TO CONFERENCE MEET

IOWA'S ENTRIES IN GREAT WESTERN MEET

University the Only College in the State that Can Compete in the Conference Meet Saturday

The Iowa athletes winning first places in the state meet at Des Moines today will be sent to Chicago for the conference meet on Marshall field on Saturday. This meet is the great western track and field contest. Iowa will take first place in the discus, it is generally conceded, and has excellent chances in other events.

IOWA ONLY STATE SCHOOL

The University of Iowa is the only college in the state to compete in the conference meet. Iowa is the only college in the state observing the conference rules. Drake University, of Des Moines, applied for admission to the meet but was refused admission on account of the professional taint that hangs around her athletics and inability to show that she was making an effort for purity in her athletics. Professors Schlichter, of Wisconsin, and Long, of Northwestern and Waldo, of Purdue, were the committee on applications which ruled against Drake on these grounds.

Iowa's entries in the conference meet are:

100-yard dash; Scarr, White.
220-yard dash; White, Scarr.
440-yard dash; Crossan, Miller.
880-yard dash; Schenck, Moore.
Mile run; Bateman.
Two-mile run; Hands.
120-yard hurdles; Anderson.
220-yard hurdles; Anderson.
Mile relay race; Crossan, Young, Briggs, Miller.
Discus throw; Swift, McMahon.
Hammer throw; no entries.

Yale's football schedule is as follows:

September 28—Trinity at New Haven.
September 31—Tufts at New Haven.
October 3—University of Vermont at New Haven.
October 7—Wesleyan at New Haven.
October 10—Springfield Training School at New Haven.
October 14—Holy Cross at New Haven.
October 17—Penn. State at New Haven.
October 24—West Point at West Point.
October 31—Columbia at New York.
November 7—Syracuse at New Haven.
November 14—Princeton at New Haven.
November 21—Harvard at Cambridge.

Stanford University is to have a building on the campus devoted to the manufacture of apparatus for the sciences.

EXTENSION WORK BEGINS IN EARNEST

ANNOUNCEMENT OUT SOON

Appropriation by Regents Allows Department to Expand—Over Fifty Courses of Six Lectures Offered

Next year for the first time extension work will assume the dignity of an organized department of the university. The board of regents at their April meeting made an appropriation for this branch of the state's educational endeavors and placed Prof. W. C. Wilcox and Prof. T. H. Macbride in charge.

The new circular announcing the extension work for next year is expected from the printer in a few days. This announcement will offer to university extension circles several times as many courses as in the past. The courses are carefully classified, each one consists of six lectures and they constitute regular scientific university extension work as apart from the rather desultory, unsystematic and half-hearted work done in this line previously by the university.

The department of university extension will offer some fifty different courses by twenty-five members of the faculty. This again is a change from the previous conduct of this department which has cast the heavy burden of the work on the shoulders of a few. For instance Prof. Macbride has made more extension lectures this year than any other two members of the faculty.

In addition to the regular extension lectures, the circular will contain the announcement of several public lectures to be given either singly or in groups of two or three. These are not extension lectures in any sense, but are designed more for educational gatherings in the nature of conventions or special celebrations.

The work of the department opens in September and continues through the fall and winter months. Very little extension work is done in the spring. The lectures are offered by the university at the nominal sum of fifteen dollars and expenses for each lecture. In case a stereopticon is used the expenses will be increased especially if a specialist has to be brought with the lecturer to run it. Full particulars concerning courses and terms can be obtained by writing to Prof. W. C. Wilcox, secretary of the department of university extension.

Few on Special Train

Despite the rain during the night one hundred and sixty-five went to state meet on the special train this morning. This includes the university band.

Results of today's meet are being scanned by a large crowd of stay-at-homes at the smoke house this afternoon.

SUBSCRIPTIONS SLOW TO COME IN

UNION'S OBLIGATIONS DUE

Solicitors Making Special Effort to Finish Collecting this Week—Everybody Make Work Easier

The subscriptions to the athletic debt which were due May 1, are coming in very slowly.

The obligations of the athletic union are now due and both merchants and bankers are pressing for the amounts due them.

The solicitors are making special effort to finish the collecting this week. All subscribers are urged to make their work easier by paying their subscriptions promptly. Those who have not been called upon by the solicitors who obtained their subscriptions can pay their subscriptions to any member of the athletic union's committee, H. E. Spangler, R. J. Bannister and R. A. Cook.

The subscriptions due May 1 should all be paid by June 1 and every one is asked to help to this end.

MUST HAVE THE MONEY

The good will shown by the subscriptions, and the rejoicing that the entire amount of the indebtedness has been subscribed will be useless unless the committee can make good with the money.

Half of the amount subscribed and agreed to be paid May 1 is still unpaid. The subscriptions have been called for but the money has not been forthcoming.

BASEBALL TEAM ON TRIP

White Will Run in Conference Meet—Seerley in Center Field

The baseball team left at 8:20 this morning for Grinnell where they play the league game this afternoon which was postponed on May 21 on account of rain. White is getting in shape for conference meet Saturday and did not go with the team. His place in center will be filled by Clem C. Seerley.

Tomorrow the team plays Highland Park College at Des Moines and they will go to Indianola Saturday and try to take the Methodists into camp.

Homeops Graduate

The closing exercises of the Hahnemannian Society were well attended and a large and appreciative audience listened to a very interesting program.

After the completion of exercises, Dr. Geo. Royal, dean of the college made a short address to the graduates and presented them with their diplomas of graduation from the society.

The list of graduates is: E. N. Bywater, R. V. Graves, H. D. Holman, E. A. Huff, Anna Jackson, J. B. Keaster, M. E. Kemp, W. R. Owen, B. B. Sandy, W. H. Woltman, P. R. Wild.

Monument of Usefulness

Enough money has been spent on class memorials in the last few years to do something really creditable, yet all of them have resulted in disappointment to many members of the class donating them. Some have been notoriously failures and have become the laughing stock of the student body. Something permanently useful, chosen with regard to the amount of benefit that will result to the alma mater rather than for show and ostentation would furnish a more fitting memorial of a college class than statuary, show cases, or disused fountains. A loan fund for needy students such as was established by Michigan seniors is such a memorial as all may be proud of.

Another Line of Expansion

Next year the university will take up university extension

work in an earnest, systematic way. This means that the university is going to serve the people of Iowa more fully and beneficially in this branch of educational work. The courses offered are numerous, varied and valuable. The terms are such as to place them within reach of all university extension circles. Under the able direction of Professors Wilcox and Macbride the extension work of the university cannot but accomplish much.

The band rendered a beautiful concert yesterday afternoon and so effectually played themselves into the hearts of all that they were taken to Des Moines today by the Athletic Union.

Do not forget when home this summer that you are still a university man and that there are many good things you can do for Iowa in your home town.
