## ARRANGE SCHEDULE

### COMMITTEE PREPARES REPORT FOR TONIGHT

Rules Are Also Recommended—Frats Will Draw For Dates In Schedule

The committee appointed by president H. H. Elbert of the Pan-Hellenic baseball league to prepare a schedule and lay down rules for the conduct of the coming tournament met last night at the Phi Kappa Psi house and prepared a report to be presented at the meeting of fraternity representatives tonight at the Sigma Chi house. The committee is composed of Isaac Struble of Delta Tau Delta, H. E. Spangler of Sigma Nu and Robert Law of Phi Kappa Psi. A schedule was prepared and letters were substituted for the names of the various fraternities. At the meeting tonight these letters will be shuffled and a representative of each fraternity will draw from a hat. It was thought that the naming of dates in this manner would be more satisfactory since no frat could have any cause whatever for complaint.

It is likely that the same rules which governed previous Pan Hellenic contests will be employed this time only with greater strictness. One of the rules provided that no member of the regular varsity nine should be permitted to play in a battery position in the fraternity contests. Another rule which will probably be adopted this time is one forbidding any of the fraternity teams practicing upon the regular varsity diamond.

The tournament will open about April 25, and three games will be played during each week.

### Irving's Are Musical

Irving institute will step aside from the trodden path tomorrow night and give a purely musical program. It will be open to all and indications are that the hall will be packed. The program will be provided by members of Irving themselves with one or two exceptions.

August Weinrich will open the program with a violin solo; Ed Rule will give an exhibition of club swinging. A male quartet made up of Messrs Redfield, Wilson, Peirce and Moore will give a couple of selections and Ed Rule will recite, "Ain't He Cute?" Crossan and Eckhart will give a cornet duet and Miss Close will render a vocal solo.

The senate of Iowa yesterday voted in favor of the election of United States senators by direct vote of the people.

Ten hours of study, eight hours for sleep, four hours for meals and social duties, and two hours for exercise, is the schedule recommended for students by President Eliot of Harvard.

## HAVE NEW QUARTERS

### TRIANGLE CLUB WILL MOVE APRIL 1

Club in Prosperous Condition—Has Sixty Members—Purely A Social Club

It is announced that on or about April 1 the Triangle club will move from its present quarters in the opera house block to new quarters that are being prepared on the third floor of the Furbish block at the corner of Clinton and Washington streets. The new quarters will be more suitable than those which have been maintained in the past and are meant to keep pace with the general prosperity and development of the club. Additional value will be added to the new quarters because of the proximity to the university campus and the consequent accessibility.

The Triangle club is enjoying a period of unknown prosperity. The membership is now about sixty, and is limited to the men in the instructional and administrative staffs of the university. It was organized about four years ago, and for the greater part of the time since then has occupied quarters in the opera house block.

Unlike many other faculty organizations, the Triangle club is not one for the study of politics, religions or kindred subjects. Its object is social. It is calculated to provide a change from the dreary monotony of the class room.

### Professor Nutting Lectures

Professor Nutting gave another of his series of lectures last evening in the auditorium. His subject last evening was the "City of Pompeii." During his study in the city of Naples, Professor Nutting had the good fortune to visit Pompeii and acquaint himself with it. He was accorded the right to go to Pompeii and take photographs of the place and he was accompanied by an artist who made his visit there more valuable.

Pompeii at the beginning of the Christian Era was a second class city abounding in luxury—a luxury that has not been surpassed. The city has a history that runs back 700 years. An earthquake probably precedes the eruption of '69, for many evidences are to be found in the city. The eruption must have resembled that of Martinique, the greatest difference being that the loss of human life was probably not as great as at Martinique.

The method of excavation has become systematic. The Italian government has adopted a new plan so that now the most beautiful house has been preserved fresh, leaving everything in it in it so that even the manner of the household is revealed.

## TONIGHT MAY DECIDE

### FIGHT FOR FIRST PLACE IN WHIST TOURNAY

Kappa Sigmas and Tau Deltas to Contest for Top Place—Play At Sigma Chi House

Games tonight:

Delta Tau Delta vs. Kappa Sigma.  
Beta Theta Pi vs. Phi Kappa Psi.  
Sigma Nu vs. Phi Delta Theta

Standing of teams:

Delta Tau Delta	1,000
Kappa Sigma	1,000
Phi Kappa Psi	.500
Phi Delta Theta	.500
Sigma Nu	.500
Beta Theta Pi	.333
Sigma Chi	.000

Tonight will be the night of nights in the inter-fraternity whist tournament because it will decide one team to head the percentage column for one week at least. The Delta Tau Deltas and the Kappa Sigmas will play against each other. These are the only two teams at present that are ranked at 1,000, so the contest will resolve itself into a struggle to retain the lead in the race for first place. This contest may decide the final winner of the series.

The game between Phi Kappa Psi and Beta Theta Pi should be close and interesting since the representatives of these two fraternities much the same sort of game have been playing.

The contest between Sigma Nu and Phi Delta Theta will decide which of these two teams goes above or below the 500 mark since they are both ranked at the half way point now.

Play tonight will be at the Sigma Chi house and that fraternity will not engage in play. Three series of games remain after tonight's contests.

### Minnesota's Reason

In reply to a statement in the DAILY IOWAN of a few days ago to the effect that the university of Minnesota steadfastly refused to meet the Sioux City Giants at Basketball for the championship of the United States, the Minnesota Daily says:

"The Varsity has to limit its contests to collegiate teams. Special permission had to be obtained from the Athletic board for the Y. M. C. A. games played during the trip. These were scheduled merely to fill in dates.

"Minnesota does not claim the basketball championship of the United States over professional or semi-professional teams.

"In any intercollegiate contests however she is willing to be present with championship goods."

The literary society of the Academy gave an alumni program last night. Messrs. McCoy, Kirby, Rinker and Breece took part in the debate. T. M. Garvin gave an oration and Miss Palus a recitation.

## GOPHERS COMPLAIN

### WISCONSIN HAS MIS-TREATED THEM ALSO

Minnesota Has Even More Kicks Than Iowa—Daily Says Badgers Are Bad

The story which appeared in the DAILY IOWAN of a few days ago relative to the tendency on the part of the managers of Wisconsin teams to take unusual liberties with their contracts and agreements to play outside teams was reproduced in its entirety in the Minnesota Daily and in the Sioux City Journal. The Minnesota Daily added the following:

That Iowa is not the only college that has a righteous cause of complaint against Wisconsin's unsportsmanlike dealing has long been known at Minnesota. Gopher managers have long lists of broken dates and disregarded contracts that extend from some time back and cover nearly every branch of inter-collegiate contest.

Last year, after Minnesota had gone to the expense and trouble of training a track team to compete at Madison, the Badgers refused to give the guarantee contracted for and no dual meet was held.

Letters and telegrams from our managers go for weeks without an answer, an instance of which was Mr. Deering's application for a basketball contest, last week which was never even noticed by the Badger manager.

It will be remembered also that Minnesota had contracted with Wisconsin for a basketball game on their recent trip. This contract was disregarded and the game cancelled at the last moment.

And now, Wisconsin refuses to give a sufficient guarantee for the baseball game scheduled for May 19th, the arrangements for which were considered settled here. Consequently the game will not be played.

### Polygon Initiates

Polygon held its second initiation of the year last evening in the Athena Halls. The candidates were Gordon '05, Miles '07, Daley '07, Oliver '07, and McClintock '05. Refreshments were served after which an enjoyable evening was spent at dancing.

The society is in a flourishing condition, having taken in eight new members this year making a total of nineteen.

Ivy Lane met last night in the apartments of Miss Mignon Maynard. Short stories were read by Miss Alice Remley and Mr. Topping.

I. S. Struble of LeMars, father of Isaac Struble a student in the university is meeting with great success in his campaign for the republican nomination for congressman from the eleventh district.

The Wisconsin Difficulty

Wisconsin should profit from the charges that have been placed against her by the universities of Iowa and Minnesota. It is not to be presumed for an instant that it is the disposition of the majority of those connected with the university of Wisconsin that such liberties should be taken with contracts and agreements that are made by her managers. It is only concluded that Wisconsin has not acted carefully enough in the matter of choosing managers for her various teams.

There must be something more than mere coincidence in that Iowa and Minnesota should both enter protests at the same time. The complaints of Minnesota are even more numerous than are those of Iowa, and the experiences of Iowa with the Badger managers is enough to wear out the patience of the most long suffering school.

The Scarlet and Black reproduces the story printed in THE IOWAN of last week which makes reference to the injury sustained by August Weinrich of the Iowa track team, and then the Scarlet and Black cries; "Wolves, Wolves." The Scarlet and Black should understand that the IOWAN is only trying to set the pace. The Iowa dope story appeared first and it is only fitting that it should have the first bite at the hard luck morsel.

EXCHANGE

Chicago soon expects to have a Divinity School costing \$100,000 to be erected by the Baptists of the Middle West.

The petition of 1500 students of the University of Chicago to the University Council asking for one additional day of vacation has been rejected by that body.

One thousand students took up the pick and shovel on the University of California campus at the recent "Labor Day." As a result of their efforts the campus presents a marked improvement in the matter of paths and roadways, and the money saved to the university exceeded \$1,500.

### AMUSEMENTS

As rich in laughter as his mind signifies. "A Millionaire Tramp" will be at the Opera House to night. There will be nothing doing from now on until "A Millionaire Tramp" strikes town.

Another large and appreciative audience witnessed the Dodge & Bowman amusement company's attraction at the Grand last night. Several good specialties were given and moving pictures told of Uncle Tom's Cabin and three rounds of the Corbett-Jeffries battle. The three nights' engagement closes this evening. From the Ottumwa Courier, February 2, 1904.

The engagement of the Great Barlow Minstrels at the Opera House on Saturday will be awaited with pleasure by theatre goers, from the fact that Mr. Dan Holt, of Macon, Ga., known as the "Georgia Cotton Blossom" is one of the recent additions to Manager Coburn's already strong company. The Mobile, Ala., Register says of Holt "Dan S. Holt, formerly of Macon, Ga., fills the position of principal end like a veteran, sings well, plays a dozen musical instruments, dances so as to bring down the house, and plays the negro like a man who has studied the race on its native heath."

#### Announcement

In Iowa City there are about fifty Oliver typewriters, very many of them being used by University professors and instructors. The Oliver is distinctly the best typewriter now on the market, being the most durable, easiest to operate, and capable of doing a scope and kind of work not possible for any other machines. During the next few weeks you can secure one of these typewriters on terms which I do not believe you can ever obtain again. No traveling salesman can give you such terms and besides my guarantee is iron clad and will fully protect you.

At a Cost of \$500

The university has advertised that it will receive bids for several contracts for the finishing up of the medical buildings. Bids will be received for the furnishing of the special furniture for the laboratory, which will consist of tables, cases, etc., all in quarter sawed oak, to match the interior wood work of the room. This contract will amount to about \$10,000.00.

The university has recently purchased a crematory for the disposal of the waste material of the dissection room. This crematory will be installed in the attic of the anatomy building, and will be comprised of a fire brick furnace with metal casing, and other details. The capacity of the crematory is such that it will destroy about two hundred pounds of refuse per hour, and its cost is in the neighborhood of \$500.00.
