WIN FROM NORMAL

PEDAGOGUES DEFEATED 19 TO 0 YESTERDAY

Game Championship By Pretty Base Running and Many Errors—The Score

The pedagogues from the Iowa State Normal at Cedar Falls swept down upon Iowa field yesterday afternoon and went away empty handed. For an hour and a half they shopped in effectually away at the curves of one Yissler and vainly endeavor ed to circle the diamond. But they tried in vain. Only twice did it succeed in getting to third base. At one time they had the bases well filled and it seemed that a score was imminent but a lightning double play spoiled their hopes.

Besides shutting out the Normalites by the one sided score of 19 to 0 the Iowa men gave a very brilliant exhibition of clever base running. They took hold and made a race of them in the national league on bases. Their success in placing the bags was largely due however to the inclination of the visitors to jogger the ball and then drop it. There seemed to be a contest between the members of the Normal team as to who could make the most errors.

Ogden won it.

Despite the fact that the visitors could not play ball they were gentleman and conducted themselves on a very wholesome and friendly basis on the field.

1. Any member of the second team may challenge any member of the first team.

2. Any player not on the teams may challenge any member of the second team.

In this way all players have every opportunity, without so many needless tournaments.

Tournaments are:

Nebraska at Iowa City May 13

Ames at Iowa City May 10

Iowa State at Cedar Rapids May 19

French Play Tomorrow

The rehersing for the French play tomorrow night has been in progress for two weeks under the direction of Professor Van Spen deren. The elaborate costumes, complete scenery and the final rehearsal will be held in the opera house tonight. These costumes will later become the property of the French department of the university.

The play is written in very simple language so that all acquaintance with French can understand it. Besides it is characterized with so many gestures that the thought can be followed even though the language be temporarily lost.

H. P. Burgum will leave to morrow for New York where he will be employed by the New York Central.

The Middlebourn society have passed resolutions of sympathy for the untimely death of their former society member Dr. Ade

Mrs. Frank R. Watson of Cedar Rapids rendered several services at the assembly this morning. Her selections were greatly appreciated by the audience of the society.

Steadiness and Faithfulness

Along with the many qualities

necessary to secure victory in

any field of activity are steadiness and

faithfulness in training.

Every university institution has its

periods of prosperity and

of depression. Its growth is cyclic.

Usually in the periods of depression

the foundations for later

victories are built.

While it may be easy to get

candidates when victory is in

sight it is rather hard when

nothing but defeat is probable.

Still there are some faithfully

trained to aid in maintaining an

institution though quite aware

that they probably never will

make the team. Such action is

indispensable to the maintenance

of any institution and worthy of

praise.

It takes considerable university

spirit and enthusiasm to spend a

part of each day training for an

event when one is aware that

some competitor, in another

college perhaps, has a record

quite improbable to equal. To

such men who for the sake of

their university work to maintain

our standard, regardless of tem-

porary applause, special com-

mendation is due.
