DEBATE MAY BE OFF

NEITHER NEBRASKA NOR IOWA WOULD STAND THE EXPENSE

The discussion over the place for the debate this year may result in an

either one of the states having the title to this contest, as was de

concluded earlier by the students of Nebraska and Iowa. Nebraska

will hold the debate at Lincoln, and Iowa at Des Moines. The

neither of these states will be interested in having the debate

in their city. Nebraska has had the advantage of having the

debate at their city in the past, and Iowa is determined to

have it this year.

Cecil's Chapel

Concerning the last basketball contest between Iowa and Grin

tzell, the Scarlet and Black says: "This gives the uni

versity the undisputed title to the state championship, although

their records for the season are not as obvious to those who have

witnessed the contests. The final contest was thrillingly close,

throughout, their being lit

obvious to their opponents. The Scarlet and Black

attacks Grinnell, 20; on Iowa 7. Grif

_11th. Frink.

YELLOWSTONE PARK

PAPER AT BACONIAN BY PROFESSOR WILDER

Some of the phenomena found in this interesting region

picturesque scenery.

The paper at Bacopian last

night was by Prof. Frank Wilder on the

interesting subject "The Story of the

Yellowstone Park." A synopsis of it follows:

The Yellowstone region has long been known.

The reports of earlier visitors were not be

founded on. In 1870 the United States

geological survey sent out an

expedition to explore this region.

The report was so startling and startling

that this section was given the name of the

Government as a National Park.

The range of phenomona was not so very great.

The Geysers and Hot Springs usually

marvelous. The scenery is

picturcsque being formed by the

deposition of Silicious matter

by the water and the whole vari

ously and beautifully colored.

Next in importance perhaps is the

Grand Canyon, which while

not so spectacular as the

Colorado Canyon, surpasses in

shades, tints and color effects.

The tvas two or three miles

in the Yellowstone river. These are

not great when compared with

Niagara and yet the blue

of these falls are

notable. The

are

about 700 feet. The

are

not clear

while the upper falls drop

down 100 feet.

The area of the Park is over

5,000 square miles, the elevation

of the animals in the park

are interesting. The

of many kinds abound and buffalo

are often seen. They are doing

fairly well in persevering the

buffalo by the infusion of fresh

blood from bears in the south.

Bears are perhaps the most

interesting, they come about the

hotels every evening foraging

for food. They are not danger

ous to humans, one gets between

them and their young.

There are weighty geological problems here but it is the

poetic, the picturesque, the weird

and fantastic which the traveler

sees.

The budget, which will set

forth the results of the investi

gations, has already recei

the various state legislatures, and their recom

mendations will be presented to the

legislature on next Monday.

What the schedule will con

tain is a much disputed and awk

sually a mere theoretical question, and it is to

be hoped that the reports

which be made. The

of these resolutions will not be in entire

accord with those already sent out.

The debating league hesitates to bring the Nebraska campus of the University of Iowa into the Nebraska-Iowa meeting of 1879. 

A recent storm in California did a great deal of damage to the campus of the University of California. Many ornamental trees were blown down and bushes damaged.

Harvard University has inaugurated a new plan of maintaining the university hospital. Stillman Infirmary. Beginning next year, every incoming student will be charged a fee of four dollars. On the order of a physician, any student in case of sickness will be entitled to a bed in the infirmary, board and ordinary nursing at no further expense. Unmarried members of the faculty will be allowed the same privileges.

"Weary Willie Walker" the big musical fun show which comes to the Opera House next Tuesday night has the benefit of capable stage direction in the person of Mr. Eugene Spofford who is responsible for the production of several of the well known musical comedy successes.

Trouble at Brown.

Because President Payne and the Faculty committee on athletics at Brown would not permit the Brown athletic board to carry into operation the rule is lately passed permitting professionals to play upon the Brown athletic teams, seven of the board, composing the majority have resigned.

In an open letter "the majority" state that the new code of eligibility which they wished to introduce was drawn up in "absolute good faith, after mature consideration, and acting as we firmly believe, for the best interests of Brown," and as the faculty committee are opposed to it, they feel that they must resign.

Why Men Become

Disgusted with the Church

Congregational Church

Sunday Evening

Most young people select their life partner and their occupation on a sentimental basis rather than by deliberate judgment. The best profession is 1st. That which renders the greatest service to humanity, 2nd. That which is accompanied by a good income, 3rd. That which makes one his own employer. 4th. That has reasonable office hours, leaving time for self development and recreation.

Still College of Osteopathy

1423 S. Locust St., Des Moines, Iowa.

Offers the profession of an osteopathic physician to all students and nearly four hundred students are in attendance upon the two and three years course from thirty-two different states, including our hundred and thirty-five ladies. Legal protection for this system of practice is now provided in twenty-two different states. Our graduates go out to gain usefulness and independent incomes. Eileen ministers are taking the work because they can often reach the hearts of people through their work. The students of the University of Iowa are extended a special welcome for a visit of investigation at Still College. A faculty of seventeen professors. Every study in medical college except materia medica: its study, standards, principles and practice of Osteopathy. Illustrated catalog on application. Please write or call.
