeared on the scene, and marched up and down the street followed by a crowd of howling, yelling, excited students. As the fire began to burn low the procession started for the President's house, and there, at the demand of "speech! speech!" the "Prexy" expressed his gratification at the result of the game and his approval of the interest shown by the students. Then the band struck up with "Hot Time in the Old Town," and the crowd took up the strain as it wended its course back to the Dean's home. Here Professor Currier made a neat and fitting speech to the crowd that thronged the door yard. Then as the procession broke up, and the students worn out from yelling started homeward, the silence was unbroken except where some one would cry out in a hoarse voice: "What's the matter with S. U. I?" and from the surrounding blocks would be heard the answer: "She's all right."

Hammond Law Senate.

The Hammond Law Senate gave a pleasing program last Friday evening, in the presence of a large audience. An unusually large number of ladies were present.

The opening number was a vocal solo by Senator Weaver, with guitar accompaniment. The selection was heartily encored, and Mr. Weaver responded with a whistling medley.

"The Gladiator" was the subject of a well delivered declamation by Senator Green.

The emigration question was clearly and forcibly treated in an easy manner by Senator Hughes.

Senator McGuire delivered an interesting extemporaneous address on "The Power of our Judiciary."

Senator Liffing held the closest attention of the audience while he graphically portrayed a thrilling incident in the life of Jas. A. Garfield.

"Two Opinions," by Eugene Field, was declaimed by Senator Tyer in his usual captivating style.

Following this, Miss Williams, of the Junior Law class, appeared as a vocal soloist. Miss Williams has a

fine voice, and in response to an encore, sang "Because I Love You."

In the debate which followed, Senators Hanley and Wykoff eloquently implored all candidates for the bar to attend school for a full three years' term. But after listening to the cool, forcible logic of Senators O'Connor and Dykens, and making a brief computation of their current expenses, the worthy senators refused to pass the measure requiring the additional year's study.

The final number was a selection by the Hammond Quartette. This was the first appearance of the quartette, and their songs were highly appreciated by the Senators and visitors. It is expected that the quartette will be a regular attraction at the Senate in the future.

Beloit "Called Home."

Manager Sheurman received another and different kind of telegram this morning. This one reads:

BELOIT, WIS., Oct. 19, 1897.
J. L. Sheurman, Mgr. foot ball team, S. U. I.

Team badly crippled in Chicago. Faculty stop trip to Iowa.

L. C. CHILDS, Mgr.

The result is both obvious and disappointing. Saturday's game promised to be the foot ball event of the season. Detailed reasons for this action on the part of Beloit are naturally lacking at present. What will be done by the team next Saturday is still uncertain. A game with Wisconsin is a somewhat remote possibility.

Erodelphian.

The many friends and new members of Erodelphians were greeted Saturday evening with one of their usual good programs, which was opened by a vocal solo by Miss Becker, the merit of which was signified by the hearty encore it received.

Miss Jessie Robinson then declaimed "The Pardon" in a most pathetic manner.

An oration, full of thought and well delivered, followed, by Lulu Graff.

Then appeared one of the most attractive features of the evening, a vocal and instrumental solo by Master Paul Snider.

The debate of the evening was on the question of the annexation of Hawaii. Jessie Hastings and Minnie Balle favored it, and Lennie Greeley and Minerva Lowman opposed it.

A speech by Mabel Foster on the rather novel thought, "What Fools We Mortals Be," followed.

The last number on the program was a declamation, "The Lion Hunt."

Then the program was closed by a piano solo by Miss Berry, which proved a very pleasing feature.

The game between Michigan and Northwestern, scheduled for Oct. 30, has been declared off.

Professor Vallauri, the Latin scholar, left his whole fortune of \$400,000 to the Turin Academy of Sciences, to found prizes for the best works on physical science and on Latin literature.

Glee Club.

The students are so much taken up with athletics at present that little attention is paid to anything else, but we wish to speak a word in behalf of the Glee Club. Just as the athlete must train for weeks before the meet, so must the musicians practice for months before ready for public entertainments. The outlook at present or the Glee Club is fine. A large number of fellows are rehearsing every week, and by the holidays expect to be ready for a trip. Arrangements have been made to give concerts in Davenport, Des Moines, Grinnell, Cedar Rapids, and several other prominent cities, so we may be assured that the managers intend to make this a feature of the University. We understand that a few more men could get positions in the Club, and it is earnestly desired that all who wish to join should apply to the leader at once.

Enthusiasm at S. U. I.

From our sister schools we hear a mournful wail about lack of interest in athletics, but no one who heard or saw the demonstrations Saturday evening could suspect that Old Gold was infected with a like trouble. An institution that has a track team that never breaks a record, or a eleven that seldom wins a game, it is not surprising that there is lack of interest. In our Field Meet our team showed up well, or perhaps better than usual, when we take into consideration the condition of the track and the unfavorable weather. The victory over Northwestern was more than we had expected, and the outlook for the future is bright. The enthusiasm displayed Saturday evening was not merely because we had won the game,

but because it showed what kind of material we have in our team. The practice games were all easy victories for the first eleven, but there was a question in the minds of some as to the result of a game with a "big" team. Even the Chicago papers were frank enough to say we outclassed and outplayed Van Doozer's men. Well may the students be proud; well may they cheer for Old Gold and laugh at two or three individuals who deserted our ranks and went to Northwestern that they might be in a school that had a winning team. Such victories are what give us a reputation; such enthusiasm is what draws new men to our ranks. S. U. I.'s records in inter-collegiate debates and on the athletic field are making for her a name that is the pride of every student and alumnus.

The following appeared in the Chicago Record last week:

"Northwestern brawn will face prairie beef when the Iowa University men line up before the Evans-tonians. It is feared the game will look like an old fashioned scramble, with none of the quick, pretty, play that is the fashion nowadays. Northwestern should win on her own grounds by a score of at least 18 to 0." Great is the gift of prophecy! In truth it was "an old fashioned scramble"—for Northwestern, and then that lack of quick, pretty play," the superabundance of the "celebrated Pennsylvania tandem act," and that score of 18 to 0 "on her own grounds"!!!

Lost.

Saturday, Oct. 16th, a ladies' watch, chased gold case; blue ribbon bow attached. Probably lost at Athletic Park. Finder please leave with Librarian Collegiate library.

Clam chowder at the Hawkeye Lunch Room.

\$100 Reward. \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O.
Sold by Druggists, 75c.

George H. Carter, '98, had the misfortune to again sprain his knee, Saturday evening. Mr. Carter was crippled last winter by reason of the same unfortunate experience.

McKendree University, which conferred the degree of LL. D. upon President McKinley, owes its corporate existence to Abraham Lincoln. The charter was written and introduced in the Illinois Legislature by Mr. Lincoln in 1854, and when put upon its passage it went through by the casting vote of Mr. Lincoln.

CALL ON BLOOM & MAYER FOR CLOTHING AND HATS.

Baconian.

The essay of the evening was given by Mr. Bauer on the subject, "The Principle of Duality in Higher Mathematics." The paper was entirely too technical for the writer to report it intelligently. We were pleased to note, however, that the essayist was thoroughly acquainted with his subject, and manipulated curves and straight lines and strange characters with bewildering dexterity.

Professor Weld gave Brianchon's method for constructing a conic section from five given points.

Mr. Smith referred to some of the equations in algebra for which there are two answers, and said that before the method of plotting was introduced the student got no idea of their significance.

Professor Calvin, in a voluntary report, stated that in the early part of the summer he was appointed a delegate to the National Goldminers' Association, to be held in Denver. While there he visited several mines and learned much about mining and milling the precious metal. He stated that a great revolution is about to take place in the methods used for extracting the gold from the ore. In the past, gold that would not yield \$100 per ton could not be worked at a profit. By the new processes now coming into use ore that carries but \$3 per ton can be worked at a profit, and is capable of producing a vast fortune for the owner.

Three methods of extracting the ore are now being used in various mines: the cyanide process, the Pelatan-Clerici process, and the Beam process. The cyanide process requires days and sometimes weeks to extract the ore, and get but 80 per cent of the assay value. The Pelatan-Clerici process takes but a few hours, and gets 90 to 95 per cent of the assay value. In the Beam process the whole operation requires but one or two hours and gets more than the assay value; the excess sometimes being as great as 100 per cent. The cost by this method for mining and milling is not more than eighty cents per ton. Now there are millions on millions of tons of this low grade ore in Colorado. In the Cripple Creek mines the ores run from \$8 to \$40 per ton. There are no mills here, however, and the expense of hauling overland is very great.

The Professor thinks that these new processes must of necessity give a great impetus to the gold mining industry and that the output of gold in the future will be many times as great as at present.

Cornell went into secret practice for the Princeton game Saturday.

The petition of members of the Princeton Faculty for the licensing of a saloon at Princeton University is creating a stir in the secular press.

Theodore Roosevelt, Assistant Secretary of War, is working to revive the annual foot ball game between Annapolis and West Point, which was abolished by the Federal authorities two years ago.
