LOOKSGOOD FOR S.U.I.

WEEKS FILED MINORITY REPORT YESTERDAY

Recommends $37,000 for S.U.I.

Would Keep Engineering Department — May Carry.

Today brings better news from Des Moines. The sub-committee on the S.U.I. report recommended the giving of $37,000 to the university and the continuation of the engineering department. The Register and Leader says that university people in Des Moines are in agreement with this first report and there is a possibility that the minority report will be adopted.

The Zeta Republican Convention last night was a great success. Statemen, tried and true, got everything for their party and their welfare. There was enthusiasm to burn, and oratory that would make the real politicians look to their laurels. The promised over the tariff plank came and the contest for vice president promised to be a great feature.

The renomination of President Theodore Weeks was considered from the start although for a time there was a sentiment seemly in favor of Cummins of Iowa. This feature was being pushed by the ones favoring the tariff revision.

The nomination of Governor Cummins, however, to the place of the vice presidency was a beautiful surprise. It was expected that this place would go to Senator Fairbanks of Indiana. For Cummins had already been even placed before the convention as the vice presidency. The nominees were Fairbanks and Webster of Nebraska. On the first ballot the support of Mr. Webster went to the aid of the Cummins boosters and gave him the nomination. However on the first ballot Fairbanks had far more plato of vote for the boys.

The platform as was predicted for the four days was far the greatest part of the excitement. The supporters of revision had been very active. Both sides were well prepared for the demonstration that took place upon the presentation of their reports.

The stand upon the platform of the report burst out in a parody on "Under the Bamboo Tree" which created great amusement.

A minority report was presented by C. J. Lambert representing Billy Mason of Illinois favorable to the Iowa idea of the tariff revision but the majority report was adopted. It was read at the convention and in support of the report B. D. Hunt of the Badger State was appointed as chairman of the committee on credentials reported against the seating of the delegation from Utah and the report was adopted.

Then came the reports of the platform committees and the adoption of the majority report. There were other features in the makeup of the platform. The document opens by paying tribute to the late president Wil- lard McKinley. This is followed by short summary of the condition of the country under republican administration. The policy of F. A. Butler proposed. It is stated that the policy in the far eastern situation, the Panama convention the continuation of the affairs in the Philippine islands.

The document advocates the continuation of the present Philippine policy and the giving of self government to the Philippines as soon as they desire it.

The convention that conducted just as any national political gathering would be conducted. The Zetagallahain hall was decorat ed in the national colors. There were hundreds of people who sought admission but only a few of them could be accommodated. There were the press, the shots up near the chairman's platform and in fact everything was ar ranged properly.

The convention was opened by Mr. R. J. Glenn, the chairman of the committee on credentials. "America" the national call was read. Then the national chairman announced the names of Robert Consins of Iowa represented by H. L. and J. R. of Badger State for temporary chairman. In his address his Chairman Hunt pointed to the successes of the republican party through out its history and outlined briefly the principles it should follow in the future. His address was well delivered and loudly cheered. Then the commi tees on permanent organization reported the selection of J. O. Johnson of Cedar Falls for representing Leslie M. Shaw for permanent chairman and the recommendation was adopted.

Senator Nelson of Minnesota represented by F. E. Snowder as chairman of the committee on credentials willed on the state of the delegation from Utah and the report was adopted. Then came the reports of the platform committees and the adoption of the majority report. There were other features in the makeup of the platform. The document opens by paying tribute to the late president Wil- lard McKinley. This is followed by short summary of the condition of the country under republican administration. The policy of F. A. Butler proposed. It is stated that the policy in the far eastern situation, the Panama convention the continuation of the affairs in the Philippine islands.

Subscribers Notice
The years subscription to the Iowa of $5.00 is due March 1 st and should be settled at once. Remit by money order, or Chicago and New York drafts to H. M. Pratt, Manager.

Now Get Together!
It is not too early to begin making preparations for energetically the state legislators when they come to visit the university next Thursday. Something should be done by the student body to show the members of the general assembly the folly in the report of the special committee which recommends the appropriation of only $80,000 for the support of the university during the next biennium. It is very probable that final action on the report of the committee will be deferred until after the visit is made and the legislators satisfy themselves as to the proper amount of money needed by the university. The fact that the legislators decided to visit Iowa City right after the report of the committee was presented shows that there is some doubt in the minds of the legislators as to the correctness of the report, and they are going to satisfy themselves regarding it.

The students should be organized for the demonstration which must be accorded the visitors next Thursday. To facilitate this organization why not let the school organizations such as the fraternities, literary societies and other similar organizations plan upon some definite course of action? It is up to the student body now.

Get Together!
The Zetas are to be complimented upon the success of their first political venture. The affair was conducted in a manner highly creditable to the society. It is to be hoped that they will be as successful in the election of their ticket as they were in the nomination.

And, by the way, did someone mention training?

The dam was washed out.

AMUSEMENTS

The "Congress of Nations" is an entirely new feature in the show business and is being presented before the public for the first time during this season and has drawn the largest houses and the most praise of any pictorial production ever before at attempt. It is the only attraction of its kind in the world, and it is the greatest wonder that this idea of travelling photograph scenes has not been used before. A person could sit for five hours and view these scenes from all over the whole world without the least tiring effects, and nothing could be more instructive to children or grown people. There are 915 scenes, 20 subjects 55 ft. long and 55 ft. high presented in 2 hours and 25 minutes at the Opera House on Wednesday and Thursday evenings March 23 and 24. The prices are always the same in every city, 10, 20, 30, 50. Seats now on sale at usual price.

MAY LIMIT RUSHING IOWA SORORITIES GET TOGETHER

May also Give Pan-Hellenic Party this Year—Desires to Foster Social Relations

In accordance with action taken by the national women's fraternalities, the representatives of the three Iowa sororities got together yesterday afternoon with the idea of devising some plans to more closely identify the relations of the chapters with each other. Chief among the matters which came before the representatives of the chapters was that of rushing. For some time there has been a disposition on the part of the national bodies to place some limitations upon rushing. It was desired to limit the time for pledging and, possibly, adopt some fixed time which a candidate might remain pledged previous to her initiation. All of those matters were discussed yesterday afternoon but no definite agreement reached. Another meeting will be held in the near future.

Some means for bringing about closer social relations between the sororums were discussed. The discussion may result in the giving of a big Pan-Hellenic party this year by the women's fraternities.

NOTICES

Students and faculty members are requested to re-address all letters to the proper address. All letters to the President of the College or the President's office before 9 a.m. are being lost.

...Capital City Commercial College... of Des Moines, Iowa

Is the largest Commercial School west of the Mississippi, and it is known everywhere as a leader in business education. It is endorsed by educators and business men. It has a large faculty of specialists, and maintains a broad course of study. It is conservatively managed and the individual interests of students are looked after with much care. Its graduates are competent to do the things they are trained to do and they are in constant demand. Thousands of the former students of the C.C.C. are scattered throughout the Western states, many of whom are today prominent in business and professional circles, as well as in the affairs of government.

When you have completed the work on contemplate doing at 8, U.L. plan to spend from six months to one year at the Capital City Commercial College. It will be a satisfactory investment.

When you want special information concerning our school, send for descriptive catalogue, or better still, visit the school when it is in season.
