ANOTHER DOPE ARTIST FIGURES RESULTS

Big Four Should Win 117 Points
And Iowa Should Have a Lead of 50 for First Place

Another dope artist has been at work during the week and has compiled the following results for the Big Four meet.

1. Washington
2. Iowa
3. Drake
4. Illinois

The results are based on the assumption that Iowa will win the 10-point dash, while Drake will win the other 10 points.

Gleaned from Prof. Wilcox's Address

Washington was the greatest American ever, though he never won a great battle; never made a great speech; never devised a great financial measure; never wrote a constitution; never went to school after he was eighteen years of age; and was an aristocrat. He was a man of the highest type, and his virtues never became vices by exaggeration.

"Without overtopping the bounds which naturally surround me as a college professor, I will say that on the eve of another presidential election the American people have good occasion for the exercise of that sober second thought upon which George Washington based his confidence in the future of the American nation; and I believe that the American people can pay no greater tribute of respect to the principles and personality of Washington than by recognizing him as a mark of greatness which characterizes the present occupant of the White House."

HONOR WASHINGTON MONEY FOR S. U. I.

ANNUAL CONVOCATION AT OPERA HOUSE

Address by Professor W. C. Wilcox on the \"Back to Washington\" Jeopardy Speech

Washington's birthday was fittingly observed yesterday by the students and faculty of the state University of Iowa. There were no sessions of the university on account of the holiday and students and faculty turned out to the annual convocation exercises at the opera house in the forenoon.

The exercises were interesting and impressive.

The exercise consisted in an address by Professor William C. Wilcox, in the making of passages of patriotic songs and the conferring of degrees.

The address of the Professor Wilcox, \"Back to Washington\" was full of interesting facts and striking sentences and was loudly ap plauded. More was said of the exercises which is it made elsewhere.

Following the address of Professor Wilcox, President Mac Lean introduced Representative C. N. Jepson, Sioux City, who is an alumnus of the University Law Department. He spoke briefly indicating his great interest in the progress of the University.

The address of Representative Jepson was a notable one, as he pointed out the administration of the state University.

The exercises closed with the playing of the Alma Mater by Rev. Slinkman chap lain of the day.

Barrett to Ames

Ex-State Superintendent Rich ard C. Barrett has been made a member of the faculty at Ames College being chosen to the chair of oratics in the college at a salary of $5,000.

In addition to his class room duties he will assist President Geor ge M. McCoy in the work. He will assume his new duties next September.

GAME WITH GRINNELL

AN EXHIBITION CONTEST NEXT FRIDAY

Take Place of Regular Scheduled Game—State Championship Discussed

Manager Ross of the basketball team and Grinnell have arranged for a special exhibition game of basketball to be played at Grinnell next Friday afternoon, while the state series cannot take place at that place. The game is strictly an exhibition contest and will not count in the regular schedule.

The regular schedule game will be played the week later. Iowa's team is bracing up again, after losing last two, "len from injuries.

The sporting editor of the Register and Leader says up the state basketball championship question as follows:

If Grinnell basketball team wins from Iowa in the game to be played next two weeks, it will have a just claim for the Iowa championship. There is no question over the present standing. Iowa holding the undisputed title, but if Grinnell is successful in the coming contest, first place will be tied and another game will be called for.

In the first game played, Iowa defeated Grinnell by the score of 25 to 22. This has been Grin nell's only defeat. No other team claims the championship. However two successive successful games will put Grinnell in the championship, and it is a great—just enough to give the ambitious aggregation a shot at the state title.

An Old Resident Dead
The University Museum suffered the loss of one of its old landmarks when the Gila Monster (Heloderma Suspectum Copec) which has occupied a cage in the main hall for many years, died during the cold snap last week.

A genus Heloderma containing only two species, are the only lizards known which have true grooved pelvis bones and their bite is generally considered very dangerous, though not necessari-

ate to the human subject.

The specimen in the Museum was usually very sluggish, es-

pecially in cold weather and when shedding its skin, which occurred regularly. Its habits would have made a prime favorite with any boarding house inmate as it has never been known to eat other than two or three months and then simply laying up raw egg: occasion-

ally drinking a little water.

Professor Magowan is confined to his home by illness.

The Drake law students found Aaron Burr guilty of murder.

State High School Inspector Brown has just returned from an extended trip through the western part of the state. Among the principal schools that he visited were Iowa Falls, Rock Rapids, and Sioux City.

Professor C. C. Nutting left Sunday night for a trip to some of the large Eastern cities with a view to securing information con-

cerning the best arrangements in Museums. As he will be absent for several days his lectures which were announced for Wednesday evening has been postponed.

M.OST young people select their life partner and their occupa-

tion on a sentimental basis rather than by deliberate judg-

ment. The best profession is:

1st. That which renders the greatest service to humanity.

2nd. That which is accompanied by a good income.

3rd. That which makes one his own employer.

That has reasonable office hours, leaving time for self de-

velopment and recreation.
