JEFFERS WINS C. C.

FINAL WON YESTERDAY
IN 10:27

Only Five Men in the Finals—
Records of Last Year Cut
29 Seconds

Running easily at a 10:27 pace Jeffers won the final competitive run of the cross country yesterday. Crossan's time last year was 10:56 over the same course, and was won by a fierce race.

The course of two miles was east on Iowa Avenue and thence southeast and return.

Only five men entered the finals, and the ranking was as follows.

| | | |
|---------|------|-----|
| Jeffers | L. | '05 |
| Riley | L.A. | '07 |
| Askwith | L.A. | '07 |
| Felt | L.A. | '06 |
| Johnson | L.A. | '04 |

The final class scores in the several competitive runs were:

| | | | | |
|-------|---------|-----|-----|-----|
| L.'05 | L.A.'04 | '05 | '06 | '07 |
| 20 | 18 | 19 | 47 | 40 |
| 20 | 17 | 32 | 80 | 40 |
| 20 | 00 | 17 | 17 | 37 |
| 60 | 35 | 68 | 144 | 117 |

In the class of '06 the score was practically made by one man.

The final individual scores were:

| | |
|---------|----|
| Jeffers | 60 |
| Johnson | 51 |
| Felt | 50 |

Dr. Eastman expressed himself very dissatisfied with the results as compared with last year's work.

Granted Leave of Absence

Prof. B. F. Shambaugh has been granted a leave of absence during the month of December. He will go to Washington to investigate the extent and condition of the public archives bearing upon Iowa history. Complete arrangements have been made for carrying on his work without intermission. His classes will meet as usual.

Professor Fairbanks, of the department of Greek was also granted a leave of absence to deliver a series of lectures before the Archaeological Institute of America, in Chicago, New York and Washington, D. C. This comes as a compliment to the State University of Iowa and to Professor Fairbanks, as the head of the Yale department of Greek had first been chosen to do this work.

Musical Assembly

A musical program was given at the assembly this morning. The program consisted of four selections which were well rendered and pleasurably received. The following numbers were given:

| | |
|--------------|---------------|
| Cornet solo, | R. L. Byrnes |
| Vocal solo, | R. A. Dunham |
| Vocal solo, | Miss Nicolls |
| Piano solo, | Miss Morrison |

TENNIS MATCHES

FORTY-THREE PLAYED IN
TOURNAMENT

Personnel of Teams and Standing—Regulations Governing Position on Team

Forty-three matches were played in the all-comers tournament for places on the Iowa tennis teams during the past two months. Four players, being unable to complete the tournament, were retired and their matches not counted. The two teams with scores of matches won and lost are as follows:

FIRST TEAM

| | | | | |
|-----------|-----|---|------|----|
| Bailey | won | 7 | lost | 0. |
| Yessler, | won | 6 | lost | 1. |
| Hellburg, | won | 4 | lost | 3. |
| Cushing, | won | 4 | lost | 3. |

SECOND TEAM

| | | | | |
|----------|-----|---|------|----|
| Coggsell | won | 3 | lost | 4. |
| Dennis | won | 3 | lost | 4. |
| Rink | won | 1 | lost | 6. |
| Shaw | won | 0 | lost | 7. |

TENNIS TEAM REGULATIONS

Every man on the teams must be prepared to defend his place on three days notice unless he has some good reason for failing to do so.

Any member of the second team may challenge any member of the first team, and if he defeats the first team man is entitled to his place on the first team.

Any player not a member of either team, may challenge any member of the second team, and if he defeats the second team man, is entitled to his place on the second team.

Thus any man, not on the teams can, by winning two matches, secure a place on the first team. No first team man can be compelled to play a challenge match with any man not on the second team.

The men who are to represent the university, will be selected from the first team unless they are unable to play.

Off For Washington

The Iowa football team left last night for St. Louis, where it will play Washington University on Thanksgiving day.

The team is in excellent condition and is determined to run up as large a score as possible on Washington University. A 20-0 score may be expected if the team does well. Washington has a strong team which has improved much the past two weeks as was shown by her defeating the University of Cincinnati last Saturday.

Iowa Chooses Affirmative

Iowa has chosen to support the affirmative of the question, "Resolved that the closed shop policy of trades unions is detrimental to the permanent interests of organized labor," which was submitted by Illinois for the inter-university debate.

COURT DOCKET

JUNIOR COURT TO TRY
TWO CASES

Vicar of Wakefield and Vanity Fair Will be up Before Judge Deemer

The junior laws, who for some time have been seeking a case in their trial procedure course, have decided upon the cases presented in Vanity Fair and the Vicar of Wakefield. This is the same course in which Hamlet was tried last year. No preliminary papers have as yet been filed; but in Vanity Fair the charge will no doubt be alienating of affections, while in the vicar of Wakefield the legality of the marriage of the Vicar's daughter and the squire will be attacked.

A. E. Miller has been appointed clerk of court, and E. P. Malmberg will act as sheriff. The case of Vanity Fair will be tried to a jury and that of the Vicar of Wakefield before the judge.

The attorneys for the plaintiff in Vanity Fair are, Remley, Knox and Swindle, while McNett, Lamprech, and Dixon will support the defense. In the Vicar of Wakefield, Freeman, Malmberg and Lynch will appear for the plaintiff, and Pratt, Scallon and Osborne for the defense.

Iowa Educational Exhibit

Professor Calvin chairman of the committee appointed to make suggestions for an Iowa educational exhibit at the world's fair at St. Louis, submitted his plans to the executive committee yesterday but they were not made public. The report was laid over to be acted upon at the next full meeting of the board of regents.

Professors Honored

Prof. Laenas Gifford Weld, Dean of the Graduate College, and professor of mathematics in the University of Iowa, has been made secretary of section "A" of the American Association for the Advancement of Science. The term of office is five years. This makes the second officer of that national organization to be selected from the Iowa faculty, Prof. Thomas H. Macbride of the chair of botany being already chairman of section "E" department of botany. The meeting of the association will be at St. Louis on December 28, to January 1, or during what is known to university men as convocation week.

The Y.M.C.A. and Y.W.C.A. will give a "backward social" Friday evening in Close Hall at eight o'clock. Everyone is cordially invited. A basketball game, and refreshments will be part of the general program given.

IOWA'S MUSEUM

RANKS AMONG THE BEST
IN UNITED STATES

Many Rare Collections Have
Been Secured By Gift and
From Expeditions

The prominence given by the press to the work of the late Dr. Frank Russell has created a false impression, in some quarters, as to the real size of the museum. Valuable as his contributions are, we have at Iowa a museum that would still rank among the first in the country without Dr. Russell's collections. No one man could have secured by his own endeavors, such a series as we possess. The exhibit and study series as they now stand represent the aggregate material secured by many expeditions or acquired by the university through gift and purchase.

One entire room is occupied by the Hornaday collection of birds and mammals, made and presented by Mr. Wm. T. Hornaday (perhaps the best known collecting naturalist of his time. This is by far the most valuable individual collection we have and its educational value can scarcely be exaggerated.

A close rival in value is the collection made by the Bahama expedition in 1893, under the leadership of Professor Nutting.

From Mr. D.H. Talbot of Sioux City the University has received a very large number, several thousand, birds and mammals as well as important anthropological and ethnological specimens.

Professor Nutting's collection of Central American birds is rich in fine species not contained elsewhere in our series and represents many months of hard work in tropical forests.

The Harrison collection of English game birds is a valuable asset, the same is true of the series of birds of Wyoming, given us by the late Frank Bond. Dozens of smaller donations go to make up the museum as a whole.

Few realize what a wealth of valuable material we possess since the crowded floor space entirely prohibits proper exhibition of many of our finest specimens. Who knows, for instance, that we own a beautiful series of seal from the Alaskan waters and of walrus taken by Peary in Greenland? How many students aside from those who are admitted to study it, are aware that we have the skeleton of a large whale stored in the darkness of an attic along with thousands of other specimens? Small wonder that the extent of our collections is not appreciated when they are packed away in odd corners exposed to constant danger from fire and mould. In time when this part of the University is properly housed, the people may know what our museum is.

Class Spirit Necessary

The lack of class spirit as evidenced by last night's run and previous ones has almost completely disgusted the management. In the class of '06 the score was made practically by one man. If these cross countries are to be a success more class spirit and rivalry must be present. This is an institution that demands rivalry and without which it cannot live.

University Functions

The loyal student is often puzzled in deciding how his support should be divided among the various university enterprises. Since it is impossible, on account of the large number of university functions, to take an active part in all, it is incumbent on the student to take the best alternative. This, it seems, is taking an active part in those functions one can honor his university most and a passive part in all others.

The Tipton Advertiser has given another second, which the leading papers of the state have been doing for some time, to the university's appeal for support. "The State University is modest in its demands. It should get the full amount. If Iowa is to have a university which will compare favorable with those of Minnesota, Nebraska and Missouri, it must be more liberal in its support of the institution at Iowa City. The university

is asking for nothing that is not an actual necessity, and all it asks should be given."

DRAKE LEFT NO WILL

DRAKE UNIVERSITY MAY LOSE EXPECTED MONEY

Harvard Won Inter-Collegiate
Shoot—Stanford—California
Receipts Were \$25,000

It is now generally believed that the late General Francis M. Drake, Ex-Governor of Iowa and benefactor of Drake University, left no will. This means that the university will not be an equal heir with General Drake's children, as was announced last year. It has also developed that Drake University is likely to be cut out of \$15,000 of the \$25,000 subscribed by General Drake a week ago for a Bible School. Chancellor Bell's letter accepting this subscription was not opened at the time of Governor Drake's death.

Harvard won the annual inter-collegiate shoot at Wellington Saturday by a score of 195. Princeton was second and Pennsylvania third.

Three appointments of a new kind to be known as honorary curatorships have been made by the corporation of Harvard University in the university library. The object of the new appointments is to secure the interest and services of persons especially competent to advise the library in regard to purchases in special fields.

The receipts at the Stanford-California game Saturday were \$25,000.

AMUSEMENTS

The kings of the occult art are, Mr. and Mrs. Herbert L. Flint. Herbert L. Flint is the first hypnotist to be called in a criminal case and have his testimony accepted as that of an expert. His charming and talented wife, is the only successful lady hypnotist living. There is nothing in the world that equals their entertainments. Mr. Flint is past master in the art of suggestion. Mrs. Flint has mastered the whole science of the art, especially that part in provoking laughter. At the opera house next Friday and Saturday nights.

One of the most cheerful promises of the near future is the return of Tim Murphy who always comes laden with a bouquet of smiles for his numerous public. The genial comedian comes on Monday night, November 30, to the opera house. On this occasion he will be seen in a new play, the joint work of two of the brightest writers in America, Geo. V. Hobert and E. E. Rose. The name of the new play is "The Man from Missouri" and in it Mr. Murphy creates a new comedy character entirely new to his repertoire and original to the stage. It is that of a broad type of wide awake Westerner loose in Washington City. Mr. Murphy carries a thoroughly complete production and is surrounded by a large company of artists.
