DENTISTS ARE COMING TO TOWN. LOCAL SERIES BEGINS FOR MORNING WIGHT.

Auditorium Will Be Used—Will Continue More Than a Week Interiting Subjests.

Beginning at 7 o'clock p.m., Wednesday, January 13, Professor Nutting will give a course of weekly illustrated lectures in the auditorium of the ball of liberal arts. To those the University pupils and friends are invited.

Professor Nutting prepared the lectures for use elsewhere on various occasions, but feeling that his students should have the benefit of the work, he decided last year to present them in the Zoological rooms to the graduate student of all branches and many who are not connected with the department have expressed a wish to hear them, arrangements have now been made by the auditors, the Zoological room being too small.

Subjects of the lectures are as follows: 1. The Bahama Expedition. The Bahamas and Tortugas. 2. The Bahamas Expedition. Havana and its Harbor. The Highways and Byways of Naples. 3. The Naples Zoological Station, and Excursions to Capri and the Buried City. 6. The Cliff Dwellers of the Mesa Verde. 7. The Bottom of the Sea, its Physical Conditions and Animal Life; 8. Life on Board the U. S. S. "Albatross." 9. The Hawaiian Islands, Oceanic Drift and the Nihoa. The Outliers of the Hawaiian Group Laysan, etc. Admission by ticket may be had on application at the door of the department or of Professor Nutting. The lectures will begin promptly at 7 p.m.

Soda and Saturday evening, F. Rosenbluth read a very interesting paper on the late Dr. Fenger, of Chicago. He gave a sketch of Dr. Fenger's life and pointed out his great services to surgery and the science of medicine in general.

Miss K. Gastman gave a reading from "Tugger." W. P. Olsen was elected to membership.

ENGINEERS ARE BUSY.

Twelve of the seniors in Civil Engineering left on the "Band" for the next semester to study under the direction of Professors Sima, who is engineer for the County.

BIG DEBATE FRIDAY.

MINNESOTA PRELIMINARY IS THE NEXT.

Zeta and Irving's Will Represent—Tariff Question the Issue in Controversy.

The honor of being a member of the Iowa debating team which will contest against Minnesota, combined with the credit for having assisted in building the pride of the opposing society here will be the goal for which the representatives of Irving and Zetagath will strive Friday night. The Minnesota preliminary debate to decide the make up of the Iowa team this year will be held in one of the halls at 8 o'clock. The question to be debated is: Resolved, that under existing conditions in the U. S. a revenue tariff would be preferable to a protective tariff.

Irving will affirm and Zetagath will deny. Irving will be represented by G. J. Davies, J. D. Lynch and A. C. Gordon. The Zetagath side will be read by Files: R. R. Randall and R. C. Quigley.

Both sides have prepared long and well for the contest and a warm discussion is certain. Much trouble has been experienced in securing judges for the contest. Over sixty names have been suggested by both sides but because of some known opinion on the tariff question none has been accepted.

A small admission will be charged Friday night to defray the expenses.

Drake Will Play.

The baseball enthusiasts at Drake are determined upon having a magnificent season this year and probably succeed. The board of control once voted to do away with the sport this year but later decided that providing 150 season tickets a team might be put in the field. The ones who favored a team at once went to work and have succeeded in selling the required number of tickets.

The Des Moines papers say that Drake will at once ask admission to the state league. They also say that it was the intention of the Drake authorities to send a team to the state league here last week but because of ignorance as to the date he did not appear.

Drake has already scheduled a game with the University of Michigan.

Hopper has elected the following officials for the winter term: Lydia Hodge, presidents; Cecil Long, vice president; Elizaboth Ogden, recording secretary; Jane Hopper, corresponding secretary; Maud Smith, critic Bertha Beauschamp, treasurer.

Under the Act of Congress of March 4, 1861. Get it by recognition. No stronger argument could be advanced in favor of the recognition of basketball by the athletic control than the brilliant successes of the team on its last trip to Grinnell and Des Moines. Three consecutive victories over teams of no little strength is a record of which any team might be proud. Above all, the members of the team themselves deserve credit because without the support of the board of athletic control they went ahead and shouldered the responsibility of the undertaking. Surely after they have done so much as this, the board of control cannot help recognizing this department of university sport by giving it representation upon the board. Basketball is coming year by year to occupy a more conspicuous place among school athletics. This must be true at Iowa in view of the prospects for a new gymnasium. In view of this growing importance and the attitude taken toward this kind of sport by other institutions, why not give it greater recognition at Iowa. In a single week comes the word that an Iowa University man has become president of the DePauw University: another Iowa University man is the flat to be elected for a second time to the supreme bench of Colorado and still another Iowa University man becomes president of the United States Trust and Savings Bank. If this thing keeps up it may be necessary to shorten the course of instruction here in order to get a sufficient number of men out to fill up those places of honor. No doubt Illinois regards debating as far more important than football. Grinnell—Des Moines—Highland Park—Next! Pendleton. Three consecutive triumphs over teams of no little strength. ALREADY AT WORK

TENNIS MEN PREPARE FOR
SPRING CONTESTS

Preliminary Work in Gymnas-
ium Hopeful—Inter-collegiate
and State Meets

In anticipation of many hard
contests when the regular season
opens up in the spring, the can-
didates for tennis honors have
already begun work in the gym-

nasmium in Close Hall. Nets are
stretched across the gym floor
every evenoon and the wielders
of the racket work out to their
heart's content. The practice
that has thus far been secured
in this manner has shown itself ap-
peals to the men who have been
engaging in it in the way of
improved wind and greater ac-
curacy in shooting the ball.

There are about ten candidates
for tennis honors this spring all
of whom are more or less promising.

The only Bailey, champion of the
state and then some, is still in
school and will probably repre-
sent the old guard on the courts
again this year. The tennis
squad will be materially weaken-

ed because of the decision of
Denzil and Yowell not to play
since they will give their entire
attention to baseball this season.

Iowa will be represented in the
state tournament this year as
usual and may have a team at
the inter-collegiate contests at
Chicago.
