## BEST OF THE YEAR

### JUNIOR PROM A BRILLIANT AFFAIR

Decorations Were Elaborate—  
Attendance Large—Many  
Out of Town Guests

The most successful party of the season" was the general verdict of all who attended the 9th. Annual Junior Prom, held at the armory, last night. By reason of decoration and detail, by the size of the attending crowd and the general spirit of festivity which surrounded the whole, the party might indeed, serve as a model for future functions of the same kind.

The decorations were unusually delicate and artistic in their general color scheme of light blue and white. Against the white walls, blue bunting was draped in a pretty, conventional pattern, and the stage, fitted up for the use of the musicians was shut off from the wide steps leading up to it by broad, diagonal bands of the blue. From the center of the white ceiling was suspended a huge "05" in blue and white, outlined by incandescent lights of the same colors. This provided the half light for the dark dance which has proved so popular this season. Owing to the Athletic Benefit at the opera house, programs were not issued until eleven o'clock. Between ten and eleven informal dancing was indulged in, striking, for the evening, the keynote of genial informality. The program was rendered very satisfactorily by Molesberry's University Orchestra. Owing to the late opening hour few encores were given and dance followed dance in almost breathless succession.

In the number of out-of-town guests the prom far exceeds any other party of the season. Of these the "fair sex" made up the great majority, largely owing to the house party held at one of the frat houses this week.

The committee in charge of ball, to whom its unqualified success was due includes Messrs R. H. Finkbine, W. W. Fay, Earl Brown, H. E. Boies, B. B. Burnquist, Carl W. Ross, B. S. Allen, J. E. Goodwin, and F. E. Snedikor.

The Kappa Sigma's will entertain at a dinner party this evening. It will be followed by dancing.

Wisconsin has a freshman who is throwing the hammer 142 feet which betters the Wisconsin record by several feet. Another freshman threw discus 112 feet.

The following seniors have been appointed on the class day program committee: E. R. Johnston, Mary Makepiece Morris, J. E. Savage, Mary Spolereder and J. O. Johnson.

## IOWA'S CLAIM NOT SO GOOD

The general tendency to over-estimate the prospects of the track team seems to demand a more conservative expression of opinion. In spite of the enthusiasm and good spirit shown by the men actually in training there is no reason for any great feeling of confidence on the part of the supporters of the Old Gold. With the loss of such point winners of last year's team as Anderson and Weinrich and with the small number of promising men in the sprints and the hammer, the team does not look well rounded or evenly developed. The distance and middle-distance men are working regularly, but Iowa will have in these events practically only last year's material to count on. The discus and the jumps should bring in points at the state meet, but unless promising material appears at the home meet on April 30, there seems slight prospect for Iowa to exceed at most thirty points. Thirty points will not mean better than second place.

S. H. BUSH, C. W. EASTMAN.

The above statement was given out by coaches Bush and Eastman to quiet the reports that have gone out indicating that Iowa will be unusually strong on the track this year. The coaches believe that the dope artists have rated Iowa too high.

## UNION GETS \$14.15

### BENEFIT PERFORMANCE CLEARED LITTLE

Junior Prom Cut Down Attendance—Performance Very Satisfactory

The state university athletic union will not grow wealthy over the outcome of the benefit performance of "As You Like It" given by the Florence Gale company last night at the opera house. The junior prom cut down the student attendance to such a degree that the share that the athletic union received was only \$14.15. According to the contract the union was to have received fifty per cent of all receipts over \$400. The excess amounted to \$28.25. It is figured that the union would have cleaned up \$100 had it not been for the prom.

The performance given by Miss Gale and her company was highly satisfactory. The company is evenly balanced and the costumes and stage setting were rich. The company will play in Des Moines tonight.

### Law Debate Tonight

Orators representing the Senate and the Forum will clash on the rostrum tonight. The question that will be the bone of contention is, Resolved, that reciprocity with Canada as suggested by Governor Cummins in his second inaugural address would be more beneficial to the United States than the present policy. It will be affirmed for Hammond law Senate by Messrs. E. M. Brekke, D. D. Schneider and J. E. Kelley and denied for Forum by F. M. Catlin, C. W. Ramseyer and A. Christy.

Prof. L. M. Beyers will preside. The contest will be held in the liberal arts auditorium beginning at 8 o'clock.

## THE NEW CHAPTER

### CHARTER MEMBERS ARE ANNOUNCED

Will Not Move Into House Until Next Year—The List Of Its Members

The Iowa chapter of Sigma Alpha Epsilon is now fairly launched. It will be known as the Alpha Iota chapter of Sigma Alpha Epsilon and will start with a charter membership of sixteen. Its list of members consists of some of the strong men of the university. It is headed by Prof. W. J. Teeters dean of the college of Pharmacy and the remaining members are as follows: R. M. Anderson, Grad. Coll.; N. W. Jones, L. '05; C. P. Schenck M. '07, L. A. '04; I. A. Burkneimer L. A. '06, Fred W. Bailey, M. '05; E. J. Barker, L. '05; H. C. Danielson, Eng. '05; Fred Moore, L. A. '06; C. G. Jeffers, L. '05; L. L. Jeffers, D. '05; Dwight Griffith, L. A. '05; Henry G. Walker, L. '06, L. A. '04; H. C. Parsons, H. M. '05; W. B. Bell, Grad. Coll.; H. E. Young, Eng. '05.

A committee representing the new organization is making arrangements for a house for the new fraternity. The chapter will not move into the house however, until the beginning of the next school year.

Capt. G. H. Coulthard and C. H. Swift are officers of the inter-collegiate field meet to be held in Cedar Rapids May 20

A Michigan freshman was fined \$150 for striking an officer during the "Fresh-Soph" rush. His classmates showed their spirit by helping him out.

## WICKHAM ON SPIDERS

### INTERESTING PAPER AT BACONIAN

Some Inside Facts Concerning  
The Little Creatures—Their  
Manners and Customs

Last night's paper at Baconian was read by Prof. H. F. Wickham of the department of entomology. His subject was: "Some Remarkable Habits of Spiders." A synopsis follows:

In spite of the aversion with which they are usually regarded, almost all spiders are to be considered as beneficial to man, on account of the number of injurious insects that they destroy. The number of venomous species is extremely small, and the danger from their bites is much exaggerated.

The webs of spiders are very interesting objects when closely studied, and are used by the builders in a variety of ways. Each species spins a particular kind of web, and an expert can identify the spider by the web alone, without seeing the animal itself. The silk of which the webs are constructed is secreted in the form of a liquid which hardens on exposure to the air and is of two sorts—a sticky kind which is used in making snares for catching insects and a thread of another sort, not adhesive, which is used in constructing a framework or scaffolding that serves as a support for the sticky portion. In moving from place to place in the web, the spider steps on the smooth threads, while an insect, flying in, is pretty sure to become entangled in the others.

Because of the ferocious habits of the females, the courtship of the male is accompanied by much danger to himself; the females are larger and stronger and will often attack and eat the suitor. Various methods are found among spiders by which the male is more or less protected from the risk of death in this fashion, many species being adorned with beautiful plumes or colored patterns on conspicuous parts of the body, and in approaching the female these ornaments are displayed in the most advantageous way.

The paper was illustrated by a number of lantern slides showing the structures described and the methods of their use.

At a recent meeting of the Wisconsin Athletic board, the Cornell-Wisconsin crew race was called off. The crew which the Cornell coach intended to send west was the Sophomore two-mile crew and not the regular Cornell varsity eight. This combined with the fact that the athletic association is already \$6,000 in debt, did much to make the vote unanimous against adding \$1,200 more to this amount, the expense of the visiting crew,

Iowa's Real Condition

The signed statement from Coaches Eastman and Bush printed in today's IOWAN should quell any wild hope that Iowa is to have an unusually strong track team this year. The statement is not to be considered as a hard luck tale; it is rather a contradiction based on facts, to the wild stories that have gone throughout the state concerning the strength of the Iowa team. For the most part these rumors have started at places other than Iowa City.

The coaches are right in setting forth the exact condition of the Iowa team. Iowa alumni have been led to believe that we were to do wonders this year. Bitter disappointment would surely follow the state meet.

In addition to setting right the Iowa supporters from without, the statement from the coaches should bring the Iowa students to a realization that some hard work must be done in preparation for the state meet. Some of the men who are especially strong in certain events have shown a remarkable tendency toward carelessness in training.

The state meet cannot be won without much effort in the way of hard training.

Everyone with athletic ability should get out and train.

Daily Nebraskan: The custom practiced by many scholastic publications of devoting a special column to commenting upon and criticising exchanges has certainly outlived its usefulness, if it ever had any, and ought to be stowed away in a secret fastness with no chances of ever being brought to the light again. In the first place it is not in the sphere of any college editor to pass judgment on a variety of publications from a critical point of view, whether dilating upon deficiencies, or even undertaking to bestow praise unless prompted by the notice of some strikingly good feature.

**AMUSEMENTS**

A famous play by a famous author, "The Burglar," by Mr. Augustus Thomas, also author of "Alabama" and the latest success, "Arizona," will shortly be seen here. This play particularly appeals to the ladies and children, as one of the principal roles is enacted by a child not yet seven years of age, and the costuming of the ladies is very rich and appropriate. A pretty love story is entwined in the plot of "The Burglar" and the sensational developments, though mild, are absorbingly interesting.

**Big Nine Track Meet**

Representatives of nine western colleges, composing the conference committee of "Big Nine" universities, have decided that the annual track meet be held in Chicago on June 4.

The universities represented at the meeting in Chicago were Michigan, Indiana, Chicago, Wisconsin, Iowa, Illinois, Northwestern, Minnesota and Purdue.

The committee elected A. B. Fleager of Northwestern university, president, and Evan Holbrook of Michigan, secretary and treasurer. It was decided at the meeting that only members of the "Big Nine" would be allowed to compete, the applications of Nebraska university, Beloit and Notre Dame being refused.

The freshies and sophs at Drake will battle for track honors today on the Drake field. Large squads of candidates representing both classes have been actively training for the event for several weeks past and an exciting meet is expected.

S. O. Hdq. University  
No. 31. Battalion  
April 23, 1904.

The attention of all male members of the college of liberal arts is respectfully invited to the following extracts from the Bulletin of the State University New Series No. 65, 1903, page 171 et seq. under the heading: "Military Science and Tactics."

"Instruction in the branches is furnished for all male students of the college of liberal arts, except such as are especially excused." \* \* \*

"One and two-thirds semester credits will be allowed for each year of military work provided. At least three years of the final course are taken."

"The credits allowed for the military course are essential to graduation, and cadets who for any reason are excused from this work, must earn an equivalent amount in electives offered by the college of liberal arts."

Attention is further invited to the following extracts from the regulations of the military department.

"Students desiring to be excused temporarily or otherwise from drill, or other duty will submit an application in writing stating in full their reasons, before the time appointed for the same." \* \* \*

"Twenty demerits will be awarded for an unexplained absence or for an unsatisfactory explanation of the same." \* \* \*

"One hundred demerits suspends a student from the university."

There is at present a large number absent from duty without authority and their attention is called to the fact that the above provisions will be strictly enforced and their names sent in for suspension, as the limit is reached.

By order of Col. Geo. R. Burnett, Commandant.
