THE FORGETFUL MAN

My wife forgot to mail her letters.

Dr. F. E. Bolts under the University of Iowa. He has decided on the results of his investigations in the Democrat which was recently issued from the University of Chicago press.

"How many married men queries the professor, "have in fallible memories for mailing their wife's letters, purchasing a spot of thread, recalling the dress someone was at a party, describing the setting of a table the day before, recalling the decorations of a room? Men who have school and college been compelled to cram their memories with all these things for two or three years are expected to have memories for the important things of every-day life."

From all this the professor concludes that the memories of married men are very bad things to have in the curriculum of colleges. Better says the professor, able to remember a spot of thread at ten right time to have all the conjugations of the irregular Latin verbs on your tongue's end.

Education, according to Professor Bolts, is a preparation for life. Why should young men have to spend so much time learning Latin and Greek, which spell their memories for the important things of real life?

Letters' Club met last night at the Sigma Chi house.

Dear Sir: In response to your communications, I would like to inform you that our concern is the provision of services as well as the training of the students. We are committed to providing the best possible experience for our students and at the same time to inform you about our services. We understand that you require a high-quality service that can be tailored to meet your specific needs.

Writers' Club met last night at the Sigma Chi house.

Among the handsome and valuable structures destroyed by the recent disastrous Baltimore fire was the Chapter house of Phi Kappa Psi located in the doomed portion of the city.

The University of Minnesota is planning for its second annual University Circus which will be held on March 5 and 6. The proceeds from the performances will be used to promote gymnastics at Minnesota.

Likes Western Men

William Morley, football coach at Columbia University in a recent interview said:

"I believe in the western young man for a football player. I may be prejudiced, for I am from the west, but the experience at Columbia has shown me that a western man is a desirable one.

"The western man we find, have more self-reliance and push. They have lived outdoor lives and have built up good constitutions. They have gained confidence in themselves.

"I believe," continued Morley, "that the rules committee will do away with the two systems of playing made necessary by the rules of the last year. The committee will adopt either the old style for the entire field, or it will have the entire field checker guarded and the new rules put into effect from goal line to goal line. I am inclined to think that the committee will decide in favor of the checker board idea, for it proved satisfactory to spectators during the season. I do not know that I care to express a preference for either style of play."

AMUSEMENTS

If you want to drive care and worry away, go to the Opera House tonight. Cohn Hallow Company will do the rest.

Mr. Walker Whiteside will play Hamlet in this city Wednesday afternoon. This fact was settled by wire between Manager Colclough and E. J. Snyder, manager of Mr. Whiteside. The play originally announced was "We are King," but requests were so numerous for a Shakespeare play that Mr. Whiteside finally consented to present Hamlet. Orders for seats will be received at once and filled immediately upon the opening of the advance sale.

The possibility of using radium to convert ordinary rain and well water into a mineral water, more highly medicinal than any known natural mineral water has been demonstrated at the University of Michigan in a series of experiments covering the last ten weeks. In searching for a method by which radium could be applied to the interior of a canister without any danger of the terrible radium, or X-ray burns, it has been demonstrated that the immersion of a sealed tube in pure, distilled water for twenty-four hours produces radio-active water of powerful effects. Injected into cancerous water stopped pain in ten minutes.

FOUND—Pair of glasses. Owner can have same by calling at this office proving property and paying for this insertion.

If you wish to secure a position to teach, write to James F. McCullough 689 Fine Arts Building, Chicago.

The Cravanets

The most practical of all Coats. It is a garment that will keep you warm as well as dry, to wear in the sunshine as well as for full dress, in fact there is no time when it is not correct.

You will need just such a coat in two or three weeks when the rainy season begins. Why not drop in and see "what's doing" in the Cravanets line.

$10.00 to $22.50

Coast & Son

When You Arrive You Are There

The Rock Island's New Chicago Terminal—the La Salle Street Station—is the largest, handsomest, most conveniently arranged and most centrally located depot in Chicago. It is only half a block from the Board of Trade and only a block and a half from the Loop office. All trains of Chicago's elevated railroads stop at its doors.

When you arrive in Chicago via the Rock Island you are there—within easy walking distance of the principal theatres, hotels and business establishments.

Rock Island trains for Chicago leave Iowa City 5 times daily, except Sunday 3 times. Sleepers: Reserving Chair cars; Diner. Full information at the office.
