TO CALL OFF DEBATE
Wisconsin Preliminary Contest Since Wisconsin Has Refused to Debate

Because of the fact that Wisconsin has declined to compete in a final debate against Iowa this year, the preliminary debating contest which was to have been held between Irving and Zetagatlania may be called off. This action may come in spite of the fact that both Irving and Zetagatlania have chosen all their debaters and have previously practiced and performed the preparation of their cases.

Those interested in the debate contend that without the goal of a final debating contest against Wisconsin in view there is little incentive for the debaters who are bound to compete in the preliminary and very little to add interest to the contest from the point of view of the outsider.

The members of the debating squad do not take kindly to the Faculty's attitude taken by the Wisconsin debaters this year in calling off the contest when every thing had advanced so far that it was practically impossible for Iowa to arrange a contest to take the place of the one against the Badgers. They are entitled to believe that the Wisconsin debaters were acting with a sight attack of cold feet.

DOPE STORY No. 3
This Time it is the State Normal

Says Pedagogy Will Do Wonders This Year on Diamond, Track and Gridiron

The State Normal school will cut some ice in athletics this year according to the confident statements of Mr. Wright, head of that institution. Mr. Wright was in Des Moines yesterday and threw down the gauntlets to the rest of the colleges of the state and made it work to win.

"We will be in it all right," said Mr. Wright. "I am not predicting that Normal is going to win the state meet, or anything like that; but what we are looking pretty hard on winning some points, and perhaps we shall surprise some of the fellows who have been working nights over hope stories, I think they forget that it is going to win some of the events counted on, as sure for some of the other schools, and put the result of the most probable outcome of this year."

In the course of his interview Mr. Wright predicted good things from Hamilton in the sprints; Campbell in the long runs; "Sioux" Jones in the jumps; Tommy Jones in the weights; Woods in the pole vault.

Concluding he said: "We are not claiming everything in sight, as others are but we are trying to do something in.

We have a good lot of new beginners who have played the well-known ability of Peil as a trainer. We have a new group of riders, which if we can do better than usual at the state meet this year, it is going to be a grand demonstration of Iowa spirit and national patriotism.

Our Theatrical Opportunities

There has been a great deal of manifest dissatisfaction late about the University over the opportunities offered to see good plays and good actors at the Opera House. There have been a number of pleasant new plays such as "Quincy Adams Sawyer" and "Paul Primrose" seen here this fall, and more recently we have had William Owen, Chas. B. Hanford and DeGrasse.

But with the vote of approval, there has been heard a call for more. There are a great many discriminating theatre goers among the faculty and students and in the city, and they are asking for such actors as Soothern, Mansfield, Skinner and Mrs. Fiskes. Why not? Iowa City is easy of access from all directions. The IOWAN believes that should the leading companies, which play in Davenport and Cedar Rapids, come to Iowa City, the result would be large and paying audiences and very great approval on the part of Iowa City theatre goers, and all interested in the highest forms of modern drama. All the persons named appear regularly at college towns but little larger than Iowa City—notably Galesburg—and if the demand expressed can be taken as any indication, the coming of the largest and best companies would be a successful venture, financially as well as dramatically and artistically.
