## TRACK TEAM.

CANDIDATES FEW—MORE NEEDED—NEBRASKA WANTS TO MEET US.

In the gymnasium a few candidates are daily at work in preliminary training in the hope of winning glory for themselves and the Varsity in the Dual and State Meets this year. The work is under the direction of Dr. Knipe and Captain Williams, who are determined, if possible, to develop a championship team. This they can never do, however, without the co-operation of every student and every athlete in the University. It takes more than a handful of good men to furnish material for a team which will decently represent the Varsity in these events. Dozens of men are needed who will get down to good hard work and stay there throughout the training season, and in the end feeling sufficiently repaid by the physical benefit derived, and the knowledge that their competition has aided in inciting their more successful brethren to the efforts which made Iowa's team what it was. Are you no athlete? Perhaps you know some future champion whom you can induce to enter the lists. Are you an athlete under-confident of your own powers? Perhaps, with work, there is a championship awaiting you. Fall into line. Work.

There will be more opportunities this year than ever before for our track team men to distinguish themselves. Besides the State and Dual Meets, there is prospect of a date being made with Nebraska, as well as with a number of other institutions who are desirous of meeting us. Whether these new dates are made will depend in some measure upon the number and promise of the men who within the next few days signify their intention to try for honors.

Following is a list of the candidates who have thus far handed in their names:

Sprints—Morton, D. '01, W. P. Chase, McCoy, D. '01, Davis, D. '01, Marsh, C. '02, and Smith, L. '00, from Grinnell.

440 yard dash—Brown, Morton, Barber, Ford, M. '01, Dye, '01.

Half-mile run—Ford, Brown, Wilson, Dye, Barber.

Mile run—Brown, Wilson, Ford, Barber.

Mile walk—Brackett, '01, Bailey, who won second in the State Meet, and F. A. Williams.

One-half and two mile bicycle—Kooztz, '01, Macy, '02, Boardman, L. '00, Mitchell, C. '00, and Scott, '01, who rode under Grinnell colors last year, winning second in the half-mile in the State Meet, and third in the two mile.

120 and 220 yard hurdles—Call, '02, from Iowa City High School, McClain, '01, McCutchen, '02, Schroeder, M. '01.

Hammer throw—Siegfreidt, M. '02, Brockway, C. '01, Stevenson, M. '02, and Laartz, C. '02.

Shot put—Brockway, C. '01, Burrier, C. '01, Chase, C. '95.

High jump—Louis, C. '99, Siegfreidt, M. '02, Cogswell, M. '02, Hanon, C. '01, Brackett, C. '02, and Schroeder, M. '01.

Pole vault—Walsh, L. '00, a Clinton High School man, Brackett, C. '02, and Schroeder, M. '01.

Broad jump—Oakey, L. '00, Louis, C. '99, Schroeder, M. '01, Meggars, C. '00.

## The I. A. A. A.

The Intercollegiate Association of Amateur Athletes of America recently held their annual meeting in New York and the following important amendments relative to amateurism were adopted:

"A student shall be allowed to compete at the intercollegiate meeting four times, and no more. This applies to all departments, medical school, law school, academic, etc. If a student has represented a college in any intercollegiate track meeting in which three or more colleges participate, and has won a first or second place in any event, he shall not be eligible to represent any other college he may hereafter attend in the intercollegiate meeting until he has attended such college two full calendar years. This amendment is not to be retroactive, but affects only those who enter college after the date of the adoption of this amendment.

"No one shall represent any college or university as a competitor at the annual field meeting who has ever won a first, second or third place in any open field or track event until he shall have resided one calendar year at the college or university he represents, and has passed an annual examination on a full year's work.

"No one shall represent any college or university as a competitor at the annual field meeting unless he shall be a student for a degree, or taking a special or partial course that requires an amount of work regarded by the college or university he represents as equivalent to the work required by a student for a degree.

"No one shall represent any college or university at the annual field meeting who has been dropped from his class into a lower class, or from a first year class out of his college or university, or who, not being in good standing in one department, has been transferred to another, until he shall have completed one calendar year's work and passed satisfactory examinations thereon, or has been permitted by his college or university to regain the class or department from which he was dropped or was transferred."

## DR. PICKARD'S LECTURE.

HIS SUBJECT "AUTHORITY OF THE SCRIPTURES."

At the Congregational church, Sunday morning, Ex-President Pickard lectured on the "Authority of the Scriptures." He said in part: Authority implies the possession of power and right to command. Again, it may imply a condition of inherent worth which gives a preeminence whose power is unquestioned.

In this latter connection we speak of the authority of the Scriptures. The Bible's inherent worth so far exceeds any other book, that lawyers, scientists, and statesmen throughout the world recognize its preeminence.

McCaulay says: "If everything else should perish out of the language, the Bible alone would show its beauty and power."

Lincoln says: "It is the best book God has given to man."

Scientists, artists, musicians, poets, sculptors, all bear their testimony of its great value; some by their words, others by their works. Bible subjects are the themes of a majority of the masterpieces of art.

Stanley, when in search of Livingstone, carried 200 pounds of books in his personal baggage. When sickness and diminution of numbers in his carriers caused him to throw his books away, he still kept three, a copy of Shakespeare, a guide book, and the Bible. Finally the two former were sacrificed, but never the Bible.

Edmund Burke's famous speech on the "Conciliation of the Colonies," in every part shows familiarity with the Scriptures, and he used its language in many places.

John Rudolph, Daniel Webster, and many like famous statesmen in their speeches incessantly used Scripture references and quotations. Lord Bacon, in his "Essay on Knowledge," has seven scriptural allusions, and Shakespeare, in all his works, more than five hundred. This is also true of Pope, Byron, and other like writers, not noted for their excessive piety.

As is characteristic of Dr. Pickard's productions, this was noted for scholarly treatment and moral beauty. The Scriptures as a mighty power in the world was a thought very forcibly brought out. Their influence upon the lives of the greatest men of every age and profession justly gives them their present prestige.

It is hoped that the address may be repeated before the student body in the near future.

## Baconian.

Dr. Seashore spoke on "Visual Perception of Interrupted Linear Distances." The lecture was of special interest to students of psychology, as it was based upon experiments which have been performed in the Psychological laboratory by the classes.

Mueller Lyhr illusion was treated of at length, several patterns of wall being shown. The Mueller Lyer is the normal illusion; it effects all persons, and is strongest and most constant when unexplained.

If straight lines were compared the accuracy would increase with decrease in length of line. Attractiveness of face of figure does not influence illusion. The introduction of base line decreases illusion, since it keeps the eye from wandering.

Instructor Bowman gave a voluntary report on a current interrupter, and Assistant Professor Smith also gave a voluntary report on temperature of gaseous bodies, the formula for finding which has lately been discovered. The best estimates of the temperature of the bodies gives the temperature of the sun as 8000 °C.

## DEATH OF DR. PECK.

POPULAR YOUNG GRADUATE OF OUR MEDICAL DEPARTMENT A VICTIM OF PNEUMONIA.

Doctor Robertson I. Peck, M. '93, died suddenly of pneumonia, at his home at Richmond, Iowa, last Friday. The news will startle and grieve the many friends of his University days in Iowa City and throughout Iowa. He had just been visiting at Iowa City, renewing old acquaintanceships and forming new ones, and his death in the flower of his youth seems all the more sad to those who have been so fortunate as to know the popular young physician.

Dr. Robertson I. Peck was the son of Dr. and Mrs. W. F. Peck. His father, in his lifetime, was one of the most distinguished surgeons of this country. He died several years ago, and since that time his widow has been residing at Washington, D. C., where she was recently elected president of the Woman's National Council.

Dr. R. I. Peck has for six years been an alumnus of the Medical department of the State University of Iowa, graduating with his class in March, 1893. Immediately upon this, he spent two years at the medical university at Vienna. After a couple of year's practice in Europe as consulting physician of the United States consulate at Hamburg, Germany, he returned to the United States. He first located for the practice of his profession in Davenport, Iowa, his old home. Since then he has enjoyed a flourishing practice both at Atlantic, Ia., and Richmond, where he located two years ago, and which has now become the scene of his death.

The remains were brought to Davenport, Ia., for interment. Besides a beautiful young wife to mourn his untimely death, Dr. Peck leaves a mother, Mrs. Maria Purdy Peck, of whom mention has been made, and a sister, Mrs. Henry Vollmer, of Davenport.

Columbia has the largest gymnasium in this country.

Entered at the Iowa City Post Office as second class matter.

Our readers will notice that in this issue we appear in new type, smaller than heretofore used, which not only improves the appearance of the paper very much, but enables us to give considerable more news in each issue.

### University Lectures.

The VIDETTE-REPORTER will publish in each issue a complete synopsis of the lectures delivered by Mr. McGee for the two days preceding each issue. These reports will doubtless be of great assistance to the students in preserving records of them for future reference.

### "And Little Fishes"!!!

Well, now, Sam, we rather thought all along that Tennyson wrote that poem. But still we could hardly believe that such an authority as Superintendent Sam would ever make such a mistake as to omit the quotation marks when making "ordinary quotations from Tennyson."

All the same, Sam, we would like to know what in the world you were about when you wrote that obijuration to "Ye Gods." This is going entirely too far. We have heard envoys from Cornell and Drake University proclaim that our own dear University professors were a lot of heathens. But to think of Superintendent Sam gone wrong, and become so very enthusiastic in his errors too! It's worse than Pecksniff!

We were just about to tell the post-master that we would refuse the paper at the office in the future. We couldn't expose our youthful office devil to such free-thinking contagion. But the latter personage has happily suggested that perhaps Sam meant that address to a plurality of Supreme Beings as a quotation from Bob Ingersoll, Tom Paine, or "Bob" Evans, and "forgot to put in the quotation marks." But take warning, Sam, and don't do it again.

### We Meet Again.

The Quill, having been once respectfully asked to explain certain editorial reflections upon us, consumes two columns of its sheet in not explaining them. Instead, its quiptious fancies charge the Managing Editors of the VIDETTE-REPORTER with plagiarism, and then speculate upon the course of this paper in that event.

Since the Quill has forced the issue, the Managing Editors of the VIDETTE-REPORTER desire to state that if they knew themselves to be as spotlessly and entirely innocent as the President has decreed the gentleman who was lately connected with the Quill to be, they would welcome the publication of the charge and of the parallel columns. Knowing that there was no plagiarism, they would not wish the charge hushed up nor approve of the doubtless well-meant, though awkward, efforts of two student "grand jurors" to keep the case from the President. Innocent men are not afraid of a charge.

The editor of this paper read both of his editorials of February 23rd and February 28th, nor has he overlooked any sentences therein, as the editor of the Quill has palpably done. The editorials stand. We have long desired the Quill to speak forth the words of truth and soberness concerning them. But this is as impossible for our contemporary as for it to couch its editorials in decent English.

We would think that the editor of the Quill has done his friend but sorry service in endeavoring to discredit the VIDETTE-REPORTER for not hushing up the news.

Very possibly the editorial "scrap" inaugurated by the Quill's provoking attack of a week ago is not of the editor's personal seeking. It is unfortunate that political reasons have compelled him to a course which he so self-rightously deplures.

The VIDETTE-REPORTER is run in the interests of the University, not to keep up an interest in the S. U. I. Quill. We cannot continue to notice the periodical bushwhacking of the Quill. We have something else to do. Until at least the Quill can answer a plain question in a straight forward way, we shall take little notice of the weakly bulletins with which it seems to be the settled policy of our bush-ranging contemporary to pad its columns.

The Sophomore class committee, having in charge the Sophomore Cotillion, are meeting with most encouraging prospects for this social function for the first of the spring term. Several out-of-town people have signified their intention of attending, and the brilliant assemblage will comprise the elite of the Athens and of the neighboring cities.

At an enthusiastic meeting of Co. I, last night, forty-five men were mustered into the Iowa National Guard, by Adjutant General Byers. The following officers were elected: Captain, John R. Gardner; 1st lieutenant, Leslie E. Switzer; 2nd lieutenant, G. A. McElroy. After the election the company adjourned to the Bon Ton, where they enjoyed oysters at the expense of the newly-elected officers.

The Frank Howard Concert Company appeared at the Opera House, Saturday evening, to a very small house, considering the reputation and worth of the singers. The company, however, responded most willingly to encores, and gave a two hour's entertainment that proved a delight and a rare treat to those discerning people who made up the audience. The company have proved their merit under the most discouraging circumstances, and may be assured of a large house when next they visit the Athens.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J.
