BASEBALL TICKETS MUST BE SUBSCRIBED

400 MUST BE SOLD TOMORROW

Season Tickets at \$2.00 per Ticket to Seventeen Home Games Now Being Offered—Last Call on Athletic Debt

Four hundred season baseball tickets must be subscribed for by this evening.

If they are not subscribed for by that time, the solicitors will endeavor for one day more to make the number. If Thursday evening finds the number still unsubscribed, there will be no baseball this spring.

The board of athletic control is firm in the policy that there can be no team this spring unless the board can be shown where the money is coming from. Hence the committee in charge of the canvass for season tickets must secure 400 subscriptions at \$2.00 per season ticket.

SEVENTEEN GAMES FOR \$2.00.

The purchasers of the season tickets will receive \$5.65 cents worth of games for \$2. This is a cut price which should sell tickets like hot cakes. The cut is quite justified, however because it allows a large number of students to see all the games, a very desirable object to the department of athletics, and it at the same time insures the baseball schedule against loss. If the canvass fails and no schedule is approved, the subscriptions to the season tickets will be of no effect.

While the number of tickets subscribed for at the present time is not known, it is believed that the number needed will be on the list Thursday night if every one does his part. The subscriptions went fast last Wednesday afternoon, one hundred being subscribed between three and six o'clock.

THE HOME SCHEDULE

The games on Iowa field to which the tickets will admit are:

April 20, 21, 22, 23, 24 and 25, Rock Island League, six games at 25 cents	\$1.50
April 30, Coe	.25
May 1, Drake	.35
May 4, Nebraska	.50
May 7, Knox	.35
May 7, Luther	.25
May 12, Ames (League)	.50
May 19, Simpson	.35
May 26, Upper Iowa	.25
June 1, State Normal	.35
June 2, Cornell (League)	.50
June 11, Grinnell (League)	.50

Total, 17 games, 5.65

LIMIT TO SEASON TICKET SALE

Only 500 season tickets have been printed and after these are sold no more season tickets can be obtained. For this reason, all desiring to obtain tickets should subscribe at once.

THE DEBT SUBSCRIPTION

The last call for those who wish to subscribe to the athletic deficit is made today.

The subscriptions this afternoon reached \$4700.

Three hundred more is needed to make up the amount. Every one who wishes to contribute is asked to see that some member of the subscription committee, A. E. Spangler, R. J. Bannister or R. A. Cook receives his subscription at once.

A large part of that already raised has been subscribed on condition the entire \$5,000 be subscribed. It is greatly desired that the effort to raise the debt fail not now when it is so nearly successful.

Woman's Edition Success

The Woman's Edition was a success financially and otherwise. The profit while not large was still on the heavy side. The editors failed, however, to gauge their success, and the large extra edition was all sold by noon. After the regular subscribers, those who ordered and paid for extras were first supplied. This accounts for the reason that some were unable to get a copy. There are still a few of the covers left, and anyone desiring one for a poster can get it at the office.

Chas. Page '03 left this morning for a visit in Des Moines.

Drs. Dean, Bierring and Burge are attending the Iowa State Medical society which is meeting at Sioux City.

Prof. Leona Call left yesterday for Wilkes-Barre Pennsylvania where she is a delegate to the national convention of Y. W. C. A.

President MacLean has been invited to attend the inaugural ceremonies of President H. C. King of Oberlin College. He has been asked to speak at the commencement exercises of the University of Wyoming and to deliver the Baccalaureate sermon to the students of Shelby high school. He has been able to accept only the last of these invitations. President MacLean has contributed an article on the character of the late J. Sterling Morton to the Arbor Day number of the Nebraska City Tribune which will be a memorial number of that great man, who was the originator of the Arbor Day idea.

GYMNASIUM ASSURED

ALL PLEASED AT ATION

West Slope Selected For New Building—It Will contain Large Assembly Hall—Museum Next

The most important action taken by the board of regents at their recent meeting was the decision reached in regard to the erection of new buildings.

It was decided that a combination gymnasium and assembly hall would be commenced as soon as the receipts from the building tax allows. This will probably be next year. Six months after the commencement of the gymnasium it is proposed to commence work on the new library and museum building.

The gymnasium will be erected at the estimated cost of \$150,000. It is to be modern in every respect and the best experts in the country will be consulted about the completion of the plans. It will be of stone and perfectly fire-proof in every particular. The site contemplated will be the south west corner of the campus, just west of of the liberal arts building near the place where the old medical building was located. This site will be an ideal one as the entrance to the assembly hall will be on the east and south while the gym will open on the west a short distance only from Iowa field. In fact, when the plans are completed the athletic field will have expanded so as to include the block of land between the foot of the hill and the present entrance to the field.

The action of the board to erect this gymnasium building at once is the most important action taken in years. A gym has been the great thing needed. Besides furnishing a place for the physical development of the students of the university, a common meeting ground for faculty and students for games and exercise, it will serve as the center of the military, social and general university life. The students will all be able to meet in the auditorium, and will be able to receive much of the valuable part of a college course in the association there.

Prof. D. K. Dodge to Lecture

Next Saturday evening at 8:00 o'clock Prof. Daniel Dodge head of the department of English in the University of Illinois will deliver a lecture in the auditorium of the hall of liberal arts. The subject of the lecture is Copenhagen, and especially the famous Thorwaldson art gallery. Prof. Dodge at one time was a resident of the beautiful capital of the little Danish kingdom and speaks of it with knowledge and entertainingly. The subject is illustrated by a series of lantern slides.

The lecture is given under the auspices of Edda and is open to the public.

The Woman's Edition was a success in every way. But then we expected that. After it, our first issue of hum drum facts, sounds like an anti-climax. We extend our congratulations; and as we once more allow the dust and exchanges to encumber our den, we gladly shine in the reflected honor of Number 120, of Volume 2, of the DAILY IOWAN.

The cross countrys may not have reached the highest ideals of their followers, but they clearly have been a success. Aside from the training and preparation for spring athletics, the best indication of their success was the enthusiasm of the participants.

Cheap in price but not in quality the season baseball tickets. It is another case of getting more than your money's worth.

The election of Dean A. N. Currier to the headship of the combined department of Greek and Latin is a great recognition of his great services to the university, Professor Currier will be

able to strengthen and extend the usefulness of the departments now consolidated and placed under his direction.

Philosophers Meet

The third annual meeting of the Western Philosophical Association was held in the rooms of the department of philosophy on April tenth and eleventh. Nearly all of the west central states were represented and several very interesting and instructive papers were read. These papers were discussed in a very free and spirited manner. The president of the Association, Professor Woodbridge, now of Columbia University, was unable to attend, but his presidential address was read by Professor A. Ross Hill. A special feature of the program was a paper by Professor, J. E. Creighton of Cornell University on the "Standpoint of Experience." Professor G. T. W. Patrick of Iowa was elected president of the Association for the ensuing year, and Miss Mabel Clare Williams was elected a member of the Association. The meetings were presided over by vice-president Arthur Allin. The visitors without exception expressed themselves as highly pleased by the hospitality extended them by the department of philosophy of the university and by President and Mrs. MacLean, and they left with the feeling that by attending the meetings they had received as well as given inspiration.

McCoy-Brennan

At St. Patrick's church yesterday occurred the marriage of Robert H. McCoy of Winnipeg, Manitoba, and Miss Margaret C. Brennan of this city, Rev. Father Ward officiating. The bride was attended by her sister, Miss Katie Brennan, and the best man was Edward H. McCoy, brother of the groom.

Robert H. McCoy, the groom was a member of the class of 1896. At present he is locating engineer for the Canadian Pacific railway with his headquarters at Winnipeg. The bride is one of Iowa City's most popular young ladies. She leaves a host of friends in the city, which wish her much joy in her new home.

They left on the the 10.50 train for Burlington, where they will visit friends and relatives. From there they will go to Shell Rock and Dumont and visit a few days before leaving for their future home at Winnipeg.

The IOWAN with the old friends of Mr. McCoy in the varsity gives most hearty good wishes for the future.

Amusements

Herman the Great, a favorite entertainer of magical phenomena will appear at the opera house tonight. He is the most expert conjuror now before the public, and his entertainments are both mystifying and amusing. Of engaging personality, extremely graceful, he is an ideal entertainer. In sleight of hand or palming he stands unequalled by sensational illusions. Among which are the "Princess Mahomeda" a most mystifying illusion "Voyage Instantaneous" a Chinese mystery, one of the most talked about tricks of the Asiatic conjurors.

James L. McCabe's "Maloney's Wedding Day" will take place at the opera house Monday next. It is the merriest jumble of fun and wholesome comedy ever put together. The company is headed by James L. McCabe and comes herald by press and public as capable of amusing an audience through three acts of the brightest comedy-drama presented this season.

The dramatic field is always open for novelties - in fact, it is essential that new ideas be constantly applied to keep up the interest of a stage whose superficial devices pall with repetition. one of the note worthy new things that stand out prominently among the season's successes is E. J. Carpenter's great play. "A Little Outcast" which comes to the opera house Saturday afternoon and evening.

Locals

The athletic union was allowed \$500.00 on account of moneys expended by it on improving Iowa field, the total amount so expended by the union being upwards of \$1500 The board decided that the present medical "shed" will be used for a bath and training quarters for the union just as soon as the new anatomical building can be completed. And the board instructed the building committee to rush this one new building for this purpose.

Dr. Brown is out on a high school inspection tour. During his trip, he will address the Northwestern Teacher's Association at Sioux City.
