The Gophers Complain

Wisconsin Has Mistreated Them Also

Minnesota Has Even More Kicks Than Iowa—Daily Says Badgers Are Bad

The story which appeared in the Daily Iowan of a few days ago has long been known at Minnesota. Gopher managers have long lists of broken dates and disregarded contracts that extend from some time back and cover nearly every branch of inter-collegiate competition.

Last year, after Minnesota had given up the game and refused to train a #truck team to compete at Madison, the Gophers refused to give the guarantee contract for and no dual meet was held.

Letters and telegrams from our managers go for weeks without an answer, an instance of which was Mr. Deering's application for a basketball contest, last week which was never even answered. It will be remembered also that Minnesota had contracted with Wisconsin for a basketball game on their recent trip. This contract was refused and the game cancelled at the last moment.

And now Wisconsin refuses to give a sufficient guarantee for the football game on May 19th, the arrangements for which were settled only a few days ago.

Consequently the game will not be played.

Polygyn Initiates

Polygyn held its second initiation of the year last evening in the Athens Hall. The candidates were Gordon, May, 1907, Daily, 1907, Oliver and McClinton's 09. Refreshments were served after which an enjoyable evening was spent dancing. After a fraternizing condition, having taken in eight new members this year making a total of nine.

Ivy Lane met last night in the apartments of Miss Mignon Maynard. Several stories were read by Miss Alice Remley and Mr. Topping.

The complaints of Minnesota are more numerous than are those of Iowa, and the experiences of Iowa with the Badger and Minnesota should both enter protests at the same time. The complaints of Minnesota are even more numerous than are those of Iowa, and the experiences of Iowa with the Badger managers is enough to wear out the patience of the most long suffering school.

The Scarlet and Black reproduces the story printed in The Iowa of last week which makes reference to the injury sustained by August Weinrich of the Iowa track team, and then the Scarlet and Black cries: “Wolves, Wolves.” The Scarlet and Black should understand that The Iowa is only trying to set the pace. The Iowa does try appeared first and it is only fitting that it should have the first bite at the hard luck morsel.

The petition of 1500 students of the University of Chicago to the University Council asking for one additional day of reunion has been rejected by that body.

One thousand students took up the pick and shovel on the University of California campus at the recent “Labor Day.” As a result of their efforts the campus presents a marked improvement in the matter of paths and roadways, and the money saved to the university exceeded $1,000.

AMUSEMENTS
As rich in laughter as his mind signifies. "A Millionaire Trump" will be at the Opera House to night. There will be nothing doing from now on until "A Millionaire Trump" enters town.
Another large and appreciative audience witnessed the Dodge & Bowman amusement company's attraction at the Grand last night. Several good specialties were given and moving pictures told of Uncle Tom's Cabin and three rounds of the Corbett-Jeffries battle. The three nights' engagement closes this evening. From the Ottumwa Courier, February 2, 1904.
The engagement of the Great Slocum Minstrels at the Opera House on Saturday will be awaited with pleasure by theatre goers, from the fact that Mr. Dan Hol, of Macon, Ga., known as the "Georgia Cotton Blossom" is one of the recent additions to Manager Colyer's already strong company. The Mobile, Ala., English says of Hale Dan S. Hol, formerly of Macon, Ga., fills the position of principal end like a volumen, sings well, plays a dozen musical instruments, dances as he brings down the house, and plays the negro role as a man who has studied the race on his native soil.

Announcement
In Iowa City there are about Eddy Oliver typewriters, very many of them being used by University professors and instructors. The Oliver is distinctively the typewriter now on the market, being the most durable, easiest to operate, and capable of doing a scope and kind of work not possible for any other machines. During the next few weeks you can secure one of these typewriters on terms which I do not believe you can ever obtain again. No traveling salesman can give you such terms and besides my guarantee is iron clad and will fully protect you.

NEW MEDICAL BUILDINGS
NEED FURNISHINGS

Improvements to Cost $10,000—
New Crematory Purchased
At a Cost of $600

The University has advertised that it will receive bids for several contracts for the finishing up of the medical buildings. Bids will be received for the furnishing of the special furniture for the laboratory, which will consist of cabinets, masse, etc., all in quarter sawn oak, to match the interior wood work of the room. This contract will amount to about $10,000.00. The University has recently purchased a crematory for the disposal of the waste material of the dissection room. This crematory will be installed in the attic of the anatomy building, and will be comprised of a fire brick furnace with metal casing, and other details. The capacity of the crematory is such that it will destroy about two hundred pounds of refuse per hour, and its cost is in the neighborhood of $500.00.
