CLUB FOR WOMEN

COLLEGE WOMEN HAVE HOME IN NEW YORK CITY

G's Awarded at Grinnell—Wisconsin Engineers Make Tour Of Chicago

There is in New York City a body of women known as the Women's University Club. To it belong women from almost every first-rate college or university in the United States. The club home is a beautiful house on East 24th Street, where some of the members reside, and which may be used as a place of entertainment for their guests. Also members from out of town are at liberty to stay at the club house during their visits to New York. This is an exceedingly interesting organization, and one which deserves to flourish, having for its object, as stated by the constitution, "The promotion of literature and art and the social welfare of college-bred women."

The University of Chicago Mandolin and Glee Club left last night for a tour of Iowa, Nebraska, and Kansas. California's similar organization of twenty-eight members started on their annual tour Friday.

The Grinnell Board of Control have granted football G's to Harry Carson, Andrew Carlson, Joe Walleser, Edward Robinson, Claire Barber and Myron Shipman

The senior civil engineers of Wisconsin will spend a week inspecting the large engineering works of Chicago.

Coach Ristine Visits City

Coach Ristine of the Ames football eleven was in the city over Sunday, a visitor at the home of Prof. Frank Wilder on Summit street. Mr. Ristine states that he will return to Ames for the coming season and will again coach their football eleven. Mr. Ristine left last evening for his home in Fort Dodge.

Dr. G. T. W. Patrick will be back to resume his work in the university at the opening of the second semester.

Professors C. W. Eastman, F. B. Sturm, C. B. Wilson and S. H. Bush, will attend the meeting of the Modern Language Association to be held at Ann Arbor during the holidays.

Miss Florence Berry entertained the members of the Kappa Kappa Gamma sorority last Saturday afternoon at her home on North Dubuque street. The event was in the way of a Christmas tree. Each member of the sorority brought a present for the other members. The presents were to represent the special hobby of the members.

IOWA MEN TO LECTURE

Davenport Academy of Science will have Course of Lectures by Science Men

The Iowa Academy of Science at Davenport have arranged for a course of lectures by science men of the university.

The following is the course: January 11, Professor C. C. Nutting, Protective Coloration Among Animals.

January 18, Professor T. H. Macbride, Alamogordo, A Problem of the Desert.

February 1, Professor Bohumil Shimek, Man in the Tropics.

February 15, Professor Samuel Calvin, The Geology and Scenery of the Pipestone Region.

January 27, Professor Charles S. Magowan, Sanitary Engineering.

WILL SEND DELEGATE

Graduate Club Decide to Send Representative to Federation

The Graduate Club at a meeting last night decided to send one and possibly two delegates to the Federation of Graduate Clubs, which meets at Radcliffe December 29-30.

The club also decided to publish a hand book of thesis subjects, and a committee was appointed to submit at the next meeting a plan for its publication.

ANATOMICAL BUILDING

May be Ready For Use by the Next Semester

The work of interior finish on the university medical building has been started and it is thought that by the opening of the second semester of school the anatomical building will be ready for occupancy. The plasterers finished their work several days ago and the plumbers have just finished. The work of placing the iron stairways is about completed and men are now working on the tile flooring. The woodwork will be started in a few days and will be completed by the first of the year. It will require some little time for the building to dry out after the plasterers, and the contractors are rather doubtful of the plausibility of starting the woodwork at this time. However it is thought that the building will be in readiness when the material for the wood finishing arrives.

The building will be furnished with the very best furniture it is possible to buy, for the use of the medical department.

When settled in their new buildings the department will have one of the finest homes in any of the western universities.

Announcements are out for the Sophomore cotillion to be held Friday evening January 15, 1904.

ALUMNI MAKE MERRY

Iowans at Des Moines Toast Their Alma Mater—Want Football Game

The Des Moines alumni of the University of Iowa enjoyed an informal supper together Friday evening at the Grant Club. About fifty surrounded the tables which were beautiful with pink and white carnations. After the repast a business meeting was held in which a constitution was reported and adopted, thus effecting a permanent organization. In the absence of the president, Mrs. James G. Berryhill occupied the chair. Edwin L. Sabin serving as secretary. The meeting was characterized by much enthusiasm and many expressions of loyalty to alma mater. It was decided to give another supper during the State Teachers' Association in which alumni throughout the state may join. There were named as a committee to make ready for the same, Mrs. J. G. Berryhill, Dr. Adele Fuchs, Miss Belle M. Gilcrest, Messrs. Geo. F. Henry, Jacob L. Shuerman and F. L. Douglas. Committees were appointed to confer with the games committee at Iowa City relative to securing the State university football team for a game at Des Moines next year; also to arrange for addresses at the Des Moines high school from time to time from university professors.

DIE GERMANIA OFFICERS

Election Last Night—Will give German Play—Leap Year Party

Die Germania at their meeting last night decided to give a German play.

For the remainder of the year the society will meet at the homes of the different members.

New officers were elected as follows: E. R. Jackson, president; Miss Carrie Watters, vice president; Miss Grace Gabriel, secretary; Earl Brown, sergeant-at-arms.

The society will give a leap year party January 18.

I. A. Burkheimer '06, was initiated into Irving Institute last Friday night.

Dean Currier read a paper on "A New England town from 1800 to 1850," before the Unitarian Young People's Society last Sunday evening.

The Philos gave their sister society, Octave Thanets, a sociable last evening. They spent the evening in games and various amusements. Light refreshments were served.

The Register-Leader say that the republicans of the second district of Iowa are urging Judge C. M. Waterman to enter the race against Congressman Wade for re-election next fall.

THESPIAN POLYGON

SHAKESPEARIAN STAGE SETTINGS OUTCLASSED

Sigma Chi Entertained Polygon Last Night At a Christmas Entertainment

Polygon has gone into competition with the Dramatic Club and has scored once to the extent at least of presenting the first play of the season. "A Western Idyl or Failed Again," is the title of the play, given last evening at the Sigma Chi House before a select and enthusiastic audience of Polygon alumni and friends. It was written especially for this occasion by members of the cast and as its name might suggest is a play full of strong stirring emotion and incident.

The occasion was Polygons Christmas celebration and the last meeting of the year.

The play was presented by an all-star cast and the company received a curtain call after every act. The love affairs of the minor characters of the day furnished the comedy features and Boomlock Cooms the detective who traced DeMontreville through the world by measuring his foot prints one of which was four inches longer than the other kept the interest of the audience at fever heat. The stage setting was rich and elegant. Going one step beyond the Shakespearian theatre. Placards not only announced "This is a Big Rock" "This is Sife McDowell's Cabin" but were "These are footlights." "There is the Parquet" "Reserved Seats," and a box was draped on the star landing with the Placard "Special Box, Reserved for Pier M and Teddy"

After the play refreshments were served and later a grab bag appeared from which the grave and reverend Plygon alumni, and the active members as well drew such Christmas presents as toy lambs, Mother Goose books, toy shovels and hoes.

L. Bedford '04 was at his home in Hudson Iowa last week.

Phi Beta Phi were entertained at an informal spread at the home of Miss Mabel Foster Saturday evening.

The Des Moines Capital has sprung a new aspirant for the regency soon to be vacated by Shirley Gilliland. He is Dr. F. W. Porterfield of Atlantic.

Among the old students home for the holidays, or temporarily visiting in the city are, Katherine Martin, Alta Smith, Carolyn Jarvis, Julia Padmore, E. M. Hagler, Robert Corlett, Minnie Huffman, Katherine Switzer, Bertha Willis, Fannie Sunier, Seth Thomas, W. L. Du Bois, Mildred Hershire and J. J. Louis. Alice Curtis is expected in the city tomorrow evening.

THE DAILY IOWAN
Iowa City, Iowa

Entered as second class mail matter, Nov-
ember 12, 1908 at the post office at Iowa City,
Iowa, under the Act of Congress of March 3,
1879.

Today's issue of the IOWAN will be the last one before the holidays, as by tomorrow night nearly all the students will be at home. It will also be the last issue of the year. Our next issue will be on the opening day of school. We do not intend to make any New Year's resolution in order that we may break them. Our policy will not be simply better, but the best we can. The great factor in the success of any college daily is the loyal support of the entire college. The paper will be as good as its supporters make it. The editor is a minor factor whose chief function is a buffer.

The DAILY IOWAN wishes every student the Merriest Christmas and Happiest New Year that the Yule time may hold in store for any one. May your school cares be forgotten, so that in the pleasing interim you may gain a new zest for your studies.

One more thought, you are university students "Act well your part." Be an advertisement for Iowa. Present your goods, not obtrusively, but in a quiet way that brings conviction. You are the product of the factory, whose owners and capitalists are the people of Iowa.

AMUSEMENTS

See "Our Goblins." The company contains no particular star. Every comedian is entitled to the name. There are comedians and comedians. We have comedians—not a tribe of so-called ones. The show is as funny as any comedy you ever saw. It is full of special features, and everybody does something.

The production of "El Captain" which will be presented at the Opera House Tuesday December 29, will surpass anything in the scenic opera line ever seen in this city. This opera was presented at the Broadway theatre in New York nearly three years to record breaking houses and was the talk of all New York. A reproduction of the same will be given here—with special scenery which is said to be something gorgeous, it being specially designed and painted for this season's production of "El Captain" and its models from photographs of the city of Peru. The decorations and stage settings will be such as are only seen in the large cities. The costumes were all imported and made from the original designs.

Special Offer—Arrangements have been made with the Electric Massage Parlors, 127 College St. to give readers of the DAILY IOWAN an electric scalp treatment for 50 cents. Guaranteed cure for dandruff and falling out of the hair. Bring this ad.

If you want to teach this year or next write us for the plans of the Educational exchange. Address Henry Sabin, Manhattan Bldg., Des Moines, Iowa.

No. 256 arrives 9:55 a. m. departs 11:35 a. m. No. 202 leaves at 6:15 a. m. and 201 arrives at 7:50 p. m. The Golden State Limited leaves Davenport at 11:15 p. m.

NOTICES

Students and faculty members are requested to send all notices to THE DAILY IOWAN for publication. Notices must be left at THE IOWAN office or the President's office before 9:00 A. M.

Students desiring to teach in the public schools of the State after the holidays or beginning with the second semester should see Professor Bolton at once. Calls are being received almost daily for teachers of good scholastic attainments and pedagogical preparation. Professor Bolton may be seen daily at Room 217, Hall of Liberal Arts.

Wisconsin has an inter-fraternity bowling league.

Dr. Jepson Performs Difficult Surgical Operation

Sioux City, Ia., Dec. 21.—An operation that has no parallel in the surgical world was performed at St. Joseph's hospital to-day by Dr. Wm. J. Jepson, who has the chair of surgery at the University of Iowa. John Nordstrom, of Danbury, Connecticut, fell and broke his neck. He has been almost paralyzed for weeks, and Dr. Jepson decided to operate on his broken neck. Accordingly a portion of the third cervical vertebra was removed, the false growth of tissue was cleaned out, and the bone replaced. The patient is doing well, with every prospect of recovery. An operation had been performed for the relief of a dislocation of the lumbar vertebrae, but no case is known in which the cervical vertebrae, situated so near the medulla oblongata, the seat of vital bodily function, was successfully removed and replaced.

MOST young people select their life partner and their occupation on a sentimental basis rather than by deliberate judgment. The best profession is

- 1st. That which renders the greatest service to humanity.
- 2nd. That which is accompanied by a good income.
- 3rd. That which makes one his own employer.
- 4th. That has reasonable office hours, leaving time for self development and recreation.

STILL COLLEGE OF OSTEOPATHY

1422-31 Locust Street, Des Moines, Iowa

offers the profession of an osteopathic physician to fill these conditions and nearly four hundred students are in attendance upon the two and three years course from thirty-two different states, including one hundred and thirty-five ladies. Legal protection for this system of practice is now provided in twenty two different states. Our graduates go out to great usefulness and independent incomes. Eleven ministers are taking the work because they can often reach the hearts of people through their bodies.

The students of the University of Iowa are extended a special welcome for a visit of investigation at Still College.

A faculty of seventeen professors. Every study in medical college except Materia Medica; in its stead principles and practice of Osteopathy.

Illustrated catalog on application. Please write or call.
