TO INVITE THE LEGISLATURE

The executive committee of the Iowa City Commercial club at its meeting last night adopted a resolution requesting the legislature to extend an invitation to the state legislature to visit Iowa City in the near future for the purpose of studying the needs of the university. The legislature Wednesday went in a body to Ames and inspected the state college.

MEET IS ARRANGED RULES FOR BASEBALL

IOWA AND MINNESOTA WILL CLASH

To Take Place at Minneapolis May 14

Iowa is Strong

Arrangements have been completed for a track meet between the two teams from Iowa and Minnesota to take place at Minneapolis May 14.

In speaking of the coming contest the Minnesota Daily states: "As a result of Central meeting yesterday afternoon, arrangements were completed with Iowa for a dual track meet to be held at Minneapolis on May 14.

There will be a regular intercollegiate program of events, plus a relay race. A handsome silk banner will go to the winning team.

Iowa has an excellent team this year and it is an open secret that they are going to make an extra- ordinary effort to defeat Minnesota. The Hawkeyes feel keenly the sting from their defeats of the past two years and this year they are determined to wipe out all the old scores.

The arranging of a meet at this time proves that Dr. Williams and his team are in fine form. The weather has been cool and material which has turned out for practice this winter and that he does not see anything that he needs to wait till after the indoor meet before arranging for meets with other colleges.

Being pitted against such a strong team as Iowa has this year, will compel the track men to redouble their efforts in order to be in top notch form by May 10, and Norwood Field will be the scene of much activity as soon as the new cinder path becomes fit for use.

Honor System at Minnesota

The prevalence of cribbing became so disastrous at the recent final examinations at Minnesota that the Engineering Society of that institution has been led to recognize and to take a stand against this dishonest practice. The plan is to base the membership on the honor system.

No man who is suspected of cribbing or any other dishonest action will be permitted to membership, and any member who is found guilty of such dishonesty will be summarily black-balled from the society.

VOTE MONEY TODAY

UNIVERSITY'S WANTS BE IN CONSIDERED

Expected That Legislature Will Be Liberal—Two Bills By Koontz And Hughes

The bills which the representatives and faculty members of the state university are turned toward Des Moines today, for the state legislature, if it follows the program already outlined, has under consideration the bills providing the bread and butter for the university for the coming two years. President Geo. E. McLean is in the capital city now discussing the legis- lature in looking after the university's wants.

It is thought that things are quite favorable for a liberal approach to the university. The two things which the inter- est surrounds are the proposed museum and the gymnasium. The board of regents has already issued its desire at the beginning of the year and there is little doubt that there will be a hitch in the program.

The first is to provide funds for the support of the university. These have been introduced, one by Representative Koontz and the other by Senator Hughes. The bills call for $150,000 annual support and $257,000, for extra- ordinary purposes during the ensuing biennium. The additional support is divided as follows: Iowa, according to the bill introduced by Representative Koontz; General support, $70,000 additional annually; repairs and con- tingen fund, annually, $40,000; university extension work $5,000.

The extraordinary appropriations are as follows: for student aid $50,000; Paving and sidewalks, 25,000; Dan, 25,000; fire loss of 1901, 110,000; Tunnel and power plant 50,000.

The Freshman Debate

All arrangements have been completed for the annual freshman debate, between Irving and Zeta chapters in the United States literary societies. The question to be debated is: Resolved, That the history of trade unionism in the United States for the past twenty years has shown a tendency detrimental to the best interests of the country. The question was submitted by the Zetas, and the Irving representative has the floor. It is thought that the debate will be held about the middle of April.

The condition of Dr. George A. Eldridge, who is still in a critical condition, is unchanged. He believed that he will be up by Sunday. He has been suffering an attack of pneumonic.

SUBSCRIBERS NOTICE

The years subscription to the Iowan of $2.50 is due March 1 and should be settled at once. Remit by money order or Chicago and New York drafts to H. M. Pratt, Manager.

All Eyes on Des Moines

Friends of the university are naturally deeply interested in the attitude of the state legislature toward the two bills which are calculated to provide the university's funds for the ensuing biennium. If the legislature follows out its program these bills are

university's funds for the ensuing biennium are precluded by present cramped condition on every hand.

There is good reason to believe that the legislature will not fail

to see the needs of the university. The attitude which the legislature showed when they visited the Ames institution Wednesday is proof that they are interested in the educational institutions of the state. It is not to be presumed that Ames will receive better treatment at their hands than does Iowa.

11 S. Dubuque St.
It is the largest Commercial School west of the Mississippi, and it is known as the ‘Iowan’ by the students. It is the one that is the best in the state. Its graduates are well known throughout the Western states, many of whom are today prominent in business and professional circles, as well as in the affairs of government.

When you have completed the work you contemplate doing at the Capital City Commercial College, send for descriptive catalogue, or better still, visit the school when it is in session. Address W. H. McCaulley, President, Des Moines, Iowa.

SIOUX CITY CAN'T COME

SIOUX CITY JOURNAL: Great preparations are being made for the Iowa State High School Athletic association meet, which takes place at Sioux City, May 30. It is expected that it will be one of the biggest meets in the history of the association.

The Sioux City high school athletic association is responsible for the fact that their school will not be represented at the meet. The Sioux City school sent a team to the state meet last year, but it was decided at that time that the distance was too great for teams coming from the northwest portion of the state to attend. Accordingly the schools of the northwest portion of the state formed an organization, including a number of towns in northwest Iowa, called the Northwest Iowa High School Athletic association.

The first annual track meet of this association will be held some time in June, at Ida Grove, and the Sioux City high school is preparing to send a team there to compete in the events.

The high school will send a team to the Ida Grove meeting. Much of the attention of local athletes has been devoted to track this year, instead of baseball. While there will be a baseball team, it is expected that the track work will be given most of the time.

**State Historical Building**

Press dispatches from Des Moines say that arrangements have been made for a hearing next Monday by the appropriations committees of the legislature to make an appropriation for the completion of the state historical building.

While little has been said about the bill, it is one which has been very favorably considered by the members of the legislature. It was recognized two years ago that the state historical building ought to be completed and that the state is able by having it remain in an incomplete condition so long. The stock argument in opposition is that the state cannot afford to build now. Every appropriations committee comes up against the same old barriers of economy and for smaller expenditures, and therefore the building stands one-third finished.

Mr. Aldrich, the veteran curator, who has devoted so much of his life to the work, is in declining health and recently has been confined to his room for some time, so that the interests of the department of Iowa have not been looked after as closely as if he were stronger.

Bowlers at the University of Iowa have been competing for a cup offered to the champion by the retiring president, Howard S. Johnston. The cup is valued at $25 and the competition is keen among the students. Walter Eckernoff, the football hero, is picked as the most likely winner.

Boberich’s bowling alleys, beginning Thursday, March 5, will make a fine offer to all patrons. Every dollar in trade will be given to the higher single bowler score. Besides this weekly prize of $6, a special prize of $25 will be awarded to the maker of the highest total in five games (not necessarily consecutive) between now and April 1.

THE FINAL

IOWA AND NEXT SATURDAY

For State Champions

The biggest event of the basketball season will take place in the gymnasium next Saturday when the teams of Iowa and Grinnell contest the state championship. The Hawkeyes of Iowa have defeated only game of the series the last time they met. This year, the Hawkeyes have Gehrke (the teams was run off at the Coliseum in Des Moines) as their best man, and there is a possibility that he may be one of the better men in the state. Gehrke is a fine player and he will give the Hawkeyes a strong team to go with this year's team.

**Sorority Dates**

The sorority dates and the homecoming recently to determine the numbers of prominent men who will attend the college.

At Stanford, the Sorority Association has in very successful. The principal factor of the Stanford sorority is the variety of the activities. This provides the students with a chance to broaden their minds and to meet students from different states. The sorority is the social and cultural life of the university and its activities are not limited to the campus. The sorority also includes officers from other colleges around the country.
