GOOD LIST OF GAMES

PART OF FOOTBALL SCHEDULE ANNOUNCED

Includes Illinois, Minnesota Nebraska and Iowa Colleges—Others to be Arranged

Manager H. E. Spangler of the university football team has announced a few of the football contests which he has already arranged for the coming season. As stated before there will be no game with Chicago since that institution has filled its heavy dates. Whether there will be games with Wisconsin or Northwestern remains to be seen. It is supposed that negotiations are on with Northwestern, however since, Manager Spangler stated that the report that Northwestern and refused a game because of a decision to play fewer heavy games was false.

Two Big Nine games are assured, these being with Illinois and Minnesota. The Minnesota game will be played on Iowa field and will probably be an early season game. The Illinois game will be played at Campaign since the Iowa-Illinois game was played here last year. A game with Nebraska is also assured for next season when the Iowans will square up for the hard luck game they lost to the Nebraskans the last season.

There will be the usual run of Iowa college games. The annual game with Drake will be played at Des Moines if the Drake management succeeds in providing suitable grounds which they have not done heretofore. Manager Spangler wishes to play this game in Des Moines to satisfy the cry of the Des Moines S.U.I. alumni for one university game in the capital city. Early season games have been arranged with Coe and Cornell and the Iowa College team at Grinnell will also be taken on for another hard contest.

As for Ames, Manager Spangler is not making any public statements. It is presumed however that negotiations are in progress with the agriculturalists for a game which was made impossible last year because of a conflict in dates.

A New Sorority

Iowa has a new class sorority, a chapter of the Nu Epsilon having been established here this week. It is a national senior girls' sorority and was established here through the efforts of the senior girls at Northwestern. The chapter is now well organized and is awaiting its charter. The officers elected are as follows: Lulu Moulton of Maquoketa, president; Lulu Miles of Lineville, vice-president; Mar the Pattie of Storm Lake, secretary; Lulah Blaine of Council Bluffs, treasurer.

SCIMITAR AND FEZ

ROYAL TURKS WILL SOON GET BUSY

First Initiation Tonight—The Ten Honor Men—Sultan's Busy Day

Scimitar and Fez, The Royal Turks, the organization which is made up of senior boys will have its first initiation of the year tonight. Things will be carried out in a manner that will make the old Sultan himself look green-eyed. There will be everything that adds sunshine to the life of the real Turk.

This is the third year that Scimitar and Fez has existed here. Its membership consists entirely of senior men. The local chapter is known as Abdul Hamid II. Henry G. Walker is the present sultan, this being the only office maintained by the organization. The organization is maintained from one year to another by the selection of ten members from the Junior class who seem to be suitable candidates for the Sultan's domain. The ten who were chosen last year and who will conduct the initiation tonight are Henry G. Walker, C. P. Schenck, W. T. Hellburg, F. T. Kern, L. D. Bedford, E. R. Jackson, E. R. Johnston, J. F. Kunz, B. A. Moffatt and C. O. Briggs.

Sigma Nus Entertain

The Sigma Nu party last night in the Armory was the most successful society event of the year thus far. The arrangements had been made on a very elaborate scale. The decorations almost reached the point of extravagance.

The big armory was turned into an Italian garden. Large pillars supported the balcony and huge palms were scattered about in profusion. There were smaller Venetian balconies on every hand. The ceiling was covered with the University colors while the Sigma Nu colors prevailed upon the sides to such an extent that the balcony was almost shut off. A double staircase arose from the main floor to one division of the balcony where the refreshments were served. The orchestra seated upon the stage consisted of fourteen pieces. It was after three when the party broke up.

The annual Sigma Nu banquet will be given tonight at the Berkeley Imperial hotel. It will be carried out on the same elaborate plan as was the party last night. A large number of alumni guests will attend. Most of the visiting Sigma Nus will return home tomorrow.

Dr. Harriman is still in a very critical condition and there is no hope for his recovery.

Morningside college at Sioux City last night won a unanimous decision from Simpson in debate.

ZETAGATHIAN WINS

SECURES UNANIMOUS DECISION OF JUDGES

Both Sides of Question Well Presented—Zets Elect Files and Randall

The annual Minnesota preliminary debate between the members of the Zetagathian Society and Irving Institute was held last night at the Opera House before a fair sized audience. Preceding the opening of the discussion the usual yells were given and the specially prepared songs were sung by the members of the rival societies.

Irving through her representatives A. C. Gordon, John D. Lynch and O. R. Davis affirmed the question "Resolved, that under existing conditions a revenue tariff would be preferable to a protective tariff. R. C. Quigley, R. R. Randall, and R. Files denied the proposition in behalf of Zetagathian.

The debate was marked with a strong clashing of arguments and rebuttal from the beginning. The merits and defects of the revenue and protective tariff systems were clearly and forcibly given. The debaters not only showed good understanding of the subject but also the ability to systemize their arguments and present them in a forceful way.

The judges of the debate were C. M. Dutcher, Milton Remley, and C. S. Ranck. These were chosen yesterday after some eighty names had been considered. Their decision was unanimous for the negative.

This decision entitles the Zetagathians to elect two members on the team which represents Iowa in the Iowa-Minnesota debate at Minneapolis February 26. Irving institute selects the third member. Iowa will oppose the "tariff for revenue only" in a similar question to be debated at Minneapolis.

The Zets at their business meeting this morning elected Messrs Ray Files and R. R. Randall to represent them in the finals.

Big Book Shipment

Probably the largest consignment of books that has come through the U. S. mail to Iowa City recently, arrived at the library of the State Historical Society of Iowa yesterday morning. It consists of eleven mail sacks filled with 400 large volumes in uniform binding, from the Government at Washington. These books embody all the documents issued by the different departments of the 54 and 55 Congress and form a valuable addition to the library's very complete set. It was through the influence of Congressman Wade that these volumes were able to be secured for the Historical Society.

SCIENCE OF ETHICS

DISCUSSED LAST NIGHT AT BACONIAN CLUB

Paper by Dr. H. W. Stuart on Interesting Subject—Ethics A Science of Conduct

Baconian met last night in the Physics lecture room. The paper of the evening was by Dr. H. W. Stuart on "Ethics, Its Nature and Place among the Sciences." An extract from his paper follows:

"There are two distinct parts of our nature, the moral and the ethical. We often know what is right but persist in acting wrongly. With regard to conscience, it has been held by some, that it has no real authority and holds sway only in so far as we have learned by experience that compliance with its dictates results in pleasure or pain. Conduct comprehends the adjustment of acts to ends. In any case of conduct there are two possibilities, first the object may succeed and thus bring pleasure or it may fail and thus prove unsatisfactory.

"Ethics is a body of principles and rules for the control of conduct. It presents a general statement of how an individual is to proceed in arriving at a decision as to a course of conduct when two alternatives are presented in order that a satisfactory adjustment may be found.

"One of the problems of Ethics is to adjust conduct to the physical conditions of life. Lower organisms react to external environment blindly and may suffer therefor, but man meeting adverse physical conditions, intelligently analyzes the situation and avoids certain activities in order that he may live to enjoy certain other lines of pleasurable activity, thus in the case of man there is a conscious adaptation based upon acquired knowledge. A large part of our knowledge is gotten not to avoid disaster but that environment may be turned to positive use. Man's nature is not passive but actively controls its own environment to a degree.

"Ethics is not an observational science as Biology but is a science of conduct closely related in its methods to logic."

Pharmaceuts Entertain

Last night the ladies of the senior pharmacy class assisted by Miss Cooper, entertained the Professional Woman's League at the home of Miss Clara Corlett on S. Dubuque St. Progressive games were the order of the evening and the prizes and souvenir tallies were suggestive of pharmaceutical things. During the evening a beautiful piano duet was rendered by Miss Charlotte Heide and Miss Cooper.

Whitney Society will meet Monday evening.

The Debate

The excellence of last night's contest between Irving and Zet-agathian insures Iowa of an able team to represent it against the debaters from the University of Minnesota. The members of the two societies composing the debating league will have no easy time in selecting the best three men from the six who competed, the general average of the productions being of such a high order.

The spirit manifested by both of the competing societies last night deserves commendation. There was plenty of enthusiasm and it was of the right kind. It is unfortunate that a decision is necessary in a contest of that sort; its importance is too often exaggerated.

It has been a week since the basketball team won a victory. Which is the same as saying that it has been a week since it played.

If the politicians around the university do not soon discontinue operations we will get a regular Des Moines reputation.

If there was a Minnesota spy in the audience last night, Minnesota will probably follow Wisconsin's example.

Wisconsin at least saved herself from a good trouncing by calling off the Iowa debate.

EXCHANGE

The Chicago Maroon prints a daily letter from Michigan.

Even the students at Drake university got mixed up in the Des Moines primaries.

The institutions on the Pacific coast are engaged in a chess tournament.

Upper Iowa University has twenty-five more students now than at this time last year.

Illini: The Daily Iowan says that The Illini frequently appears without any editorials. The statement is quite true. Furthermore many of the editorials in some of The Illini's exchanges could well be omitted.

MOST young people select their life partner and their occupation on a sentimental basis rather than by deliberate judgment. The best profession is

- 1st. That which renders the greatest service to humanity.
- 2nd. That which is accompanied by a good income.
- 3rd. That which makes one his own employer.
- 4th. That has reasonable office hours, leaving time for self development and recreation.
