WATTERSON COMING

NOTED KENTUCKY JOURNALIST TO LECTURE

Will Lecture on Abraham Lincoln Under Auspices of S. U. I. Lyceum Bureau

The man who sets the standard of Kentucky Journalism; upholds the principles of democracy against all comers; hurls bitter invectives against New York's four hundred is scheduled for a lecture in Iowa City next Saturday night. Henry Watterson known all over the country as a lecturer and after dinner speaker, will discourse at the opera house on the very prolific subject of "Abraham Lincoln." The lecture will be given under the auspices of the S. U. I. Lyceum Bureau.

Watterson is making a tour of the western country giving lectures at all of the principal cities. The organization of university students known as the S. U. I. Lyceum Bureau is fortunate to secure him.

The oration on Lincoln which will be delivered here is the one which was originally given in the Chicago auditorium on February 12, 1895 in commemoration of the eighty-sixth anniversary of the birth of the martyr president. The speech is said to have made a great impression at that time.

Track Men Out

A number of men including Coyle, E. Davis and Burns were out last night practicing in the liberal arts corridor. The corridor was found to be an excellent straight away. "Farmer" Burns who has played on the baseball team for the past two years, has decided to go into track work this spring.

J. B. Charlton of Clear Lake is visiting his son, a sophomore medic.

Ben Sallanger L. '07 who has been ill for some time has gone to his home in Carroll.

"Heine" Hubers L. A. '06 has left the university and gone to Davenport to engage in business with his father:

H. F. Kuhlemier, C. F. Semeren, G. F. McKibben are in Chicago attending the conference of the western division of Delta Tau Delta.

The Y. M. C. A. and the Y. W. C. A. will entertain their members next Monday evening February 22 at Close Hall from 8:30 to 11 o'clock.

Irving and Erodolphian are preparing to give two farces in the near future. The cast of the first entitled "Sunset" is Miss Stone, Miss Sunier, Crossan, Moore and Peirce. The other one will be given by Miss Stoner, Bridgens and others.

FRESHMEN TO FEAST

ANNUAL BANQUET COMMITTEE CHOSEN

In Spite of Precedents and Faculty Admonitions the '07's Will Banquet

To say that the freshman class is slow or unprogressive might be a perversion of the truth. Despite all faculty admonitions; precedents set by the class of '06, and mindful of the other numerous difficulties connected with the undertaking, the "freshies" have decided to give a class banquet.

Wednesday afternoon a spirited meeting was held in Assembly Hall. Flowery eloquence was displayed by the "infant prodigies" and at times seven or eight were on the floor calling for recognition. After much discussion the members came to the conclusion that it would be a disgrace to be the second class that "couldn't hold a banquet". Accordingly the following committee was elected to look after the arrangements: Peirce, chairman; Coyle, Burgess, Miss Maynard and Veblen. The committee is saying nothing but laying ponderous plans.

Honor for Professor Flom

Professor Geo. T. Flom of the Department of Scandinavian appears as American Co-editor of a new literary journal entitled "Scandia, Maandblad voor Scandinavishe Taalen en Litteren." The journal is published in Holland, Europe and is devoted exclusively to language, literature, social conditions, culture and art of the Scandinavian people. It is edited by the two well known scholars Professors H. Logaman and D. Logaman-van der Willigen, in Ghent, Belgium, and is supported by a number of the best known scholars in the Scandinavian Counties, such as: George Brandes, C. Collin, O. Jespersen, A. Moreen and others.

The selection of Dr. Flom as an assistant editor on this journal is another proof of the reputation which he holds among scholars in his line of work in this country and in Europe.

Is Not The First

The formation of a fraternity composed of those athletes who have won the right to wear their university emblem at Pennsylvania State college is claimed in the Chicago Record Herald as being entirely original. Such a fraternity has existed at Iowa for some time. The Alpha Kappa Omicron is made up of those athletes who wear the official "I". The organization has not been particularly active this year but will soon become so.

Mary S. Buffum Ex. '05 has entered the University for the second semester.

TO CALL OFF DEBATE

WISCONSIN PRELIMINARY MAY NOT BE HELD

No Incentive for Preliminary Contest Since Wisconsin Has Refused to Debate

Because of the fact that Wisconsin has declined to compete in a final debate against Iowa this year, the preliminary debating contest which was to have been held between Irving and Zetagathian may be called off. This action may come in spite of the fact that both Irving and Zetagathian have chosen their debaters and both sides have practically completed the preparation of their cases.

Those interested in the debate contend that without the goal of a final debating contest against Wisconsin in view there is little incentive for the debaters who are to contest in the preliminary, and very little to add interest to the contest from the point of view of the outsider.

The members of the debating league do not take kindly to the attitude taken by the Wisconsin debaters this year in calling off the contest when every thing had advanced so far that it was practically impossible for Iowa to arrange a contest to take the place of the one against the Badgers. They are inclined to believe that the Wisconsin debaters were seized with a slight attack of cold feet.

Baconian

Baconian took up the discussion of "Stereoscopic Projections" last night. The paper was read by Mr. Lorenz. A synopsis follows: It is a well known fact that it is due to our having two eyes that we are able to see things in relief. With one eye closed a view appears flat. In order to secure the effect of relief in stereoscopic projection, the object is to arrange it so one eye will see one picture while the other eye sees a different picture. Various devices are used to secure this effect, such as mirrors, lenses, polarized light, colored light and screens.

Light is a wave phenomena a regular succession in time and space of cyclic changes. Color effects in the eye depend upon the wave length of the light. There are three primary colors red, green and blue-violet and all other colors may be produced by a combination of these.

By superposing a projection of one of these primary colors or another, and then looking at them through correspondingly colored glasses landscape views and geometric figures are seen to stand out in their proper relief forms. The various phenomena were demonstrated by use of stereoscopes and colored glasses.

Harry Krebs L. A. '07 is visiting his parents in Cedar Rapids.

DOPE STORY NO. 3

THIS TIME IT IS THE STATE NORMAL

Says Pedagogues Will Do Wonders This Year on Diamond, Track and Gridiron

The State Normal school will cut some ice in athletics this year according to the confident statements of Manager Joe Wright of that institution. Mr. Wright was in Des Moines yesterday and threw down the gauntlet to the rest of the colleges of the state in most gallant style.

"We will be in it all right," said Mr. Wright. "I am not predicting that Normal is going to win the state meet, or anything like that, but we are counting pretty hard on winning some points, and perhaps we shall surprise some of the fellows who have been working nights over dope stories, I think that Normal is going to win some of the events counted on as sure for some of the other schools, and put the result of the meet more in doubt than the big fellows now think".

In the course of his interview Mr. Wright predicted good things from Hamilton in the sprints; Campbell in the long runs, "Sioux" Jones in the jumps; Tommy Jones in the weights; Woods in the pole vault. Concluding he said:

"We are not claiming everything in sight, as others are but only what we believe we can do something in. We have a good lot of new material to work on, and with the well-known ability of Pell as a trainer to count on, Normal will do better than usual at the state meet this year."

Convocation Monday

The regular Washington's Birthday convocation will be held at the Opera House Monday at half past ten, and it will be welcome news to the student body as a whole that the convocation address will be delivered by Prof. W. C. Wilcox of the University faculty. The title of his address will be "Back to Washington." The Rev. Joseph Sinkmajer will be the chaplain of the day.

The address will be good, and it is expected that all will turn out and make this convocation a grand demonstration of Iowa spirit and national patriotism.

Sigma Xi Lecture

The annual lecture of Sigma Xi will be delivered this evening by Prof. Henry B. Ward. His subject is "The Mosquito in Its Relation to Disease." Admission will be by invitation.

Ed Rule left for Des Moines today.

Dr. Mullin is resting in Chicago after a siege of the grip.

THE DAILY IOWAN
Iowa City, Iowa

Entered as second class mail matter, Nov-
ember 12, 1903 at the post office at Iowa City,
Iowa, under the Act of Congress of March 3,
1879.

Our Theatrical Opportunities

There has been a great deal of
manifest satisfaction of late about
the University over the oppor-
tunities offered to see good plays
and good actors at the Opera
House. There have been a num-
ber of pleasing new plays such
as "Quincy Adams Sawyer" and
"Polly Primrose" seen here this
fall, and more recently we have
had William Owen, Chas. B.
Hanford and DeGrasse.

But with the vote of approval,
there has been heard a call for
more. There are a great many
discriminating theatre goers
among the faculty and students
and in the city, and they are ask-
ing for such actors as Sothern,
Mansfield, Skinner and Mrs.
Fiske, Why not? Iowa City is
easy of access from all directions.
The IOWAN believes that should
the leading companies, which
play in Davenport and Cedar
Rapids, come to Iowa City, the
result would be large and paying
audiences and very great ap-
proval on the part of Iowa City
theatre goers, and all interested
in the highest forms of modern
drama. All the persons named

appear regularly at college towns
but little larger than Iowa City—
notably Galesburg—and if the
demand expressed can be taken
as any indication, the coming of
the largest and best companies
would be a successful venture,
financially as well as dramatical-
ly and artistically.

EXCHANGE

Harvard will hereafter confer
degrees at the mid-year.

AMUSEMENTS

Mr. Walker Whiteside will play Hamlet in this city Wednesday February 24. This fact was settled by wire between Manager Coldern and E. J. Snyder manager of Mr. Whiteside. The play originally announced was "We are King" but requests were so numerous for a Shakespearean play that Mr. Whiteside finally consented to present Hamlet. Orders for seats will be received at once and filled immediately upon the opening of the advance sale.

In the printing plant of the University of Michigan the larger part of the typesetting and press work is done by students. Five students are employed for twelve hours each per week, on a schedule providing for one of them at the printing plant nearly all the time. Four more students are registered, who can be called in when additional help is needed. Four are law students, two literary, and one each from the medical, dental and engineering departments.

MOST young people select their life partner and their occupation on a sentimental basis rather than by deliberate judgment. The best profession is

- 1st. That which renders the greatest service to humanity.
- 2nd. That which is accompanied by a good income.
- 3rd. That which makes one his own employer.
- 4th. That has reasonable office hours, leaving time for self development and recreation.

STILL COLLEGE OF OSTEOPATHY

1422-31 Locust Street, Des Moines, Iowa.

offers the profession of an osteopathic physician to fill these conditions and nearly four hundred students are in attendance upon the two and three years course from thirty-two different states, including one hundred and thirty-five ladies. Legal protection for this system of practice is now provided in twenty two different states. Our graduates go out to great usefulness and independent incomes. Eleven ministers are taking the work because they can often reach the hearts of people through their bodies.

The students of the University of Iowa are extended a special welcome for a visit of investigation at Still College.

A faculty of seventeen professors. Every study in medical college except Materia Medica; in its stead principles and practice of Osteopathy.

Illustrated catalog on application. Please write or call.
