JEFFERS WINS C. C.

ONLY FIVE MEN IN THE FINALS—Records of Last Year Cut 29 Seconds

Running easily at a 10:27 pace Jeffers won the final competitive run of the cross country yesterday. Crossan's time last year was 10:50 over the same course, and was won by a fierce race. The course of two miles was laid on Iowa Avenue and thence southeast and return.

(Only five men entered the photo finish and the ranking was as follows:

Jeffers L. 05.05.05
Bly 05.05.05
Ashworth L. 05.05.05
Johnson L. 04.05.05

The final class scores in the several schools were:

L. V. A. 04-05-06-07
19 16 19 47 40
20 17 17 33 33
20 16 17 37 37
36 25 68 144 117

In the class of '06 the score was practically made by one man. The final individual scores were:

Jeffers 00
Johnson 51
Polk 50
Dr. Eastman expressed himself very dissatisfied with the results as compared with last year's work.

Granted Leave of Absence

Prof. B. F. Shambaugh has been granted a leave of absence during the month of December. He will go to Washington to investigate the extent and condition of the public archives bearing upon Iowa history. Complete arrangements have been made for carrying on his work without interruption. His classes will meet as usual.

Professor Fairbanks, of the department of Greek, also has been granted a leave of absence to deliver a series of lectures before the Archæological Institute of America, in Chicago, New York and Washington, D. C. This comes as a compliment to the State University of Iowa and to Professor Fairbanks, as the head of the Yale department of Greek had first been chosen to do this work.

MUSICAL ASSEMBLY

A musical program was given at the assembly this morning. The program consisted of four selections which were well rendered and pleasantly received. The following numbers were given:

Corset solo. R. L. Dyras
Vocal solo. R. A. Dunham
Violin solo. Miss Nichols
Piano solo. Miss Morrison

Iowa Yeas Players

The Yeas players have been selected for the final team. The game is to be played in the new gym next Thursday evening.

TENNIS MATCHES

Forty-three players in Tournament

PERSONNEL OF TEAMS AND STANDING—REGULATIONS GOVERNING POSITION ON TEAM

Forty-three matches were played in the all-comers tournament for places on the Iowa tennis teams during the past two months. Four players, being unable to complete their matches, were retired and their matches not counted. The two teams with scores of matches won and lost are as follows:

First Team

Hayley 7 lost 0
Yeager 6 lost 1
Heine 3 lost 2
Cushing 4 lost 3

Second Team

Caggiati won 4 lost 4
Dennis won 3 lost 0
Kirk won 1 lost 0
Hedges won 4 lost 4

TENNIS TEAM REGULATIONS

Every man on the teams must be prepared to play his place on three days notice unless he has some good reason for failing to do so.

Any member of the second team may challenge any member of the first team, and if he defeats the first team man he is entitled to his place on the second team.

Any player not a member of junior team, may challenge any member of the second team, and if he defeats the second team man he is entitled to his place on the second team.

Thus says the policy of the teams can, by winning two matches, secure a place on the second team.

If any member of the team fails to perform his match, the team may challenge the same from any man not on the second team.

The men who are to represent the university, will be selected from the first team unless they are unable to play.

Off for Washington

The Iowa football team left last night for St. Louis, where it will play Washington University on Thanksgiving day.

The team is in excellent condition, and will be prepared to run up as large a score as possible on Washington University. A high score may be expected if the team does well and Washington has a strong team, which has improved much the past two weeks as shown by her defeating the University of Cincinnati last Saturday.

IOWA CHOICES AFFIRMATIVE

Iowa has chosen to support the affirmative of the question: "Resolved that the closed shop policy for railroads is detrimental to the permanent interest of organized labor." This resolution was submited by Illinois for the inter-university debate.

The Y.M.C.A. and Y.W.C.A. will give a "backward social" Friday evening in Close Hall at eight o'clock. Everyone is cordially invited. A basketball game and refreshments will be held, and the program was submited by the general program committee.

RANKS AMONG THE BEST IN UNITED STATES

Many Rare Collections Have Been Secured By Gift and Purchase From Expositions

The prominence given by the press to the work of the late Dr. Frank Russell has created a false impression, in some quarters, as to the real size of the museum. Falsehoods as to his contributions are, we have at Iowa a museum that would still rank among the first in the country without Dr. Russell's collections. No one man could have secured by his own endeavors, such a series as we possess. The museum is an accumulation of the aggregate material of many individual collections, by one man or by a group of men, or by individual expeditions or squires by the university through gift and purchase from Expositions.

One entire room is occupied by the Horsey collection of birds and mammals, made and presented by Mr. Wm. T. Horsey of St. Louis, a veritable museum-collecting naturalist of his time. This is by far the most valuable individual collection we have and its educational value can scarcely be exaggerated.

A close rival in value is the collection, made by the Bahama expedition in 1899, under the leadership of Professor Nutting. From Mr. D. H. Talbot of St. Louis City the University has received a very large number, several thousand, birds and mammals as well as important anthropological material. Professor Nutting's collection is central Africa, a country of large mammals, birds, and reptiles, which is in fine specimens not contained elsewhere in our series and represent many species of birds in tropical forests.

The Harrison collection of English game birds is a valuable asset, the same is true of the series of birds of Wyoming, given us by the late Frank Bond. Donors of smaller donations go to make up the museum as a whole.

Few realize what a wealth of valuable material we possess since the crowded floor space entirely prohibits proper exhibition of our collections. Who knows, for instance, that we own a beautiful series of seals from the Alaskan waters and of walrus taken by Peary in Greenland? Many of these specimens are stored in the darkness of an attic along with a series of small objects and material secured by others. Small wonder that the extent of our collections is not appreciated when they are packed away in odd corners exposed to the elements. Everyone may know what our museum is.

Drake Left No Will
Drake University May Lose Expected Money

Harvard Won Inter-Collegiate Shoot—Stanford—California
Receipts Were $25,000

It is now generally believed that the late General Francis M. Drake, Ex-Governor of Iowa and benefactor of Drake University, left no will. The reason means that the university will not be an equal heir with General Drake's children, as was announced last year. It has also developed that Drake University is likely to be cut out of $15,000 of the $25,000 subscribed by General Drake a week ago for a Bible School. Chancellor Bell's letter to the trustees was not opened at the time Governor Drake's death.

Harvard won the annual inter-collegiate shoot at Walthington Saturday by a score of 152. Princeton was second and Pennsylvanias third.

Three appointments of a new kind to be known as honorary curatorships have been made by the corporation of Harvard University in the university library. The object of the new appointments is to secure the interest and services of persons especially competent to advise the library in regard to purchases in special fields.

The receipts at the Stanford—California game Saturday were $25,000.

AMUSEMENTS

The kings of the occult art are, Mr. and Mrs. Herbert L. Flint. Herbert L. Flint is the only hypnotist to be called in a criminal case and have his testimony accepted as that of an expert. His charming and talented wife, is the only successful lady hypnotist living. There is nothing in the world that equals their entertainments. Mr. Flint is past master in the art of suggestion. Mrs. Flint has mastered the whole science of the art, especially that part in provoking laughter.

At the opera house next Friday and Saturday nights.

One of the most cheery promises of the near future is the return of Tim Murphy who always comes laden with a bouquet of smiles for his numerous public. The genial comedian comes on Monday night, November 30, to the opera house. On this occasion he will be seen in a new play, the joint work of two of the brightest writers in America, Geo. V. Hobert and E. E. Rose. The name of the new play is "The Man from Missouri," and in it Mr. Murphy creates a new comedy character entirely new to his repertoire and original to the stage. It is that of a broad type of wide awake Westerner loose in Washington City. Mr. Murphy carries a thorough complete production and is surrounded by a large company of artists.

Health Resorts of the Southwest

In New Mexico and Arizona are scores of places where invalids can pass the winter comfortably.

Among them are Alamogordo, El Paso, Tucson, Phoenix and Yuma. They are high and dry; warm and sunny; free from wind and extremes of temperature—ideal spots for sufferers from all sorts of lung troubles.

They are most quickly and comfortably reached by the trains of the Rock Island system.
