THE NEW HAWKEYE
READY FOR DISTRIBUTION FIRST OF MAY

Many Additions and New Arrangements Have Been Made Dedicated to Old Bell

The 1905 Hawkeye or volume XIV of the series is now being prepared for distribution during the first week in May. Many new and novel arrangements and additions have been made.

The Hawkeye will appear with a dark brown cover upon which is printed in gold the title, "Iowa" and the number "14." Many views of the campus are given over the pages and indexing the volume. The frontispiece is a work showing artistic ability. It consists of an Iowa pennant, and a "1" on which is the familiar eagle. These are shown with a grayish background and are accompanied by the word "Haw-" and the number "14." The board has dedicated the volume to the old bell in the central building. A picture of the bell that has summoned generations of students to classes appears with the verse of dedication.

Following the calendar and institutional data will be a series of short sketches of the new profes-
sors such as Dr. Byers, Prof. Leroy, Prof. Bell, Prof. Wells. With the class organizations the yells, cheers and songs of the present professors are given.

A new feature this year is the individual pictures of the junior seniors. The pictures are given on the right hand page and on the opposite page opposite, and on each picture the year's and the address. The various colleges are given in order of seniority.

In forensics the Hammond Law quartet and the results of the hamlet club contest are new features. The Iowa Alumni has been and will be the university publications. The new clubs formed include the University Committee of the Alliance Francilse, the Profes-
sional Woman's League, and the Hawkeye Chess Club.

Besides the records and teams in athletics and games. The records of the Count Cross Country Club, the Max Mayer prize, the mechanical engineering at the Illinois game and the individuals of the football are important to the freshmen and sophomore girls' basketball teams are also considered.

The literary department con-

sists of stories and verse of stud-
ents life. The faculty of the humor-
ous editors is of the usual stand-
ard of excellence.

FROM FRIDAY NIGHT
PARTY WILL BE ON A BIG SCALE

Home Talent Orchestra Will Be Employed Dancing to Start After the Opera

The committee having the junior prom in charge held a final meeting yesterday afternoon and completed plans for the biggest function which is to be given in the armory Friday night. The committee besides arranging for decorations in various colors, will decide to employ Molebsey's orchestra, extra for the occasion. Inasmuch as such a benefit is to be given at the opera house on the same night it has been agreed that for the best interest of the promoters of both entertainments, the programs for the prom will not be given out until the benefit is over.

The prom committee is doing everything in its power to make this year's party the best ever.

Algonia Alumni

The alumni held a banquet and reunion meeting at Algonia last Friday evening. Eighty alumni of Algonia and the surrounding county were present. The faculty was represented by Dean Currier who reports a fruitful and enthusiastic body of alumni was present.

Colonel and Mrs. Burnett will entertain tonight.

Professor A. A. Veblen delivered an address in Northfield, Minn., last Saturday.

Mrs. Kate Johnson gave a delightful dinner party at her home on south Dubuque street last Friday to about fifteen of her friends. The dinner, which was a very dainty affair, was a testimonial dinner in honor of Miss Anna Johnson, who recently won a scholarship in the Harvard University.

At high noon April 10, in Ocean Park, California, occurred the marriage of Miss Lelan Lanor Tutbobi, daughter of Mr. Jeanette Tal- bot of Grinnell, and W. Henry Brush '90 formerly of that city. The marriage occurred in the Ocean Park, after which they will go to Los Angeles to live, the groom being connected with the Teller Manufacturing Company.

The 1895 Hawkeyes

In later years the classes will be estimated more from their Hawkeyes than from any other single enterprise undertaken by them during their presence in the University. The object of these annuals is to record the history so that the growth of the University can be obtained from the series of Hawkeyes. To attain this end much hard and harmonious work on the part of board and the hearty cooperation of the class are necessary. Hence a good annual is the best evidence of class spirit and enthusiasm.

The coming junior annual will have several additions that are very creditable to the Haywood board and to the class. An especial effort has been made to represent all the organizations and give cuts of them whenever they were available. The volume as a whole gives evidence of the constant growth of the University.

Harry Willis expects to leave May 1, for Buffalo, Indiana, where he has been offered a surveying position with the new Buffalo, Cincinnati and Chicago railway, with which CHS Charles Powell has recently taken a position.

Mrs. D. K. Harness last week visited her son, Dr. Gordon Harness of Davenport.

Miss Alice McGee has returned from Carroll, where she has been spending the past week.

Judge Elin McGlaffan has returned from his duties on the supreme bench at Des Moines.

J. C. Monnott and family, who are here from Cando, N. D., have taken possession of Dr. W. R. Patterson's new residence, 511 East Washington street, where they will reside until fall.

Miss Edith Evans, who for the past three years has been director of music in the Iowa City schools, has settled in her resignation, which will take effect at the end of the present school year.
