ATTENDANCE IS GOOD

REGISTRATION IS NOW OVER 1300

Students Are Still Registering Larger Attendance Than Last Year Expected

"The registration is now past the 1300 mark" said Dean Young, the university registrar, this morning. I do not know of any figures taken at this time last year for comparison," continued Dean Young. "I think this year's registration will equal last year's by the time the registration is complete."

The registration last year was 1442. Students are still registering at the registrars office, and it appears that the enrollment this year should go over 1500.

Rooters Elect

At the meeting of the Rooters' Club last night the following officers were elected.

Chief Yellmaster, E. H. McCoy Assistant yellmasters, W. W. Fay, Ray Files, J. F. Kunz, W. L. Baughn, E. R. Jackson, E. R. Johnston.

President, Roy A. Cook; vice-president, A. C. Wyant; secretary, Arthur C. Gordon; treasurer, E. R. Johnston.

Burnett Acting Chairman

At this morning's meeting of the board of athletic control, Dean C. N. Gregory was elected chairman, vice Wilcox resigned. Col. Burnett resigned as secretary and was elected acting chairman to serve until Dean Gregory's return.

Mr. S. H. Bush was elected secretary vice Col. Burnett, resigned.

A unanimous vote of thanks was tendered retiring president Wilcox for the splendid work that he has done in the interest of the athletics of the University during his long incumbency.

F. M. Scarr, Iowa's speedy hundred yard man of last year, is a registered collegiate at Drake.

Dr. A. Schremer of Sigourney, a graduate of the medical college was in the city this week with a patient for the hospital.

E. B. Crane, of Dexter, has severed his connection with the Colfax Interurban Railway and is registered as a senior civil engineer.

Dr. J. A. Valenta will edit a department in the Midland Municipalities devoted to the interests of health officers. Miss Edith Stirling has excepted a position in the West Branch schools.

The Nineteenth Century Club at recent meeting elected as honorary president Mrs. Tyndale of Weymouth, Massachusetts who more than a decade ago was Prof. Susan Fenimore Smith the head of the department of English at the university.

BACONIAN

Dean Wilbur J. Teeters Discusses "The Synonyms of the Pharmacopoeia"

At Baconian last night Dean Wilbur J. Teeters of the College of Pharmacy in a clear and concise manner described the technical nomenclature of pharmacy, which is usually an intricate problem for the layman to understand.

In the Pharmacopoeia the various drugs are arranged in alphabetical order. The description of each drug includes its: (1) official Latin name; (2) official English name; (3) common synonyms (4) chemical formula and its official description if an animal or vegetable product, for example.

Mineral--sodie bicarbonas, soa bicarbonate, baking soda, NaHCO₃

Vegetable--gentiana, gentian, bitter-root, root of gentiana lutea L.

Animal--Cantharis, Cantharides spanish fly, C. vesicatoris degrew.

The Latin name is the briefest way of describing a drug, and is unchanging, and not being generally understood by the laity is less liable to misuse. The vernacular names are often unscientific, and misleading, being frequently derived from some real or fancied resemblance to other substances. Example given, as oil of vitriol, blue, white and green vitriol ("Copperas," ferrous sulphate.) Cream of tartar, or potassium acid tartrate, derives its name from the appearance of the substance as it is precipitated in fermented wine casks. In the vegetable Kingdom, belladonna is called "deadly nightshade." The May-apple, for another example, is not an apple, and does not appear in May.

Many medicinal compounds all named after their physicians who introduced them, as Dover's powder, Glauber's salts, Hoffman's anodyne, etc.

The great number of synonyms is confusing to the pharmacist, who finds it difficult to understand the wants of his customers and makes greater the possibility of mistakes, but it seems hopeless to remedy the case, as many of the old names continue to be retained and a constantly increasing number of synonyms are being added.

Under the head of voluntary reports Professor T. H. Macbride continued the discussion of synonyms by giving the curious derivation of some common words such as sarsaparilla, briarwood and gin, attributing their origin to the Englishman's careless disregard of the niceties of languages other than his own.

Professor C. C. Nutting reported on the work of Prof. Saville-Kent, whose recent work on the Coral reefs of Australia has apparently demonstrated, by geo-

logical proofs, the correctness of Charles Darwin's theory of the origin of Coral islands. Murray and other recent scientists have contradicted Darwin's hypothesis that subsidence of the ocean bed was necessary for the formation of coral islands, but the correctness of Darwin's theory has now been apparently re-established.

Dr. J. G. Gilchrist discussed modern developments in surgery showing that medical men often are obliged to come back to old ideas, and quoted recent observations which show that absence of suppuration is not always desirable in healing wounds of certain kinds.

Seven new members were pledged to the Philos last night.

Herbert Baughn, L. A. '07, of Harlan is pledged to Sigma Chi.

A practice run was held by the Cross Country Club this morning at 10:00 o'clock-

A. F. Weinrich, L. A. '06, R. W. Stearns, L. A. '06, A. J. Eaton L. A. '07, C. A. Pierce, L. A. '07, were elected to Irving last night.

C. L. Joy '87 a successful banker of Sioux City is in the city. Mr. Joy was a member of the Phi Kappa Psi.

At the last meeting of Baconian Professor H. T. Wickham, Dr. Roy T. Wells and Mr. W. M. Boehm were elected to active membership.

Mr. Chalmers has promised to be present and talk to the Cross Country Club about the work at their meeting in 105, L. A. next Monday night.

At the meeting of the American Society of Religious Education at Cedar Rapids October 30, Rev. C. L. Cady will read a paper on "The Religious Life of the Youth."

S. Joe Brown, '98, A. M., '02, member of the Des Moines bar, recently lectured under the auspices of the Good Intent Club, of Ottumwa, on constitutional disfranchisement.

E. R. Johnson, L. A. '04, leader for Irving of the Minnesota preliminary debate, resigned his position last evening and R. A. Redfield, L. A. '06, was elected as third member of the team.

At the regular meeting of the debating league last evening the following officers were elected: H. M. Ivins, president; O. R. Davis, vice-president; J. E. Goodwin, secretary; O. V. Wille, treasurer.

Few students who have noticed the little shoots of ivy which have been planted this summer about the old capital and the college of liberal arts buildings know that they are indebted to Miss Chase for this favor. It is only a little time now till they will overrun the face of the buildings adding a new beauty an artistic touch to the classic stone piles.

SURE OF VICTORY

FOUR HUNDRED DRAKE ROOTERS HERE

Drake Played Iowa on Iowa Field Today—Iowa Practice Poor

The score at time of going to press: Iowa 6, Drake 0.

White and Blue
White and Blue
Whats the matter with old D.U?
Blue and White
Blue and White
Drake University, She's all right!

So sang four hundred Drake rooters on Iowa field this afternoon.

So they sang. So they believed. It was their year of years to defeat Iowa. Drake with her 210 pound line and team averaging 192 pounds; Iowa with her 166½ pound average Drake with her big scores in the games so far played; Iowa with her puny scores. Drake with her veteran team; Iowa with her green team.

Who wah wah!
Who wah wah!
Iowa Iowa
Who wah wah!

So shouted the Iowa rooters as the varsity came upon the field.
1900—Iowa 26, Drake 0.
1901—Iowa 6, Drake 5.
1902—Iowa 12, Drake 0.

Hoagland of Princeton was on the field to officiate. McCutchen the famous manager of best Iowa teams; Williams, left end on the 99 team and now coach of the Highland Park eleven; Rawson, the chief main stay of Grinnell's athletics; Dobie, Minnesota's quarterback and assistant coach were on hand to see the contest.

DRAKE IN GOOD CONDITION
"Drake is in good condition today," said Dr. Monilan, Drake's coach today. "We are feeling very determined and are going to play a hard game."

IOWA'S PRACTISE POOR
The practice on Iowa field last night was not reassuring to the Hawkeye rooters. The men showed an ignorance of the plays and in the scrimmage did ragged work in both offensive and defensive. Coach Chalmers took up an hour last night with the candidates explaining again the plays and pointing out some of their mistakes.

The line up was:

Iowa		Drake
Coulthard	le	Lyons
Buckley R.	lt	Stewart
Donovan	lg	Browning
Johnston	c	Burrows
Schwin	rg	Kirby
Buckley F.	rt	Walters

Entered at the post office as second class mail matter, October 11, 1901.

Scientific weather men have stated that there is no connection between football and rain.

Say! why don't you plan to go to Minneapolis. It will be cheap and it will help Iowa, if you go and Root!

From the increase in the senior engineering class, it seems to be both a popular and efficient department.

Iowa's record in debate speaks for itself, from the number of challenges we have had to debate from leading universities.

There are a great number of student activities in a university. If you do not see yours mentioned in the IOWAN, tell us the next time anything happens.

The university registrar reports the present enrollment over 1300, a figure which certainly promises that last year's total enrollment will be passed this year by the time the registration is complete.

Dr. Bolton's report of the summer session, made to President MacLean today, shows a gratifying progress in this new department of the university. Many Iowa teachers took courses in it and its influence upon teaching in the state was considerable.

The communication from the University of Nebraska, asking for an inter-state debate, again emphasizes the fact that our debat-

ing interests should be consolidated. With a debating league, which is by no means representative of the entire school, we have won a great majority of the debates from neighboring universities. But we must not be satisfied with a success which is entirely relative. We can boast of our preeminence in debate only when the best, and all the best of our university talent has met and defeated all that our rivals have to offer. When our debating societies represent a unit, then we shall be able to meet more debating teams and our success should be proportionately greater. The field of debate should be unified and broadened.

AMUSEMENTS

There will be pie at the opera house tonight. It was good Thursday night and will be better tonight. Mrs. Coleman has the rare ability of successfully handling a large number of children. Iowa City has seldom seen a traveling company that can equal the Land of Pie. Chorus and solo parts were both good while the cake walk and minute were greeted with applause. Go and enjoy yourself.

The theatre-goers of this city are preparing for a right royal welcome to be tendered Mr. Walker Whiteside on the occasion of his production of the most recent success "We are King," in this city on Wednesday October 11th next. It has always been a great pleasure to welcome Mr. Whiteside in the Shakespearean and other plays which he has presented from time to time and since his new play has made such a pronounced success, an evening of rare enjoyment is anticipated upon his coming visit here.

Capt. Richmond Pearson Hobson, U. S. N., the hero of the Marrimac, lectures October 19, at the armory of "The United States as a World Power."

Captain Hobson attracts large audiences throughout the country not only as a popular hero of the Hispano-American War, but because he is magnetic and attractive as an orator. He brings a wealth of information in a message that pertains to our national life, and inspires patriotism. Seats reserved without extra charge at Cerny & Louis' on and after Wednesday October 14, at 1:00 o'clock at 50c.

Fountain Pen**

Really, is there any good reason why you should not be using a Parker 'Lucky Curve' Fountain Pen? I am making good pens—and warrant them—pens perfected by the experiences of many years. Among the pens I am making is one for you, which, after it is fitted to your hand, you should not part with for many dollars, so pleasing would it be. Any one of the 9,000 dealers selling the "Lucky Curve" will be glad to help find "your" pen. If you cannot find them in your city, please order direct.

My pens, quality considered, are not expensive. They are capable of many years of satisfactory use. They start in price at \$1.50, to \$2.00, \$2.50, \$3.00 and higher, according to size and ornamentation. I also sell a dollar pen, the Palmer (without the "Lucky Curve"), an excellent pen for the money.

In any event, let me send you my catalogue. It contains information you ought to know and costs you nothing. Kindly write today.

Freshmen Organize

The freshman class of the college of liberal arts met Thursday at 3:30 in the assembly hall for the purpose of organizing.

From the faculty President MacLean, Dean Currier and Professor Plum were present. President MacLean delivered an address in which he gave the freshies some valuable advice. Dean Currier and Professor Plumb also made a few remarks, after which Thomas Peterman, who has been made temporary chairman at the preliminary meeting Tuesday took the chair. The class then proceeded to the election of officers. Throughout the entire meeting of the class of 1907 displayed great enthusiasm and college spirit.

The following men elected were: President Thomas Peterman, Lead, South Dakota; first vice president, Sadie Holiday, Iowa City; second vice president Maurice Hemsing, Stoughton, Wis.; third vice president Samuel Lefevre, Iowa City; secretary Sadie Bailey, Iowa City; treasurer, John Murray, Little Sioux; delegate to the president, Henry McKirahan, Cincinnati, Ohio; sergeant-at-arms, Clyde Topping of Burlington and Frank Wilson, Sioux City.
