LOOKS GOOD FOR S.U.I.

WEEKS FILED MINORITY REPORT YESTERDAY

Recommends \$271,000 for S.U.I. Would Keep Engineering Department—May Carry

Today brings better news from Des Moines. The sub-committee on appropriations which yesterday recommended the giving of \$80,000 to the state university increased the amount to \$120,000. But this is not all. Representative Weeks has filed a minority report recommending the giving of \$271,000 to the university and the continuation of the engineering department. The Register and Leader says that the University people in Des Moines are up in arms over the first report and there is a possibility that the minority report will be adopted. Ames gets \$232,500, and the State Normal \$84,000.

The opening paragraph in Representative Weeks' report is as follows:

"I found the State university one of the state's greatest institutions whose faculty and officers are doing everything in their power to make it an institution attractive to the youth of Iowa, and to make for it a reputation for learning and research equal to that of any university in the nation. There was manifest in the student life a moral tone and condition which indicated that the influences surrounding those who attend the institution are good."

There was no meeting of Irving last night.

Dr. George T. Flom will be able to meet his classes again Monday.

R. J. Glose, M. '07, has been elected to membership in Middletonian.

Beta Theta Pi gave a very pleasant informal in the K. P. hall last night.

Clyde H. Topping was called home to Burlington today by the death of his grandfather.

The "I" fraternity formerly Alpha Kappa Omnicron is now the Alpha Phi Delta. The chapter is one of the first of its kind. It is composed of all men wearing the official "I".

Roy P. Hardman, of Tipton, a member of the senior engineering class left this morning for San Francisco on his way to the Philippines having received an appointment as civil engineer as a result of the civil service examination held some time ago. Mr. Hardman has been known during his whole course as a brilliant student in his line and was one of eight seniors elected to Sigm Xi the present year. He has had considerable experience in the draughting department of the Northwestern Railway and other engineering work.

STAND PATTERS WON OUT

For President
For Vice President

THEODORE ROOSEVELT
ALBERT B. CUMMINS

The Tariff plank:

"In renewing our faith in the protective tariff policy we feel assured that its wisdom has been demonstrated by years of trial. * * * * We do not believe that a revision of tariff is necessary, but if any revision is necessary we believe it can be better accomplished by its friends than by its enemies. Realizing that industrial conditions are continually changing, we recommend the establishment of a permanent non-partisan tariff commission, whose duty it will be to investigate the industrial conditions of the country, and report to congress the proper adjustment of the tariff rates, which will conform to the various changes in our industrial conditions."

The Zets' Republican National convention last night was a great success. Statesmen, tried and true got together for national welfare. There was enthusiasm to burn, and oratory that would make the real politicians look to their laurels. The promised fight over the tariff plank came and the contest for vice president produced a surprise.

The renomination of President Theodore Roosevelt was conceded from the start although for a time there was a sentiment seemingly in favor of Cummins of Iowa. This feature was being pushed by the ones favoring tariff revision.

The nomination of Governor Cummins however to the place of the vice presidency was a genuine surprise. It was expected that this place would go to Senator Fairbanks of Indiana.

In fact Cummins had not even been placed before the convention for the vice presidency. The nominees were Fairbanks and Webster of Nebraska. On the second ballot the supporters of Webster went to the aid of the Cummins boosters and gave him the nomination. However on the first ballot Fairbanks had by far the largest number of votes.

The platform as was predicted furnished by far the greater part of the excitement. The supporters of revision had been very active. Both sides were well prepared for the demonstration that took place upon the presentation of their reports. The stand patters upon the presentation of their report burst out in a parody on "Under the Bamboo Tree" which created great amusement.

A minority report was presented by C. J. Lambert representing Billy Mason of Illinois favorable to the Iowa idea of tariff revision but the majority report was adopted. It was read by Representative Babcock of Wisconsin in the person of E. H. McCoy of Dumont. The portion of the majority report favoring the creation of a permanent non-partisan tariff board to report to congress the proper adjustment of the tariff rates annually was a concession to the revisionists and probably aided in the final adoption of the majority report.

There were other features in

the makeup of the platform. The document opens by paying tribute to the late president William McKinley. This is followed by a short summary of the condition of the country under republican administration. The policy of the administration is indorsed especially the policy in the far eastern situation, the Panama policy and the conduct of affairs in the Philippine islands.

The document advocates the continuation of the present Philippine policy and the giving of self government to the Philippine as soon as they deserve it.

The convention was conducted just as any national political gathering would be conducted. The Zetagathain hall was decorated in the national colors. There were hundreds of people who sought admission but only a few of them could be accommodated. There were the press tables up near the chairman's platform and in fact everything was arranged properly.

The convention was opened by National Chairman V. R. Pentecost representing Representative Payne. After the singing of "America" the national call was read. Then the National chairman announced the subject of Robert Cousins of Iowa represented by H. D. Hunt of Shell Rock for temporary chairman. In his address Chairman Hunt pointed to the successes of the republican party throughout its history and outlined briefly the principles which it should follow in the future. His address was well delivered and loudly cheered. Then the committee on permanent organizations reported the selection of J. O. Johnson of Cedar Falls representing Leslie M. Shaw for permanent chairman and the recommendation was adopted.

Senator Nelson of Minnesota represented by F. E. Snedcor as chairman of the committee on credentials reported against the seating of the delegation from Utah and the report was adopted.

Then came the reports of the platform committees and the adoption of the majority report.

The nominations came last. Senator Spooner represented by R. Quigley nominated Roose-

Iowa and Grinnell Playing—
Score 13—11 in Favor of
Iowa in First Half

Score First Half: Iowa 13,
Grinnell 11.

Final, Iowa 23; Grinnell 19.

Iowa and Grinnell are playing this afternoon for the college basketball championship of Iowa. The gymnasium in Close Hall is packed with spectators, and there is lots of enthusiasm.

As a curtain raiser the girls teams representing the freshmen and sophomore classes played against each other. The final score was 8—3 in favor of the freshmen.

The lineup for the big game is as follows.

| Iowa | Grinnell |
|----------------------|----------|
| Newton forwards | Wilder |
| Griffith | Filmore |
| Parsons Capt. center | Clark |
| Schenck guards | James |
| Brock | Belden |

During the first half the Grinnell men refused to play providing three of Iowa's points were allowed. Rather than disappoint the spectators, Iowa gave up her points.

Wisconsin Answers

Under the striking caption, "Long Wail From Home of Badger" the Minnesota Daily prints and comments upon a reply made by the Wisconsin athletic management to the charges of the DAILY IOWAN and the Minnesota Daily against the Wisconsin athletic authorities. Upon the refusal of the Badger basketball team to stop here upon their recent trip the IOWAN recited other instances to show that it was a common fault of Badger managers to take such liberties with agreements for games. The Minnesota Daily added still more to it.

The Daily Cardinal of Wisconsin then came back at Minnesota in an interview from Manager Kilpatrick who is quoted as follows:

"We do not care to go up to Minnesota and play baseball because of the bad treatment we always receive at the hands of the Gophers."

This is the Daily's reply: "If Mr. Kilpatrick had given one single instance when Minnesota treated any Wisconsin athletic team in an ungentlemanly manner his statement might be worth at least the paper it is written on. Not in the memory of the oldest inhabitant has such a thing happened here."

The Daily ends its article with the following stinging statement: "The athletic management at Wisconsin had better attend the Minnesota Law School and learn what a contract really is."

SUBSCRIBERS NOTICE

The years subscription to the Iowan of \$2.50 is due March 1 and should be settled at once. Remit by money order, or Chicago and New York drafts to H. M. Pratt, Manager.

Now Get Together!

It is not too early to begin making preparations for entertaining the state legislators when they come to visit the university next Thursday. Something should be done by the student body to show the members of the general assembly the folly in the report of the special committee which recommends the appropriation of only \$80,000 for the support of the university during the next biennium. It is very probable that final action on the report of the committee will be deferred until after the visit is made and the legislators satisfy themselves as to the proper amount of money needed by the university. The fact that the legislature decided to visit Iowa City right after the report of the committee was presented shows that there is some doubt in the minds of the legislators as to the correctness of the report, and

they are going to satisfy themselves regarding it.

The students should be organized for the demonstration which must be accorded the visitors next Thursday. To facilitate this organization why not let the school organizations such as the fraternities, literary societies and other similar organizations plan upon some definite course of action? It is up to the student body now.

Get Together!

The Zets are to be complimented upon the success of their first political venture. The affair was conducted in a manner highly creditable to the society. It is to be hoped that they will be as successful in the election of their ticket as they were in the nomination.

And, by the way, did someone mention training?

The dam was washed out.

AMUSEMENTS

The "Congress of Nations" is an entirely new feature in the show business and is being presented before the public for the first time during this season and has drawn the largest houses and the most praise of any pictorial production ever before attempted. It is the only attraction of the kind in the world, and it is the greatest wonder that this idea of travelling photograph scenes has not been used before. A person could sit for five hours and view these selected scenes from all over the whole world without the least tiresome effects, and nothing could be more instructive to children or grown people. There are 815 scenes, 33 subjects 52 ft. long and 35 ft. high presented in 2 hours and 25 minutes at the Opera House on Wednesday and Thursday evenings March 23 and 24. The prices are always the same in every city, 10, 20, 30, 50c. Seats now on sale at usual place.

Is the largest Commercial School west of the Mississippi, and it is known everywhere as a leader in business education. It is endorsed by educators and business men. It has a large faculty of specialists, and maintains a broad course of study. It is conservatively managed and the individual interests of the students are looked after with much care. Its graduates are competent to do things they are trained to do and they are in constant demand. Thousands of the former students of the C.C.C.C. are scattered throughout the Western states, many of whom are today prominent in business and professional circles, as well as in the affairs of government.

When you have completed the work you contemplate doing at S. U. I. plan to spend from six months to one year at the Capital City Commercial College. It will be a satisfactory investment.

MAY LIMIT RUSHING

IOWA SORORITIES GET TOGETHER

May also Give Pan-Hellenic Party this Year—Desire to Foster Social Relations

In accordance with action taken by the national women's fraternities, the representatives of the three Iowa sororities got together yesterday afternoon with the idea of devising some plans to more closely identify the relations of the chapters with each other. Chief among the matters which came before the representatives of the chapters was that of rushing. For some time there has been a disposition on the part of the national bodies to place some limitations upon rushing. It was desired to limit the time for pledging, and, possibly adopt some fixed time which a candidate might remain pledged previous to her initiation. All of these matters were discussed yesterday afternoon but no definite agreement reached. Another meeting will be held in the near future.

Some means for bringing about closer social relations between the sororities were also discussed. The discussion may result in the giving of a big Pan-Hellenic party yet this year by the women's fraternities.

NOTICES
