This is the annual Fall Field Meet, and is open to all amateur athletes from every department of the University.

Y. M. and Y. W. C. A.

The Christian Associations take up their year's work under circumstances most auspicious. There is a good interest manifest in every phase of the work. This is quite true of the Sunday afternoon devotional meetings.

On last Sunday the young ladies were addressed by Misses Safley and McCutchen. The remarks were of a nature to give help and cheer to any one, and such meetings should at all times be taken advantage of by University ladies.

The subject under consideration at the young men's meeting was Bible study, and its important relations to college men. Mr. Hawk, chairman of the Bible study committee, briefly outlined the two courses offered, and gave suggestive thoughts, while Secretary Fellingham, in a forcible mandwelt at some length along similar lines, showing how the study of the Bible had been the foundation stone of success by which our greatest men had attained to fame.

Mr. Kuck as cornetist, Mr. Goodenough at the organ, and Mr. Carpenter as leader of the song service, helped very materially in the work. Messrs. Barth, Fellingham and Bailey gave some fine music.

Baconian.

Dr. Rockwood will read a paper to-morrow evening on the subject, "The experimental determination of animal tissue-change, with some practical applications."

WANTED--THE NEWS

An Appeal to the Students, Members of the Faculty, and Friends of S. U. I.

THE Board of Editors are determined to make the VIDETTE-REPORTER what it should be—a distinctive University paper. That it has not occupied the place it should, none realize better than the editors, and we are convinced that every one interested in S. U. I. will appreciate our endeavor to bring the paper in closer touch with the students and Faculty, and we take this occasion to call upon you for your assistance—without which our efforts would be in vain.

NEWS. All we ask is the news. We want the news of every student in every department. Often the editors ask for locals and receive the reply: "Well, really, I don't know of any just now." I could have thought of some if I'd known you wanted them." Friends! we always want news. Announcements, notices, reports—they will be of interest to some one. If anything happens, and no mention is made, it is because we did not hear of it.

SOCIETIES. Meetings of societies are often held, and no report is given in the paper. We wish every organization in the University would advise us of its doings. It is to your interest as well as ours. Instruct your secretary, or some other member, to inform us of the work of the society.

FRATERNITIES let us know who you have initiated, and when you will give your next party.

SCIENTIFIC societies and other organizations, we know but little of your work, and cannot report your meetings without assistance. Will you not take the trouble to give us accounts of your affairs?

STUDENTS generally. We especially need and solicit your cooperation. Let us know who is visiting you, who is sick or away from town. Anything that answers to the description of "news" will be accepted gladly.

ALUMNI. Let us know where you are and what you are doing. All your friends take the VIDETTE-REPORTER, and will be glad to hear from you.

PROFESSORS. We greatly desire your assistance. We would like not only information regarding your work, but also your advice in regard to our work, in the the paper.

DEPARTMENTS. The editors are all taking Classical or Philosophical courses, and hence there has been an unconscious tendency to slight the Scientific and engineering departments. We hope to change all this. Kindly send in any information, that may be of interest, or let us know where it may be found.

PROFESSIONAL Departments have never received the space they deserve, but we can only print what is handed in. We wish that the students and professors in each department would assist their editor in collecting the news.

NEWS BOXES. There is a VIDETTE-REPORTER news box in the Central Building, and in a few days others will be placed in the Library and Y. M. C. A. If you do not see any member of the Board, drop your locals and notices into one of these boxes.

TIME. Long articles should be handed in the day before publication. Locals, announcements, etc., must be at the office early in the forenoon of the day of issue. If our paper is ever delayed it is because long articles were handed in at a late hour.

OFFICE. The VIDETTE-REPORTER has its headquarters at the Republican Office, 203 and 205 Washington St., where the Business Manager or Editors may be seen at 1 o'clock, on Tuesdays, Thursdays and Saturdays.

FINALLY. We wish to thank all those who have assisted us in the past, and express the hope that we may merit the support of the entire University in the future. The VIDETTE-REPORTER is the CHEAPEST college paper in the west, we want to make it the BEST.

THE EDITORS.

Homoeopathic Medical Department.

The latest word from the bedside of Dr. Dickinson is that his condition is slightly improved. His absence has been keenly felt by students and Faculty, and such news is cheering indeed.

Dr. Becker, assistant to chair of Surgery, gave his lectures to the Freshmen on Friday, and will be here again in two weeks.

The Seniors are welcoming Mr. Wm. A. Hamilton, who has come to S. U. I. to complete his course in medicine.

Professor Royal is receiving much praise for his excellent manner of conducting the Medical clinic

The Hahnemannian Society, at a called meeting last Friday, elected officers as follows: President, B. P. Blackstone; Vice-President, John G. Lenz; Secretary, Pearl L. Marble; Treasurer, F. McCabe.

The class organizations to date are as follows:

Senior—President, H. E. Carver; Vice-President, F. McCabe; Secretary and Treasurer, B. P. Blackstone.

Junior—President, J. G. Lenz; Secretary and Treasurer, E. Carmichael.

Miss M. A. Howe was chosen Department Editor for Junior Annual Board.

Dr. E. C. Lewis, '91, spent Saturday visiting friends in the city.

Waterbury, formerly of '01, was in the city visiting old friends and acquaintances.

The Freshman class has been increased by the arrival of three new members, Mr. Wm. A. Cooper, of Davenport, Mr. Oneida Shurtz, of Boone, Ia., and Mr. Walter J. Carolus, of Davenport.

Dr. Triem, owing to the death of his brother, was unable to be present and deliver his lectures this week.

The Johnson County Homoeopathic Medical Society met last night. The paper by Dr. Leora Johnson, on "The Abnormal Man," was well presented, and elicited considerable discussion.

Additions to the Library.

The Library continues to increase rapidly. During the past week something like 500 books have been added. Space will not permit anything approaching a complete list. But among these new books are works on Latin, Greek, German, Morphology, Botany, History and Government.

Especially numerous are the Latin and Greek books. One notable work among these is Adolph Furtwangler's "Masterpieces of Greek Sculpture."

Among the works on History is Gibbons' "The History of the Decline and Fall of the Roman Empire." Another large and excellent work is "Nelson and his Times."

Quite a number of works on Botany have been received, among which is the "Annals of Botany," by various authors. Several of the works on Economy and Government are in French and some are in German.

One curious and valuable book received is a botanical work "Fractatus de Filicibus Americanis," published in 1705.

Military Drill.

The VIDETTE REPORTER's recent editorials on the abolition of drill in the University are attracting considerable notice among our exchanges. The I. S. C. Student editorially refers to the VIDETTE-REPORTER's articles, and remarks that the military instruction at Ames fails to accomplish the object desired. We give a few extracts of the Student's editorials: "What is the main reason for drill at all? To any parents who fondly hope that their boys will return from college with the undesirable crooks of the spine wanting, and with a dignified martial tread and bearing that will be the pride and envy of the neighborhood, we will say: Be not deceived. Drill at college in these latter days works no such miraculous changes. As far as physical development is concerned, we must say that it is a signal failure. As far as discipline is concerned, we will say that drill has great possibilities. Nothing short of a prospective trip to Omaha can induce the average cadet to pay sufficient attention to drill to keep a rifle clean, or keep step, or do his part in making drill even a semblance of what it is in newspapers and story books."

Military drill at the University is certainly conducted in a materially different manner than at Ames. The battalion requires no side-trips like the one mentioned in order to induce the men to keep step in ranks. Nevertheless, it is true that there is a considerable number of the students who dislike drill. C.

W. D. Connor, ex-'94, who won first honors at West Point in '96, and a commission as 1st Lieut. of Engineers, is now seeing service in the Philippines.

Dental Department.

Dr. J. E. Fleener did not lecture to the Junior and Senior classes on orthodontia as was expected.

We learn with regret that C. B. Lindsay, '98, died at his home this summer.

The Freshman class held a class meeting Saturday morning, and after voting several times, C. A. Moore was elected president, R. A. Morton, vice-president, Geo. P. Kier, secretary, Mr. Faber, treasurer, and Mr. Mause, sergeant-at arms.

W. D. Lowry, '98, has returned to school after having been in service in the Hospital corps at Jacksonville.

Leary Oldaker, ex-'98, is very sick with typhoid fever. He contracted it while at Jacksonville this last summer, with the 50th Iowa.

The Freshman class finished dissection Monday night.

Arthur Swisher has decided to re-enter school this year.

Baconian.

The Baconian Society gave its first program of the term last Friday evening. A fair-sized audience was present.

The society was called to order by the out-going president, Professor A. G. Smith, who, according to custom, read the paper of the evening. The subject was "A Study in Mathematical Interpretation." The speaker first reviewed the history of mathematical notation. He then dealt with the changes in the theory of numbers. Spaces of more than three dimensions were next considered.

After the reading of the paper the Secretary reported on the work of last year.

At the business meeting the officers for this year were elected as follows: President, Dr. W. L. Bierring; Secretary, Professor G. L. Houser.

We learn from the Californian that "The University of Iowa proposes to inaugurate inter-state debates with the Universities of Wisconsin, Nebraska and Illinois." We are always anxious to get the "news," even if it comes from the far west.

Talk about the boys not wanting to drill. We are asked about twenty times a day if we have heard yet when they will begin drill. The Faculty have not yet agreed upon an hour. With the members of the battalion the sentiment is entirely in favor of 4:30, in preference to 1:15.

As a result of the attachment proceedings instituted against the Athletic Association of Missouri University, last spring, our own Association will realize something like one hundred dollars. A dispute arose out of the failure of the Missouri Association to pay the expenses of our foot ball team, as per agreement, in the fall of '99. The Missouri Association having failed to appear and defend in the trial, a judgment to the amount of over \$100 was obtained.

Senior Class Meeting.

The Seniors held an enthusiastic meeting at Close Hall yesterday afternoon at 4:30. H. C. Horack was chosen as manager for the Senior foot ball team, and I. J. Dalbey temporary captain. It was decided to have a class social in the near future, and to that end W. W. Loomis, A. J. Burt, Helen Gilchrist, Mabel Foster, and Georgia Adams, were named as a committee. The class adopted the S. U. I. monogram as a class pin.

Scarlet and Black clipping: "If the interest shown by the tennis players is any criterion of their success, we may expect to send a representation to S. U. I. of which we need not be ashamed. Every afternoon the courts are full, and the work is carried on with a zeal that is very commendable. A very encouraging feature is the appearance of many new men whose work shows them not to be new to the game, though new to our courts. Some of them are likely to represent Grinnell in the dual tournament at S. U. I., which is to take place in the near future."
