## DENTISTS ARE COMING

### OLD TIMERS WILL SOON GATHER HERE

Alumni Dental Society to be Organized—Big Program of Clinics Arranged

Hundreds of former university dental students will be here February 1 and 2 at the invitation of Dean Hosford of the dental department. An interesting series of clinics has been arranged.

This will be the first time the alumni of the dental college have been called together since the founding of the department and the replies already received indicate that Iowa City will be filled with tooth doctors on the two days set apart for the work. The clinics already assigned are to be conducted by men from all parts of Iowa, Nebraska, Minnesota, Illinois and Wisconsin. During the afternoons the visiting doctors will have an opportunity to visit the university hospital and witness the clinics as conducted by Drs. Guthrie, Jepson and Brown.

While the former dental students are here an effort will be made to organize a Dental Alumni Association. Those from out of town who will participate in the program are:

John W. Gleussing, Moline.  
C. M. Work, Ottumwa.  
W. W. Wold, Jackson, Minn.  
R. B. Shannon, Sterling.  
F. J. Ruggles, Nevada.

## NUTTING TO LECTURE

### LOCAL SERIES BEGINS TOMORROW NIGHT

Auditorium Will be Used—Will Continue More Than a Week Interesting Subjects

Beginning at 7 o'clock p. m., Wednesday, January 20, Professor Nutting will give a course of weekly illustrated lectures in the auditorium of the hall of liberal arts. To these the University pupils and friends are invited.

Professor Nutting prepared the lectures for use elsewhere on various occasions, but, feeling that his students should have the benefit of his work, he decided last year to present them in the Zoological rooms to the members of his classes. Since many who are not connected with the department have expressed a wish to hear them, arrangements have now been made to use the auditorium, the Zoological room being too small.

The subjects of the lectures are as follows: 1. The Bahama Expedition. The Bahamas and Tortugas; 2. The Bahama Expedition. Havana and its Harbor; 3. The Highways and Byways of Naples; 4. The Naples Zoological Station, and Excursions to Capri and Ischia; 5. Pompeii, the Buried City; 6. The Cliff Dwellers of the Mesa Verde; 7. The Bottom of the Sea, its Physical Conditions and Animal Life; 8. Life on Board the U. S. S. "Albatross"; 9. The Hawaiian Islands, Oahu, Maui and Molokai; 10. The Outliers of the Hawaiian Group. Laysan, Kauai, etc.

Admission is by card which may be had on application at the office of the President or of Professor Nutting. The lectures will begin promptly at 7 p. m.

### Edda

Edda met Saturday evening. F. Rosenblatt read a very interesting paper on the late Dr. Fenger, of Chicago. He gave a sketch of Dr. Fenger's life and pointed out his great services to surgery and the science of medicine in general.

Miss V. Kastman gave a reading from "Tegner."

W. F. Olsen was elected to membership.

### Engineers Are Busy

Twelve of the seniors in Civil Engineering left on the "Band wagon" Monday morning for Scale's Bend where they made a survey for a bridge over the Iowa river at that point. The structure will be about 350 feet long, composed of two spans. The class will design the bridge, which is to be built as soon as possible. The design and supervision of the work will be under the immediate charge of Professor Sims, who is engineer for the County.

## CHAMPIONS OF IOWA

### THREE STRAIGHT VICTORIES AT BASKETBALL

Highland Park, Des Moines and Grinnell the Victims—Wisconsin here March 2

The University Basketball Team has returned from Des Moines where Saturday night it disposed of the Highland Park college team by the score of 28 to 19. It was the last game of the series which the Varsity boys were playing and they let the Highlanders off easy.

By winning three straight games from Grinnell, Des Moines and Highland Park the Varsity men have clearly demonstrated their right to the state championship. The remarkable part of it all was the fact that every one of the contests was played on the floor of the Varsity opponents. Only one of the games was at all close, that being at Grinnell.

Manager Ross said today that the basketball men were greatly encouraged over the success of the team. He is making arrangements for a number of additional games. A game has been scheduled with the Wisconsin university team for March 2, here.

### Dr. Frank Rutter

Dr. Frank R. Rutter, who will come to the university to serve as lecturer in commerce and statistics for the second Semester of this year, has had a wide and varied experience in the line of work which he is about to take up here. He graduated from John Hopkins University with the degree of B. A. in 1894, and, after serving as Fellow in Economics at that university, in connection with his graduate studies. He received the degree of Ph. D. in 1897.

In 1898 Dr. Rutter entered the civil service by appointment to an editorial position in the United States Geological survey. Later he was transferred to the Department of Agriculture and is now engaged in statistical work in the Foreign Market Division of that department.

From February, 1903, Dr. Rutter was connected with the faculty of the graduate school of Columbia University at Washington first as Lecturer in Economics. He has published a number of valuable economic papers, among them being one on "South American Trade of Baltimore" (J.H.U. Studies Sept. 1897) and another on, "The Sugar Question in the United States" (Quart. Journ. of Econ., Nov., 1902.) He has also in preparation for a bulletin of the Department of Agriculture a discussion of the "International Sugar Situation in 1904"

Dr. Rutter will conduct courses on transportation, commerce and consular service, practical and theoretical statistics, and the critical study of statistical materials.

## BIG DEBATE FRIDAY

### MINNESOTA PRELIMINARY IS THE NEXT

Zets and Irvings Well Represented—Tariff Question the Issue in Controversy

The honor of being a member of the Iowa debating team which will contest against Minnesota, combined with the credit for having assisted in humbling the pride of the opposing society here will be the goal for which the representatives of Irving and Zetagathian will strive Friday night. The Minnesota preliminary debate to decide the make up of the Iowa team this year will be held at the opera house at 8 o'clock. The question to be debated is: Resolved, that under existing conditions in the U. S. a revenue tariff would be preferable to a protective tariff.

Irving will affirm and Zetagathian deny. Irving will be represented by O. G. Davies; J. D. Lynch and A. C. Gordon. The Zetagathian debaters will be R. Files; R. R. Randall and R. C. Quigley.

Both sides have prepared long and well for the contest and a warm discussion is certain. Much trouble has been experienced in securing judges for the contest. Over sixty names have been suggested by both sides but because of some known opinion on the tariff question have been refused.

A small admission will be charged Friday night to defray the expenses.

### Drake Will Play

The baseball enthusiasts at Drake are determined upon having baseball this spring and will probably succeed. The board of control once voted to do away with the sport this year but later decided that providing 150 season tickets were sold a team might be put in the field. The ones who favored a team at once got to work and have succeeded in selling the required number of tickets.

The Des Moines papers say that Drake will at once seek admission to the state league. They also say that it was the intention of the Drake authorities to send a delegate to the meeting here last week but because of ignorance as to the date he did not appear.

Drake has already scheduled a game with Simpson.

Y. M. C. A. prayer meeting Wednesday evening 6:30 at Close Hall.

Hesperian has elected the following officers for the winter term: Lyda Hodge, president; Cecil Long, vice president; Elizabeth Ogden, recording secretary; Janeattee Jamison, corresponding secretary; Maud Smith, critic; Bertha Beauchamp, treasurer.

Give It Recognition

No stronger argument could be advanced in favor of the recognition of basketball by the board of athletic control than the brilliant successes of the team on its last trip to Grinnell and Des Moines. Three consecutive victories over teams of no little strength is a record of which any team might be proud. Above all, the members of the team themselves deserve credit because without the support of the board of athletic control they went ahead and shouldered the responsibility of the undertaking. Surely after they have done so much as this, the board of control cannot help recognizing this department of university sport by giving it representation upon board.

Basketball is coming year by year to occupy a more conspicuous place among school athletics. This must be true at Iowa in view of the prospects for a new gymnasium. In view of this growing importance and the attitude taken toward this kind of sport at other institutions, why not give it greater recognition at Iowa.

In a single week comes the word that an Iowa University

man has become president of the DePauw University: another Iowa University man is the first to be elected for a second time to the supreme bench of Colorado and still another Iowa University man becomes president of the United States Trust and Savings Bank. If this thing keeps up it may be necessary to shorten the course of instruction here in order to get a sufficient number of men out to fill up these places of honor.

No doubt Illinois regards debating as far more important than football.

**TENNIS MEN PREPARE FOR  
SPRING CONTESTS**

Preliminary Work in Gymnas-  
ium Hopeful—Inter-collegiate  
and State Meets

In anticipation of many hard  
contests when the regular season  
opens up in the spring, the candi-  
dates for tennis honors have  
already begun work in the gym-  
nasium in Close Hall. Nets are  
stretched across the gym floor  
every forenoon and the wielders  
of the racket work out to their  
heart's content. The practice  
that has thus far been secured in  
this manner has shown itself up-  
on the men who have been en-  
gaging in it in the way of im-  
proved wind and greater accu-  
racy in shooting the ball.

There are about ten candidates  
for tennis honors this spring all  
of them more or less promising.  
The only Bailey, champion of the  
state and then some, is still in  
school and will probably repre-  
sent the old gold on the courts  
again this year. The tennis  
squad will be materially weaken-  
ed because of the decision of  
Dennis and Yessler not to play  
since they will give their entire  
attention to baseball this season.

Iowa will be represented in  
the state tournament this year  
as usual and may have a team at  
the inter-collegiate contests at  
Chicago.
