## YMAS OF FACULTY

### PROFESSORS AT MANY ASSOCIATIONS

The College Men's Convocation Week has many Iowa Men Attending Meetings

Members of the faculty were widely scattered during holiday week, as this is convocation week for college men.

At St. Louis, the American Association for the Advancement of Science was attended by, Dr. Seashore, who read a paper on "Experimental study of Mental Fatigue;" Professor Macbride talked on "The Alamogordo Desert," and Professor Shimek on "The Flora of the St. Peter sandstone." Professor Macbride is president of the botanical section, and Dean Weld, who was present, is secretary of the mathematical section. Others present at this association were, Prof. S. Calvin, Prof. Frank Wilder, Prof. C. C. Nutting, Prof. A. G. Smith, Dr. Carl von Ende, and Dr. L. W. Andrews, who read a paper before the American Chemical Society which also met at St. Louis.

The Modern Language Association which met at Ann Arbor was attended by, Profs. Wilson, Sturm, Eastman, Flom, and Bush, President MacLean spoke at the Michigan State Teachers' Association, which met at the same time.

Dr. Shambaugh, Prof. W. C. Wilcox, and Mr. P. S. Peirce attended the American Historical Association at New Orleans.

The State Teachers Association at Des Moines was largely attended. Among those at the meeting, who took part as officers or in the giving of papers were Dean A. N. Currier, Dr. F. E. Bolton, Prof. H. G. Plum, Prof. H. E. Gordon, Dr. J. F. Brown, Prof. H. E. Dorcas, Prof. Arthur Fairbank, Prof. I. A. Loos, Prof. Leona Call, Prof. C. F. Ansley, Dr. S. N. Hagen, Prof. H. F. Potter, and Dean Alice Young.

Dr. William Jepson, who successfully removed the spleen from a patient at the university hospital last summer read a paper on the operation before the American Association of Surgeons at Denver. The operation is a rare one, and in this case the patient is as healthy as ever in her life. Judge Emlin McClain addressed the Nebraska State Bar Association at their recent meeting.

Prof. A. A. Veblen lectured on "The Country of the Valdres," during the holidays, at Maynard Minnesota.

The Philosophical club met last night. An illustrated lecture was given by Prof. A. G. Smith on the "Inheritance of Physical Characteristics."

## GORDON TO DRILL ACTORS

Class Play at Ottumwa High School Under his Training

The department of public speaking has been engaged to assist the Ottumwa High School in putting on their annual class play.

Prof. Gordon will go to Ottumwa soon to select the cast and start the work. After this some one of the department will visit them once a month.

At Des Moines, during the holidays, Professor Gordon helped to drill the Des Moines College orators for their local contest preliminary.

## AUGUSTANA TO-NIGHT

Iowa Team Leaves For Rock Island at 3:57

This afternoon at 3:57 the basketball team leaves to play the Augustana College team tonight at Rock Island. E. A. Rule the coach of the team here will be one of the officials at the game. Vacation has cut into the work of the team considerable but not much doubt is entertained as to Iowa's ability to uphold the "Old Gold."

The following is the line up. Forwards, Kingsburg. Guards, Schenck, Brock, Newton. Center Parsons, captain.

## GIFT TO MUSEUM

DR. WORTH GIVES IOWA VALUABLE SPECIMEN

Giant Camaroceras Proteiforme Comes from the Limestone of Ancient Iowa

Through the generosity of Dr. Fordyce Worth of Hesper, Iowa, the museum has received a valuable geological specimen. It is an early ancestral form of the pearly nautilus, the specimen being the indurated mud which filled the shell of Camaroceras proteiforme.

In quarrying the specimen from the hard blue limestone in which it was embedded it was broken. The pieces were all carefully saved and for all practical purpose is as valuable as though entire.

The specimen is over five feet in length, it is ten inches in diameter at the larger end and tapers to five at the other extremity. It is divided transversely into 150 segments.

Dr. Calvin says, "large as the specimen is, it is only part of an individual that when living was more than fifteen feet in length and over a foot in diameter at the head."

## The Athletic Contest

The contest for Athletic Union officers has seen some changes during vacation.

H. G. Walker, candidate for vice-president on the Kunz ticket, has been agreed to by the Siberts party, and will be elected without opposition.

For assistant treasurer, J. D. Lynch of Sioux City, has been nominated on the Siberts ticket in place of E. J. Barker of Cresco.

The contest will now be confined to the two offices carrying with them seats on the board of athletic control: the presidency and the assistant treasurership.

The nomination of Mr. Lynch, who is a member of Beta Theta Pi, will remove from the Siberts ticket, opposition to it as an "anti-frat" ticket. Mr. Oelkers, whom Mr. Lynch opposes, is a member of Phi Delta Theta.

The election will be held Wednesday evening, January 13.

## Supreme Court May Meet Here

The University has offered the use of the law library and the liberal arts auditorium to the Supreme Court to use in their coming session, as they may be unable to meet in the capitol.

Judge McClain says the university library is the only one in the state, outside of the state library, adequate to meet the needs of the court.

The Supreme Court has taken no action on the matter, but if it accepts the greater part of the next session would be held here.

## ... The IOWAN For \$1.00 ...

The DAILY IOWAN will be sent for the remainder of the College Year, '03-'04, to new subscribers for \$1.00 in advance.

Mail your dollar and your address to the DAILY IOWAN, hand to Iowan carriers, or leave at Wieneke's Bookstore, the University Bookstore or the IOWAN Office.

The regular price of the DAILY IOWAN, to June 15, 1904, is \$1.50.

### MANAGER DAILY IOWAN:

Enclosed please find \$1.00 for which send me the Iowan for the balance of the College Year, '03-'04.

### Harriman Will Live

Dr. John W. Harriman is gaining.

Dr. Littig said at 2:30 this afternoon that Dr. Harriman was much improved and that hope was entertained that he would live.

Dr. Harriman was operated upon for appendicitis last Saturday. Himself a noted surgeon, with a record of 200 operations for appendicitis without a single death, Dr. Harriman sank low under the operation upon himself.

This morning it was said that there was little hope, of his surviving the operation. The latest news is that he will live.

Dr. Harriman is professor of anatomy in the college of medicine, a position he has held since 1896. He is one of the best known professors of the college, and one of the best loved by his students and friends.

The board of regents will meet with Governor Cummins at Des Moines tomorrow.

The Sophomore girls will entertain at a Leap Year party Friday night at the Athena Hall.

The Johnson County Medical Banquet will be held January 19. This is the annual business meeting, at which officers are to be elected.

### Des Moines Alumni

The Des Moines Alumni Association of the State University met Wednesday evening, December 30. The guests were mainly members of the State Teachers' Association which was then in session in Des Moines.

John J. Hamilton, president of the Des Moines Alumni Association presided as toastmaster.

Dean Amos Currier gave the first toast, "The University as It Is." Dean Currier was greeted with long continued applause as he rose to address the assembled alumni. He spoke of the present strength of the university, and its excellent faculty and and its present earnest body of students.

President H. H. Seerley of the State Normal school spoke of "the University as it Was and Is." Miss Bell N. Gilchrist responded to, "The University of the Future."

Harvey Ingham president of the State Alumni Association, spoke in behalf of the general organization.

R. A. Cook spoke for the present students of the university.

Dr. G. T. W. Patrick after a year's work under Drs. Dessoir, Paulson, Stumpf, and Schumann of the University of Berlin will be able to take up his work at the opening of the second semester.

Roderick Taliferro

Roderick Taliferro, by George Cram Cook, has passed into its fourth edition. The book buyers, who force books into edition after edition, are the living human pleased because they have known or felt the portrayal of another human. It is this that makes Roderick Taliferro popular.

The story based upon that alluring epoch of Mexican history, the Empire of Maximilian, has interwoven soft romance, jarring war and death; but always real. Not for a single moment does the action lag, for it is a tale of arms and strife and with peace the story must end. A mere sketch can not do the book justice, as there are no non-essentials to drop. To know the book one must read it; and in reading it

Roderick and his friends become not well known characters, but living, loving acquaintances, and relentless, pursuing enemies.

Aside from the story two word pictures stand out clear, as masterpieces, the bull fight at the Plaza de Toros, and the battle scene in the taking of Imiquilpan. In this day of surfeit of books, Roderick Taliferro gives genuine pleasure.

## AMUSEMENTS

The return of Edward Garvie to the Auditorium yesterday in his musical farce, "Mr. Jolly of Joliet," should prove welcome to any one who likes lively entertainment, plenty of catchy music, good dancing and attractive show girls. Since its last appearance in Kansas City, "Mr. Jolly" has lost none of the distinctive and original flavor that first made it a go. It still abounds in bright, catchy dialogue, quick repartee, eccentric characters and lively situations of a farcical turn. The musical numbers have been selected with evident desire to drive dull care away. Assisting him are a number of clever persons, but it is Mr. Jolly's jollying that makes the farce take.—Kansas City Times.

W. M. Parson, former Y. M. C. A. secretary is visiting in the city.

Dean Alice Young is unable to attend to her duties on account of illness.

Henry G. Walker left last night for Chicago, to be ready for the Hamilton contest, Monday evening.

The north school of this city is named by the school board "The Shimek School." The professor was instrumental in choosing the site, and spent considerable time and labor in beautifying the grounds.

### COLLEGE IDEA IS CULTURE

President of Wisconsin Says Commercialism not Gaining Fiftieth Commencement Of Wisconsin in June

President Van Hise of the University of Wisconsin does not think utilitarianism rules among college students, or that the majority chose such courses as will net them the quickest and largest returns in money. He said that so far as his observation had gone students do not shun the academic for the scientific course, nor does he believe it true of other universities and seats of learning. The significance of the rapid increase of popularity of the course of applied science, the president says, is that its establishment has attracted many students who would not otherwise have attended.

The University of Wisconsin will celebrate next June the fiftieth anniversary of its first commencement, during which time the newly elected president Charles R. Van Hise, will be inaugurated.

Students desiring to teach in the public schools of the State after the holidays or beginning with the second semester should see Professor Bolton at once. Calls are being received almost daily for teachers of good scholastic attainments and pedagogical preparation. Professor Bolton may be seen daily at Room 217, Hall of Liberal Arts.
