IOWA CITY, IOWA, THURSDAY, MARCH 17, 1904

No. 109

FIGHT ON PLATFORM

IOWA IDEA IS POPULAR WITH ZETS

Lots of Enthusiasm for Tomorrow Night's Convention—Men Who Will Run It

The contest over the platform to be adopted at the mock republican national convention which the Zetagathian literary society will hold tomorrow night is becoming intense. It is certain now that two reports will be presented—one representing the "stand patters" and the other outlining the doctrines of the followers of the Iowa idea. The standpatters have the majority on the platform committee and their recommendations will be made by Representative Babcock of Wisconsin in the person of E. H. McCoy. C. J. Lambert will present the minority report but whom he will represent has not yet been decided upon. It is believed that the recommendations of the majority in favor of the "stand pat" policy will be adopted, although this step will not be taken without a hard fight.

There seems to be a sentiment against the seating of the Utah delegation. This question will be contested.

Roosevelt represented by R. Files will have opposition for the presidency. Cummins will be placed before the convention for this honor as will also Joe Cannon.

There will be lots of enthusiasm at the Convention. Political songs will rend the air and each of the candidates will have a delegation of shouting supporters.

J. O. Johnson representing Leslie M. Shaw will be permanent chairman and H. E. Hunt representing Robert Cousins will be temporary chairman.

Meet Will Be Close

The sporting editor of the Register and Leader discusses the coming state field meet as follows:

It is believed that the coming state college meet will be the best ever held in Iowa. Ames, Iowa, Grinnell and Drake will all have good teams, and the contest is bound to be close. Although Drake has won the meet for the last three years, the students at the university are confident of another victory. At Iowa the meet is won already and the cup is safely deposited with the old gold. At Ames, the same feeling of confidence is shown and the students already have the greatest confidence in Marsh's being able to turn out a winning team. The squad there numbers one hundred and twenty-five men, the largest in the history of the school's athletics. Grinnell has been sending out but few "dope" stories, but other schools of the state fear "Jack" Watson and his ever game followers.

FAVOR BOARD OF CONTROL PLAN

A legislative committee composed of Senator Dunham and Representatives Gregory and Buchanan after investigating the needs of the Ames school, yesterday made a report to the legislature favoring the board of control plan for governing the state educational institutions. A portion of the report follows:

We believe, in the interest of the tax-payers of the state, and its educational institutions, there should be chosen a competent board of management for the three state educational institutions, in whose hands should be placed their financial management; that under such board management it will be possible to expend the moneys of the state more judiciously than it has heretofore been done; that only under such management can the most urgent need be known and met, and each institution be assured its fair and appropriate share of the state money to do the work it should do.

We believe that such management will ultimately do away with much unnecessary duplication in work and unnecessary expenditure of money and will put the proposition of the expenditure of the state's appropriation for educational institutions on a proper business basis.

We do therefore heartily recommend the establishing and appointment of such a board.

ON HOME STRETCH FIELD MEET MAY 28

WHISTERS WILL MEET AGAIN TONIGHT

Play at Beta House on North Clinton Street—Interest in Tonight's Contest

Games tonight:

Delta Tau Delta vs. Sigma Chi.
Phi Delta Theta vs. Phi Kappa Psi.
Kappa Sigma vs. Sigma Nu.

Standing of teams:

Kappa Sigma	1,000
Delta Tau Delta	.666
Sigma Nu	.666
Phi Kappa Psi	.500
Beta Theta Pi	.333
Phi Delta Theta	.333
Sigma Chi	.000

The series of games in the interfraternity whist tournament tonight will mark the beginning of the end. Only two more contests will remain to be played after tonight. In addition to these however will be the two tied contest contests which will have to be played off.

Play tonight will be at the Beta Theta Pi house on North Clinton street and the team representing that fraternity will not engage in play.

Sigma Chi and Delta Tau Delta will try conclusions. Phi Delta Theta and Phi Kappa Psi will be matched against each and Kappa Sigma will try to maintain first position against the Sigma Nus.

If Kappa Sigma wins again tonight that fraternity will in all probability cinch first place in the final roundup. However if Kappa Sigma should lose to Sigma Chi, it would fall upon the remaining two contests to decide the final winners.

All of the fraternities will be represented by their regular teams tonight.

The senate committee decided yesterday that Council Bluffs shall keep the Iowa school for the deaf.

THIS DATE AGREED UPON LAST NIGHT

Changes in Rules Proposed Regarding Protests and Order of Field Day Events

At a meeting of the games committee last night at Des Moines the date of the annual field meet of the Iowa Intercollegiate Athletic association was fixed for Saturday, May 28. Guy Brewer was re-elected secretary and A. A. Cochrane of Chicago, who refereed the meet last year, was again selected for that honor.

The committee, which is vested in the representatives of the state university, Iowa college, the state agricultural college and Drake, voted invitations to Cornell, the state normal, Des Moines and Coe Colleges. Coe has never participated in the state field meet, but in view of the good showing its athletes have made of late the committee deemed it advisable to proffer the invitation and looks for some good records to be made by that school.

At a future meeting the committee will take up the troublesome question of revising the constitution, which is now in a very bad condition. Considerable dissatisfaction has been expressed over a number of things, especially the manner of settling protests, the claim having been made that these should be disposed of before the meet.

A change in the manner of entries is also contemplated. Perhaps the most important change thus far proposed relates to a transfer of rules from those governing the Amateur Athletic Union to those of the Intercollegiate Conference association.

The trainers of the Ames, Iowa City Grinnell and Drake athletes have in past years given expression to their discontent over the order of events.

FRATS MAY BACK OUT

FEELING AGAINST PANHELLENIC BASEBALL

Some of the Frats Haven't Baseball Material—Others May Go Ahead Anyway

The Pan Hellenic baseball proposition may fall through with yet. At least the results of the last meeting of the committee composed of representatives of the various fraternities would warrant such a supposition. There was not the same enthusiasm that had marked some of the former meetings of the committee, and there are indications now that about four of the fraternities that had agreed to enter into the compact will withdraw therefrom. The lack of baseball material in their membership is given as the chief reason.

The matter will, however, receive final attention tonight at the meeting of fraternity representatives which will take place at the Beta house at the time of the whist games. If four of the fraternities decide not to enter into the deal, the Pan Hellenic arrangement will of course be off for this year, because four will constitute a majority. But so strong is the sentiment in favor of the tournament among the other fraternities that they may get together and arrange a series of contests just for mere amusement and goodfellowship. At least there is almost certain to be something doing in Greek baseball circles this year.

"Tim" The Mascot

If the University does not win all of her baseball and football contests hereafter, it will not be because of the lack of a first class mascot. The association is now in possession of a beautiful type of bull dog presented to it by W. T. Chantland of Fort Dodge who in years gone by was a sprinter of renown and who helped the old gold win more than one field meet. The "purr," Tim is already here and the members of the Athletic Fraternity have given him over to the tender and loving care of Nile Jones captain of next year's football team. Tim has been one of the most popular fellows on Iowa City streets for the past few days.

It is believed that the possession of another mascot will bring Iowa athletics right back to the point where they were when the last mascot was lost. The last Iowa mascot was stolen in Chicago in 1901 on the day that the Hawkeyes rubbed it into the Maroons to the chime of 17 to 0.

It was erroneously stated in yesterday's IOWAN that Dr. E. A. Rogers had submitted to an operation in the university hospital. It was A. M. Rogers of Wapello.

SUBSCRIBERS NOTICE

The years subscription to the Iowan of \$2.50 is due March 1 and should be settled at once. Remit by money order, or Chicago and New York drafts to H. M. Pratt, Manager.

The Board of Educational Control

The proposition to change from the plan of administering the state educational institutions by boards of regents to a board of educational control has been brought forward again and has the approval of many influential men in the state and strong friends of the University. And the arguments for such a plan have a great deal of merit.

There is however another side to the question which deserves consideration—so strong a side, indeed, that Senator Temple, who championed the board of control measure in the last General Assembly, said early in this session that he now believed such a board would be a mistake. Those who favor the Board of Regents point with pride to the men who have served and are serving on the University Board—men like Judge Babb of Mt. Pleasant, Judge Tisdale of Ottumwa, Ex-Congressman Lane of Davenport and Regent Pickett

of Waterloo. These men are eminently qualified both as practical men and as men acquainted with the needs of an educational institution to manage, directly and through their committees and agents, the affairs of the University. Educationally their work has been a success. They have moreover given the University a business administration that received the heartiest commendation from the Board of Control in its recent report. These men serve the University as an honor and a matter of public service. Their whole time and service could not be obtained on a Board of Control for any such salary as the state could pay. Those who oppose the board of control plan wish to retain these men in the service of Iowa's University.

In this connection certain facts in regard to the management of other universities will be of interest. It appears that Montana and South Dakota are the only states at present operating their Universities under the Board of Control plan. All the others, including Michigan, Illinois, Wisconsin, and California are administered by a board in all essentials like the Iowa Board of Regents.

EXCHANGE

The faculty of Indian University has adopted a plan whereby a student can complete both the literary and law courses in five years instead of seven years, the time it took formerly.

The Interfraternity Bowling League of the University of Wisconsin is attempting to arrange a series of games between its winning team and the champion fraternity team of Chicago. This is the first step toward intercollegiate bowling in the country.

The faculty of Minnesota are very much astonished to learn that many of the girls in school have learned poker and are gambling. One girl admitted that she had won 30 cents and two pounds of chocolates in a game in the Greek class room after a recitation. Seven other girls are involved. They admit that poker has become a fad and they play for confections and care fare.

AMUSEMENTS

The "Congress of Nations" is an entirely new feature in the show business and is being presented before the public for the first time during this season and has drawn the largest houses and the most praise of any pictorial production ever before attempted. It is the only attraction of the kind in the world, and it is the greatest wonder that this idea of travelling photograph scenes has not been used before. A person could sit for five hours and view these selected scenes from all over the whole world without the least tiresome effects, and nothing could be more instructive to children or grown people. There are 815 scenes, 33 subjects 52 ft. long and 35 ft. high presented in 2 hours and 25 minutes at the Opera House on Wednesday and Thursday evenings March 23 and 24. The prices are always the same in every city, 10, 20, 30, 50c. Seats now on sale at usual place.

Do you need a watch? See John Hands.

NOTICES

Students and faculty members are requested to send all notices to THE DAILY IOWAN for publication. Notices must be left at THE IOWAN office or the President's office before 9:00 A. M.

All persons having claims against the Athletic Board are requested to present them at once to George R. Burnett, Chairman.

Students desiring the aid of the University in securing positions in the public schools for next year should leave their names with Professor Bolton chairman of the committee on recommendations.

Rule of Liberal Arts Faculty

"Any student who, on account of deficient scholarship, fails in any semester to earn credit for at least half of the work for which he has registered, will not be permitted to register for the following semester."

A. A. VEULEN
Secretary of Faculty.

The department of economics announces that Mr. J. A. Jackson of New York City, Editor of the New York Life Insurance Independent will lecture at the General Lecture Room of the Hall of Liberal Arts tomorrow and Friday, March 17 and 18, at 4:30, on the subject of life insurance. Mr. Jackson gave two very interesting and profitable lectures on the scientific bases of life insurance at the University last year. He is now making another tour of the country and is to lecture at the Universities of Minnesota, Illinois and Colorado, among others.

Iowa Yell in a Canon

Prof. Nutting lectured last night on the investigations which he with other men prominent along the line of archeology made in the districts of New Mexico and the adjoining states. The description of incidents that occurred during their journey was very interesting. Some of the passes into the district of the canon were new and barely passable. The story of the "Camp-fire in the Canon" appealed to the students and those interested in the university.

The party had camped and was discussing the ruins they were to see, when it was decided they should adopt a new symbol for their national emblem. Some one suggested they adopt corn as the symbol instead of the eagle and at that Professor Nutting remarked he could represent the corn state as he was from Iowa and that the State University of Iowa already had that for its emblem. When he and other Iowans there were in the company joined in giving the S.U.I. yell and other college representatives gave their yells and the scene about the camp-fire became quite an enthusiastic display of loyalty. The cave of the cliff dwellers was their object of investigation when they reached the end of their journey.

Ivy Lane met last night in the apartments of Miss Townsend. A short story was read by Lucile Oehler.
