NUMBER ALMOST SOLD

360 BASEBALL TICKETS SUBSCRIBED FOR

One Hundred Fifty-five Sold Yesterday Tickets Are now Being Delivered to Subscribers—First Game Monday

Twenty baseball solicitors responded to the call for a meeting last evening.

All those present reported the number of subscriptions they had been able to take and several reported for others who could not attend the meeting. When the tally sheet was footed up it showed that a total of three hundred and sixty tickets had been subscribed for. As this had all been accomplished since Thursday, April 9 the management decided that the chances were so much in favor of the other forty necessary to make the required four hundred being sold before Monday, that the tickets were issued to the solicitors, who will deliver them to the subscribers on their lists, collect the money and account to the general manager.

The reports last night showed what can be done by an earnest determined effort. On Wednesday night only two hundred and five had been sold. It was seen that the project was about to fail unless a great exertion were put forth and when the meeting broke up there was a firm resolution in the heart of each solicitor to double his list next day if hard work would do it. How they carried out their resolution is shown by the fact that one hundred and fifty five tickets were subscribed yesterday. It was agreed last night that all solicitors should keep at work till the total of four hundred was reached. In this connection it is stated by Manager McClain that only five hundred season tickets have been printed and when these are sold no more will be issued. Anyone who has not subscribed for a ticket at this time is taking grave chances of not being able to purchase one.

The solicitors who sold five or more tickets are:

DEBT SUBSCRIPTION

The athletic debt subscription committee state that the amount subscribed is now approximately four thousand seven hundred and fifty dollars. The committee are hard at work on the final two hundred and fifty dollars of the five thousand and hope to make it up. It is necessary that this be done in order that the Athletic Union may receive the five hundred dollars appropriated by the regents and also in order to bind many of the subscriptions which were made conditionally on the whole debt being subscribed.

As soon as it can be made out, the committee will publish a full statement of donors to the debt. The subscriptions of those who have requested their names be not published will appear under "miscellaneous."

Chicago University has let the contract for a building of manual training to cost \$500,000.

The best part of our knowledge is that which teaches us where knowledge leaves off and ignorance begins.

Columbia University has offered two scholarships in exchange of two from a French University. One of these has already been accepted.

Maxwell, the giant shot-put man from Chicago, has been reinstated in Illinois, and will be allowed to take part in all future track meets.

By the new athletic agreement between Yale and Harvard, which is to hold good for two years, the captain of each university team is to be held responsible for the eligibility of the members of the team.

THE ROYAL TURKS ELECT SUCCESSORS

HONOR ROLL OF TYPICAL VARSITY MEN

Men of Action Who will Perpetuate the Organization Chosen Yesterday

Yesterday afternoon the Scimitar and Fez chose the ten Effen-dii, who will perpetuate the organization next year. The men were elected on the system of being representative varsity men. It is an honor system in which grades count for nothing. They are men of action, representing no society, fraternity, nor any other association. Debaters, orators, athlete, literary men, are all represented. Then there is the man capable of organizing and pushing to success whatever enterprise he backs. The "book-worm" and "dig" alone are barred. In short to be elected to this ten constitutes the highest honor one can receive in his university career. They are what the world now demands, men of action.

As the Scimitar and Fez is a strictly liberal arts society, the choice is necessarily limited to those in that college. The men chosen will be initiated into the mysteries of the society in the near future.

Those elected were: J. F. Kunz, E. R. Jackson, H. G. Walker, L. D. Bedford, E. R. Johnston, F. D. Kern, C. O. Briggs, W. F. Hellberg, C. P. Schenck.

Senior Laws Meet

At a meeting of the senior laws at noon today, President Bordner appointed the following committees: Class picture, Medin, Heald, Wilcox. Cap and gown, Maguire, Werner, McKenzie. Invitations, Howell, Bannister, Mather.

The many friends of Prof. Geo. T. Flom will be pleased to learn that he has been placed in editorial charge of the department of Scandinavian language and literature in the Journal of Germanic Philology with Prof. George Holz of Leipsic University as co-editor. This appointment is an honor for the university as well as for Professor Flom as a recognition of his position as a scholar of these languages and literatures.

WILL VISIT NORWAY

Professor Veblen Will Pursue his Study of Ship Building in that Country

Prof. A. A. Veblen, of the department of physics, has planned to make an extended tour in Norway during the approaching summer.

He has a berth engaged on the American liner, Philadelphia, from New York during the first week in June. A party bound for the Scandinavian peninsula is being made up and the trip will be made doubly pleasant by this companionship. From Southampton the party will proceed to Christiania. Thence Prof. Veblen will go to the Valdres, a high mountainous district in central Norway. It was here that Prof. Veblen's ancestors lived and he still has an uncle resident there. On his trip the professor will do much research work along the line of the history and development of ancient ship-building by inspecting the very ancient inscriptions on the rocks of this region and examining the remains of old vessels in the museums and collections of the country. The professor will return to America by the first of September.

DEBATE POSTPONED

Wisconsin Asks Later Date on Account of Illness

The Wisconsin debate which was set for tonight in Madison has been postponed and will be held on May 8. This change was requested by Wisconsin on account of the illness of one of her debaters rendering it impossible for their team to be ready at the earlier date. The request was cheerfully acceded to by Iowa.

The judges for the debate will be selected by two alumni of each institution resident in St. Paul. Iowa's members of this committee are J. Don Kiser L. A. '97 and Mr. Blatchford.

There are 5,200 students at Harvard this year.

Dignity of a College Professor

Prof. O. L. Triggs who attained notoriety by his radical utterances while a professor in the University of Chicago, has again come prominently before the public but this time in a different light. The manager of a theatre company who are going to stage Shakespeare on an elaborate scale, wished to have professor Triggs go ahead of his company and prepare the public mind for his classic production by delivering lectures on the work of the great dramatist. For this service the showman was willing to pay two hundred dollars a week. Professor Triggs has refused the offer because the work does not comport with the dignity of his position. The professor would probably be glad to deliver a course of university lectures for half the salary. It would thus seem that Professor Triggs has made a great sacrifice to maintain the dignity of college professors. While the college world is nothing if not democratic, and there is no

place in it for false pride, it still has much honest self-respect and Prof. Triggs has gained respect by his action.

Good Work Well Done

The success of the sale of baseball season tickets as indicated by the reports made at the meeting last night is practically assured. There is little doubt that the whole four hundred will be taken up today and tomorrow. The successful result of this sale is entirely due to the enthusiasm and energy of the solicitors who in point of time have far excelled the work of last year in selling the required number of tickets. A great work has been done by these men in bringing about this consummation and they can feel repaid by the consciousness of a work for the varsity well done.

The announcement of the oratorio society of their May festival contains good news indeed for all lovers of music. The club has been working for nine months on the oratorio Elijah and little else, and such work cannot fail but reach perfection by the final concert. The list of soloists and the Chicago Symphony orchestra will make the concert this year fully up to the high standard set by the first concert of the society.

With the Military ball and the Dramatic club helping, the Athletic Union should end the year not only out of debt but with money in its treasury, a condition that is most desirable to reach and attain.

Let every baseball solicitor put in his best licks now and sell those other forty tickets.

Two Books-- Two Cents

"Nebraska" is the title of a 48-page book descriptive of the agricultural resources of the state, profusely illustrated with farm scenes and supplemented with an accurate sectional map.

"Big Horn Basin" is an illustrated folder telling all about the rich but undeveloped portion of Northwestern Wyoming. The Big Horn Basin contains wonderful openings for small ranches along good streams, with a million acres of government land open for settlement under the United States land laws.

Both publications will be sent to any address on receipt of two cents in stamps. Address J. FRANCIS, General Passenger Agent, Burlington Route, Omaha.

Amusements

James L. McCabe's "Maloney's Wedding Day" will take place at the opera house Monday next. It is the merriest jumble of fun and wholesome comedy ever put together. The company is headed by James L. McCabe and comes herald by press and public as capable of amusing an audience through three acts of the brightest comedy-drama presented this season.

The dramatic field is always open for novelties - in fact, it is essential that new ideas be constantly applied to keep up the interest of a stage whose superficial devices pall with repetition. One of the note worthy new things that stand out prominently among the season's successes is E. J. Carpenter's great play. "A Little Outcast" which comes to the opera house Saturday afternoon and evening.
