MIDDLETOWN BANQUET—RECOLLECTIONS OF A SPECIAL ASSEMBLY

Gilbert Parker's Latest Story to be Recited for Benefit of Oratorical League

Miss Ethel Elliot will recite "Madelinette" in the assembly room tomorrow evening. "Madelinette" is one of the Gilbert Parker's latest and best stories. The scene is laid among the French people of Canada whom the author knows very well and about whom he has written some of his best stories. This latest story has all the dash and vigor of his earlier work and a greater literary finish. The story is one of ideal love and beauty, and Miss Elliot an opportunity to display those characteristics of men and women for which she is especially fitted by the following testimonial from the Currier of the Boston School of Expression shows:

"In giving me much pleasure to recommend Miss Ethel Elliot for the following reason—I have never heard an unusual power and charm of personality.

"Her program included an original adaptation from Gilbert Parker's latest novel, "The Lane that had no Turning," in this program she excelled dramatically, distinctly, wisely guided by trained thinking and an intuitive insight into the beauty of the original manuscript."

"Miss Elliot is sure of an appreciation from the educated public.

"Seats will be reserved at Wickersham Hall for the programme.

GREAT DAY AT IOWA UNIVERSITY ENTERTAINS HIGH SCHOOL CONTEST

Hundreds of Visitors Will be Entertained by the University Friday—Great Meet

Athens has her Olympic games Friday. The high school athletes of Iowa are coming to her university to hold their annual field meet. Never has an important athletic meeting ever been held in the state. The best of Iowa’s boys will compete for honors.

The plans and expectations for Friday the day when the high school field and track meet take place are rapidly being completed.

The indications now are that the meet will be the largest ever held in the history of the association. Greek will meet Greek. The records show that every event will be close and fiercely competed for.

Every team will have its followers. Crowds are coming from all over.

The Friday meeting will open the Iowa-Grinnell league basketball game and the preliminary heats of the meet. At 12:30 in the afternoon the field meet will be called. At 4:00 in the evening the university band will give a concert on the campus and the students will hold a general mass meeting. A reception and party will be given at the armory later in the evening. The dramatic club’s entertainment at the opera house is one of the great features of the day’s entertainments.

The Ida Grove High School track team has arrived in the city and is preparing for the meet Friday. This team was selected from the northern sections of the northwestern Iowa high schools at Ida Grove last Friday. The examination, for the den mathematical prizes will be held in liberal arts Monday May 22. All students who are about to compete the work in sophomore mathematics are eligible to compete.

The address of Dean Charles Noble Gregory on "Judicial Over Foreign Ship in Territorial Waters" delivered before the International Law Review at Anwerp last fall has been published in the Michigan Law Review.

An announcement has been issued by the Iowa City Association of Alumni of the state university, forecasting a meeting to be held in the liberal arts Friday evening May 22, at 8 o'clock. Important business matters will be transacted. The secretary does not feel at all assured that he has a full list of alumni and therefore urges all alumni, whether they receive an announcement or not, to be present.
