NEW LAW WANTED

LEGALIZE COLLECTION OF SPECIMENS IN IOWA

May Affect University Science Museum—D. H. Talbot Will Propose It

The present session of the legislature will be called upon to consider legislation which may have a direct bearing upon the existence of the University Science Museum of the State University of Iowa. In an interview last week D. H. Talbot of Sioux City, the largest single contributor to the science museum of the State University called the attention of the fact that there is at present upon the Iowa statute books a law making it illegal to collect specimens within the borders of the State. Mr. Talbot in the person undertaking such collections makes himself liable to punishment even if the work be carried on for the sake of science or for educational exhibition purposes. The validity of the law is recog- nized by a decision of Judge Emil McClain of the supreme court and an opinion from the Attorney General of Iowa.

Mr. Talbot stated that he would ask the legislature to con- sider an amendment nullifying the conditions of the present law providing the collections are being made for scientific purposes. He said he did not believe the present stringent law to be ne- cessary. Moreover he declared to be his belief that Iowa is still a prolific field for the collector of scientific specimens.

Mr. Talbot has given his en- tire life to the study of science and natural history. He is a rare, indeed. He was the first to discover the Iowa prairie chicken. During the past year he has been engaged in searching for the rare species of the region of the park near Sioux City. The specimens so collected may soon be presented to the museum. Mr. Talbot ex- pressed his eagerness for a new building for museum building here.

Athletic Election Tonight

The meeting of the athletic union tonight in the liberal arts auditorium promises to be larg- ely attended despite the fact that the fight for offices is all off. By compromise of the two factions which contributed largely to make a lively issue of the time of the annual meeting there is but one ticket in the field at present and the slate probably go through tonight with- out opposition. The compromise tickets to be voted on tonight is as follows: H. G. Walker, presi- dent; P. Donovan, vice presi- dent; F. D. Barker, assistant treasurer; and D. M. Griffin, secretary.

Gilbert L. Voeb, has pledged Beta Psi Phi.

May Play Northwestern

Manager H. E. E. Manager has returned from Chicago where he was in connection with the preparation for this year's football schedule. Mr. Spangler would not give out anything definite returning from his trip but did state that the report sent out that Northwesterns had refused a game with Iowa was false. He said that the Methods manager had made no such refusal. It is understood that negotiations are on for a game with Chicago for next year. The local management believes that the wish of the Iowa team during the season that has just closed desires for it a heavier schedule for next year.

Ivy Lane is planning to give a musical program in the near future.

Miss Ben Oliel who is lectur- ing under the auspices of the Y.W.C.A. addressed the assem- bly this morning.

The Zeta met tonight and post- poned the election of a secretary on account of the Law preliminary. The next meeting will be held Thursday, January 19.
