UNIVERSITY PAYS TRIBUTE TO DR. JOHN W. HARRIMAN

All Departments Closed While Students and Faculty Gather at the Birer of the Eminent Surgeon

The State university of Iowa paid a final tribute today to one who has been a moving figure in its progress and development for nearly fifteen years. The funeral of Dr. John Walter Harriman was the occasion for regret and sorrow on the part of all connected with the university and those who had known him. The students of the university and particularly those of the medical department took occasion to express their regard by attending the services in a body, and faculty members who had been associated with years for the deceased expressed their regard and admiration for him in un

Despite the bitterness of the weather the funeral, this morning, at the First Congregational church was largely attended. All of the students of the medical department with the university faculty occupied seats toward the front. Students of the other university departments and friends of the deceased occupied the remaining seats and stood in the aisles filling the church to the very doors. President Harriman's body was brought to the Bier Island depot to be sent to Hampton Iowa, where it will be interred in the family vault. The funeral proceeded to the train by the medical students and the faculty members marching.

Dr. Harriman's death occurred suddenly early morning last Sunday after an illness of three weeks following an operation for appendicitis. He had been in a very serious condition immediately following the operation but his condition improved greatly and it was thought that his chances for recovery were good. However, he kept growing continually worse and toward the latter part of last week it was realized that there was no hope for him. The news of his demise was the signal for much sorrow yesterday.

WADE SENDS SYMPATHY

Congressman M. J. Wade sent the following telegram of sympathy:

Washington, D.C., Jan. 20, '04.
Prof. E. MacLean
Iowa City, Iowa.

Pondered to join me with bereaved faculty in expression of great at loss of our noble friend and co-laborer, Dr. Harriman, has a touch of death, but the hour of greatest power.

J. M. W. Wade

John Walter Harriman was the son of Senator Harriman of Hampton. He was born in 1855, and received his early high education in Cornell college, M. Vernon and Northwestern college. He came to Iowa City, and entered the College of Medicine, State University of Iowa when about 25 years of age. Here he distinguished himself, as an especially capable student particularly in anatomy. He failed yet an under graduate, in 1869, he was made assistant demonstrator of anatomy, and the year afterward was promoted to the post of demonstrator of the chief.

He was graduated from the College of Medicine in 1891, and later, in 1893, took post graduate work in New York.

Thereafter, the board of regents of the S. U. elected him subsequently to many posts of honor, all of which he filled with marked ability. He served as instructor in operative surgery, assistant to the surgical clinic, curator of the museum, and was elected professor of anatomy in the College of Dentistry, in 1894, and professor of anatomy in the College of Medicine in 1896—a post he occupied to the day he died.

Temporarily leaving the University during the war in 1865 he served in the South, as surgeon of the 60th Iowa ranking as major.

Dr. Harriman leaves a wife and three children—a son and two daughters, one of the latter an infant.

Cards are out announcing the marriage of Guy Van den Burg P. B. to Miss Harrietta Van de Woude of Orange City. They will be at home after March 15. at Hall Iowa.

Dr. L. W. Andrews has returned from his high school inspection tour. In this trip he visited the high schools of Davenport, Muscatine, Keokuk, Ottumwa, and Marion. ADMISSIONS to the DAILY IOWAN

Entered as second class mail matter, November 8th, 1876, at the post office at Iowa City, Iowa, under the Act of Congress of March 3, 1879.

Dr. John W. Harriman

The Iowan joins in the tribute of the university and its students to Dr. John W. Harriman. In his death the university has sustained almost an irreparable loss. It is needless to speak of him at length, here, the universal tribute to him to-day speaks volumes for his personal worth. It is a sign of real greatness when one of his rank and ability succeeds in being so seen. We should value those new elements of greatness when one of his rank among the best.
