Favor Board of Control Plan

A legislative committee composed of Senator Dunham and Representatives Gregory and Buchanan after investigating the needs of the Ames school, yesterday made a report to the legislature favoring the board of control plan for governing the state educational institutions. A portion of the report follows:

"We believe, in the interest of the taxpayers of the state, and its educational institutions, there should be chosen a competent board of control for this purpose, in educational institutions, in whose hands should be placed their financial management; that under such board management it will be possible to expend the moneys of the state more judiciously than it has heretofore been done; that only under such management can the most urgent need be met, and that such institution be assured its fair and appropriate share of the state money to do the work it should do."

We believe that such a board will ultimately do away with much unnecessary duplication in work and unnecessary expenditure of money and will put the proposition of the expenditure of the state's appropriation for educational institutions on a proper basis.

We do therefore heartily recommend the establishing and appointment of such a board.

On Home Stretch Field Meet May 28

Whisters Will Meet This Date Agreed Upon Last Night

Play at Beta House on North Clinton Street—Interest in Tonight's Contest

GAMES TONIGHT:

Delta Tau Delta vs Sigma Chi
Phi Delta Theta vs Phi Kappa Psi
Kappa Sigma vs Sigma Nu

Stamina Tests:

Kappa Sigma
Delta Tau Delta
Phi Kappa Psi
Phi Delta Theta
Sigma Chi

The series of games in the intramural tournament tonight will mark the beginning of the contest. Only two contests remain to be played after tonight. In addition to those, there will be two contested contests which will have to be played off.

Play tonight will be at the Beta Theta Pi house on North Clinton Street and the team representing that fraternity will not engage in play.

Sigma Chi and Delta Tau Delta will try conclusions. Phi Kappa Psi and Phi Delta Theta will play against each other and Kappa Sigma will try to maintain first position against the Sigma Nu.

If Kappa Sigma wins again tonight, that fraternity will win in all probability clinch first place in the final roundup. However, if Kappa Sigma should lose to Sigma Chi, it would fall upon Kappa Sigma to remain without a second. The last two remaining contests will decide the final winners.

All of the fraternities will be represented by their regular team.

The senate committee decided yesterday that Council Ruffus shall keep the Iowa school for the deaf.

Changes in Rules Proposed Regarding Promotions and Order of Field Day Events

At a meeting of the games committee last night at Des Moines the date of the annual field meet of the Iowa Intercollegiate Athletic association was fixed for Saturday, May 28. Gay Brewer was re-elected secretary, and A. C. O'Connell of Chicago, who refereed the meet last year, was again selected for the duty.

The committee, which is vested in the representatives of the state university, college, and normal, voted invitations to the Cornell, the state normal, Des Moines and Coe Colleges. Oce has never been invited to the field meet, but in view of the good showing its athletes have made of late the committee deemed it advisable to offer the invitation and looks for some good results to be made by that school.

At a future meeting of the committee will take up the troublesome matter of revising the constitution, which is now in a very bad condition. Considerable dissatisfaction has been expressed over a number of things, especially the manner of settling protests, the claim having been made that those should be disposed of before the meet.

A change in the manner of enlisting is also contemplated. Perhaps the most important change thus far proposed relates to a transfer of rules from those governing the Amateur Athletic Union to those of the Intercollegiate Conference Association.

The trainers of the Ames, Iowa City Grinnell and Drake schools have in past years given expression to their discontent over the order of events.

Frats May Back Out

Peeling Against Pan-Hellenic Baseball

Some of the Frats Havn't Baseball Material—Others May Gather Anyway

The Pan Hellenic baseball proposal may fall through with yet. At least the results of the meeting of the business committee were composed of representatives of various fraternities and there were not the warrant such a supposition. There was not the same enthusiasm that had marked some of the former meetings of the committee, and it seems almost certain that four of the fraternities that had agreed to enter into the contest will withdraw thereafter. The lack of baseball material in the Pan Hellenic is given as the chief reason.

The matter will however, receive final solution tonight at the meeting of fraternity representatives after a round of games place at the Beta house at the time of the whist games. If four of the fraternities decide to enter into the deal, the Pan Hellenic arrangement will of course be off for this year, because four will constitute a majority. But so strong is the sentiment in favor of the tournament among the other fraternities that they may get together and arrange a series of contests just for mere amusement and good fellowship. At least there is almost certain to be something doing in Greek baseball circles this year.

"Tim" The Mascot

If the University does not win all of her baseball and football games it will be because of the lack of a first class mascot. The assignment is now in possession of "Tim," the Programs in the shape of bull dog presented to him by W. T. Gandland of Fort Dodge who in years gone by was a spryden of renown and who helped the old gold win more than one field meet.

"Tim" is already here and the members of the Athletic Fraternity have given him over to the tender and loving care of Nell Jones, captain of next year's football team. You have been one of the most popular fellows on Iowa City street and your old friends and Nell are sure to miss you.

It is believed that the possession of and there are and the Iowa athletic teams, the old Iowa mascot was stolen in Chats. In 1901, the day the Hawkeyes rubbed it into the Maroons to the chime of 17 to 0.

**AMUSEMENTS**

The "Congress of Nations" is an entirely new feature in the show business and is being presented before the public for the first time during this season and has drawn the largest houses and the most praise of any pictorial production ever before at tempt. It is the only attraction of the kind in the world, and it is the greatest wonder that this idea of travelling photographic scenes has not been used before. A person could sit for five hours and view these selected scenes from all over the whole world without the least tiresome effects, and nothing could be more instructive to children or grown people. There are 515 scenes, 50 subjects 22 ft. long and 35 ft. high presented in 2 hours and 35 minutes at the Opera House on Wednesday and Thursday evenings March 23 and 24. The prices are always the same in every city, 10, 20, 30, 50c. Seats now on sale at usual price.

Do you need a watch? See John Hands.

Students and faculty members are requested to be present at the opening of the University's publication. Notices must be left at the Daily Iowan office on the President's office before 6:30 a.m.

All persons having claims against the Athletic Board are requested to present them at once to George E. Burnett, Chairman.

Students desiring the aid of the University in securing positions in the public schools for next year should leave their names with Professor Bolton chairman of the committee on recommendations.

Rule of Liberal Arts Faculty

"Any student who, on account of deficient scholarship, fails in any semester to earn credit for at least half of the work for which he has registered, will not be permitted to register for the following semester."

A. A. VILLEN
Secretary of Faculty.

The department of economics announces that Mr. J. A. Jackson of New York City, Editor of the New York Life Insurance Independent Lecture at the General Lecture Room of the Hall of Liberal Arts tomorrow and Friday, March 17 and 18, at 4:30, on the subject of life insurance. Mr. Jackson gave two very interesting and profitable lectures on the scientific bases of life insurance at the University last year. He is now making another tour of the country and is to lecture at the Universities of Minnesota, Illinois and Colorado, among others.

Iowa Yell in a Canon

Prof. Nutting lectured last night on the investigations which he made with other men prominent along the line of archeology made in the districts of New Mexico and the adjoining states. The description of incidents that occurred during their journey was very interesting. Some of the passes into the districts of the country were new and barely passable. The story of the "Campfire in the Canon," appealed to the students and those interested in the university.

The party had camped and was discussing the ruins they saw when it was decided they should adopt a new symbol for their national emblem. Some one suggested they adopt corn as the symbol instead of the eagle and at that Professor Nutting remarked he could represent the corn state as he was from Iowa and that the State University of Iowa already had that for its emblem. When he and other Iowans were in the company joined in giving the B.U.I. yell and other college representatives gave their yells and the scene was such the campfire became quite an enthusiastic display of loyalty. The care of the cliff dwellers was their object of investigation when they reached the end of their journey.

try Lens met last night in the apartments of Miss Townsend. A short story was read by Lucille Oehler.
