MEET ON ROSTRUM

ZETS AND IRVINGS TO­ MORROW NIGHT

Biggest Preliminary of the year. Both Teams are Unusually Well Prepared

The Nebraska's preliminary debate has been set up in the opera house.

Despite the fact that Nebraska has called off the debate it was thought that the Debating League go on with the preliminary that the younger men in the contest might receive the training.

The question is: Resolved, that the interests of the U. S. no longer require the maintenance of the Monroe Doctrine as a principal of national policy.

1. No European nation shall henceforth maintain or establish a dependency in the western hemisphere.

2. No European nation shall intervene in any contest, or attempt to control any form of government or any nation in the western hemisphere.

3. In asserting rightful claims against an American state, European nation shall make such an application of force as amounts to a permanent occupation, or acquisition of territory.

It will be affirmed by the Zetagathians, represented by W. T. Britton, Parly Rinker and F. P. Snedeker, and denied by Irving Coontz, represented by J. F. Kunz, H. G. Walker and R. Johnson.

According to the rules of the Debating League, the affirmative has fifteen minutes for its first speech and five minutes rebuttal, while the negative and Mr. Rinker for the affirmative.

Each society represented by an especially strong team and the contest will be a spirited one. Every man has had previous training in inter-state preliminary contests and the preparation has been thorough.

Mr. Johnson was a member of Iowa's winning team in the Minnesota final last year and Mr. Walker was in the Wisconsin final and is Iowa's representative in the Debating League contest.

Mr. Kunz has also had training in preliminary contests. Mr. Rinker was in the Wisconsin preliminary and was the leader of the winning team. Mr. Kunz has also had training in preliminary contests. Mr. Rinker was in the Wisconsin preliminary and was the leader of the winning team.

Mr. Kunz has also had training in preliminary contests. Mr. Rinker was in the Wisconsin preliminary and was the leader of the winning team. Mr. Kunz has also had training in preliminary contests. Mr. Rinker was in the Wisconsin preliminary and was the leader of the winning team. Mr. Kunz has also had training in preliminary contests. Mr. Rinker was in the Wisconsin preliminary and was the leader of the winning team.

The Zetagathian successful freshmen and the Phi Delta Theta are the leaders of the teams. Mr. Briton received training in the State Normal before entering the university.

This will be one of the biggest and the last preliminary debate for the year and should have the loyal support of the student body.

Professor A. V. Sims, head of the engineering department which has been placed in the foreground by the action of the Thirty-first General Assembly; President George E. MacLean and others who have been looking after the cause of the university in the legislature were accorded unusual honors when they returned from Des Moines this morning.

They were met at the train by students accompanying the university band and escorted in a carriage to the steps of the old engineer ing shed where they were corded a great ovation. Each of the returning lobbyists were called upon for address.

Professor A. V. Sims and they responded happily. Prof. W. A. MacBride gave an address as also Prof. Magowan of the engineering faculty.

Each of the speakers told of the efforts of the friends of the university before the general assembly.

Representative George W. Koontz was unable to return this morning but did not lessen the enthusiasm for him. It was agreed that he had been one of the university's strongest friends in the legislature.

The demonstration was accompanied by the booming of cannon north of the old capitol building.

Upon the receipt of the first news from Des Moines yesterday the engineering students paraded the streets making loud and sen­ dny noises. The old shed was advertised for sale. Last evening it was dodged with red paint by its enthusiastic occupants.

The total special S. U. I. appropriation is $239,000.

MANY SCHOOL MEETS

HIGHSCHOOL ARE ALL ORGANIZING

Many Schools May Not Be Represented At The State Meet Here

The Iowa state high school athletic organization will see something of importance done which will have many years with the future of the state organization. For some time past there has been an inclination on the part of Iowa high schools to enter into organisations with other high schools in their own parts of the state.

The Iowa high school association includes Sioux City, Ida Grove, Le Mars, Cherokee and a number of the most important cities of northwest Iowa. Last year this organization held a very successful meet at Cherokee and this year will meet at Ida Grove. The organization is almost as pretentious a one as the state association.

The northwestern association got too large, however, and a number of the cities interested formed another association which will meet at Alta this year, Humboldt, Rock Rapids, Algoma and a number of other towns. Most of the state are members of the new association.

Probably the reason for the smaller organizations is the great distance which teams have to be sent to participate in the state meet and the fact that a larger number of high schools are hibbing for athletic honors every year which, if admitted to the state association would soon make it unwieldy.

Basketball Leaders

At a meeting of the varsity basketball team last night Fare Shoemaker was elected captain for the coming year. Mr. Shoemaker is the guard on the five for three years and is one of the best players for the captivity. The team has promise of being strong next year, as the organization most of the old stars will be back and the state for the new gymnasium to practice in.

Carl W. Ross was re-elected first-string for the coming year. His work both as a business manager of the basketball team and as manager of its star players has been excellently qualified for the new work.

EDDA BANKET

Edda, the Scandinavian society of the university, held its annual banquet at the Burkley Imperial last evening. About forty guests were present. Dr. Geo. E. From acted as toastmaster, and toasts were responded to by Attorney B. W. Wick, of Cedar Rapids, for the Scandinavian Alumni; Dr. William Jepson of Sioux City, Prof. C. E. Snedeker and Prof. A. A. Veblen.

Although the state of Iowa has not such a large Scandinavian population, nor the university as many students of Scandinavian descent as there are in Wisconsin, Minnesota and other states, the University of Iowa has a larger number of Scandinavians represented on its various faculties than any other university in the United States and is well entitled to rank as a leader in Scandinavian-American thought.

Gift for Sims

The Engineering society of the university enjoyed a delightful "society" in the Athens club rooms, Saturday night.

The society presented Professor Sims with a fine silk hat and one of the new pins.

Phi Pals Win It

The time of game that had remained from the regular inter­ fraternity schedule between the teams representing Beta Theta Pi and Phi Kappa Psi was played off last night. The match was won by Law and Thorberg for Phi Kappa Psi. Eiborg and Flak­ nes represented Beta Theta Pi.

The score was 64-62.

Phi Kappa Psi now leads in the race for the trophy although Sigma Kappa Sigmata has not yet played off its tie game with the team of Phi Delta Theta. Should the Sigma Kappa Sigmata win this contest they will have to be settled by a game between the Kappa Sigmata and the Phi Kappa Pals.

Change in Editors

On account of increased work due to graduation George H. Coulthard, athletic editor of the DAILY IOWAN has resigned this position. The place will be filled by Carl W. Ross who has been chosen to a place on the board. Mr. Ross is manager of the basketball team and one of its star players and is very excellently qualified for the new work.

Late themselves upon the good for. A great portion, however, committees and showed just the effort of the university’s has just closed. Much of the students themselves on the of the university should good resulting is due to the money that was spent. A great portion, however, is due to the enthusiasm of the students themselves on the day the legislature visited Iowa City. It would be a peculiar man indeed who would not be influenced by such a display of enthusiasm and loyalty.

The university has passed a danger mark. If the effort to remove the engineering department had been successful, who knows where the dismem­berment would have stopped? On the other hand the failure of the effort to take away this department is liable to serve as a pre­cedent for those who in the future may start a campaign against the seeming duplication of work.

The university has been well treated by the general assembly and it should rejoice.

Carl Wesley Ross, the only Iowa student who is entered for the Rhodes Scholarship examination left this afternoon for Des Moines to take the final examination with the representa­tives of the other Iowa students who are to compete. Ross has made extensive preparations for the examination and he is expected to land at the top or near it.

Mystery Student—In reply to your query as to where to buy cigars and tobacco, I would say the Clinton Street Smoke House is the place. Its proprietor is Tom Brown, a genial fellow and a friend of the student and student enterprises. His shop is clean and neat. The fittings are up-to-date and in keeping with a first class cigar store. Brown sells customers what they want and no "as good as" goods. He stocks contains all the popular and advertised brands. As for pipes his line is as fine as any in the state.

If you want anything in the smoke line, go to the Smoke House, and Brown will treat you right. If he don't, tell "Walter." Yours for a good smoke.

STATE NORMAL HAS A STRONG TEAM

Coach Pell is Working His Men Hard—The Most Promising of The Men

Thirty-five candidates bent on securing a place on the track team of the State Normal school have been spending two hours each day for the past two weeks in making cross-country runs of from three to five miles per day under the leadership of Coach Charles A. Pell.

In the short-distance runs the candidates who are showing up to the best advantage are Hamilton, who is said to be good for the 100, 220 and 440 yard dashes; Campbell is aspiring for a place in the long-distance runs, and Maxwell will run the half-mile.

Short ties is the only aspirant for the 100.

The following additions to the track team have been adopted by the liberal arts faculty:

A. A. Viseley, Secretary of Faculty.

I want every Man in the University who intends to work during the summer vacation, to understand thoroughly the proposition which we are making, before he accepts any other position.

For information write

Don H. Foster,
Cedar Rapids, Iowa.

There will be a meeting of the freshman class L. A. Wednesday at 8:00 in the Assembly room.

Thomas Pfitzenmier, Pres.

You fail to gain a complete idea of the Easter display if you miss these exclusive displays.

Bundled Suits will run the half-mile. Short ties is the only aspirant for the 100.
