EYES ON STATE

INTEREST OF THE SEASON IS ON STATE MEET

Large Crowd Going from University—Very Low Rate—$2.25 for the Trip

The records on track and field show a dope sheet for the state meet on account Iowa. Drake and Ames are all in the running for first place honors and each of them are expected to land the necessary number of points to bring home the cup.

The result of the Ames, Drake dual meet last Saturday has left things looking better for Iowa. Ames and Drake will divide some of the points which earlier in the season were conceded to the Drakines and which made their chances seem very good. Besides the points which seem to be divided for Iowa a goodly number of seconds and thirds seems to be made up. Those with first place winners will surely land Iowa near the required number of points. The team is in better shape or will be next Saturday that they have ever been. In the pink of condition they will do things.

Large Crowd Going

A large crowd will go to Des Moines for the Appleton exhibition Satur- day, morning. Four hundred people from the university are expected to go at the very glassy excursion rates that have been secured. It will cost only $2.25 to get to the field and ever held in the state and many will enjoy the trip by train.

Attendance Expected

The excursions that are being run from the state campus, the composite event show that the crowd will reach the thousands. Many of the larger schools have already taken a large number of seats and it is thought that the capacity for handling the crowd will be stretched much farther than the previous years.

Seats on Sale Here

A plot of some of the best seats in the grand stand has been reserved for the students. of the limited number of these seats they are expected to go very fast. The Iowa and Brown's Smokehouse and can be secured there for two days only or until they are all sold.

Iowa's Chances Good

The seniors hold their annual social in the K. K. Hall last night. Games and dancing were the amusements of the evening. On account of the weather and the meeting of the delegation to the President and the Senate the attendance was not so large as it otherwise would have been. The present is a pleasant evening's enjoyment however and the committee expressed themselves as well satisfied with the success of the event.

SIMPSON WAS EASY

IOWA WINS AGAIN BY SCORE OF 4 to 1

Iowa found room on its belt for another scalp yesterday and gruesomely garnished one of the head of Simpson college. It was taken without apparent ef- fort.

Yeaster was the center of the universe around which the other stars revolve. He followed only three of the Simpsonians to reach the first station and alight only one to get farther than first. J. Truscott who does the backs up work for the Melodie- dists made swift connection with one of the Yeaster engineers in the seventh inning and it went—O-—ever so fast. Truscott landed on the bloated killer and bully brother stepped to bat and boosted while half over on the other side of the base and the first brother scrambled home. It was a beautiful example of brotherly love.

Yeaster seems to have it in for Ragan the Methodist twirler for he slammed out three 8-bag- gers out of four times at bat. He almost broke Ragan's heart. There was no fair crowd.

The score:

To Shorten Program

The question of shortening the anniversary exercises of the lit- erary societies is now being agi- tated. It seems to be the general sentiment that the present pro- grams are too long and tiresome. A committee is being appointed by each society which will meet with those of the other societies and determine the pro- gram for this year.

AMUSEMENTS

The Lady of Lyons is a thrilling story of how a strong man may overcome obstacles which to the weak seem insurmountable. It is one of those magical dramas which carries its audience with it through its various phases until at last the happy climax is reached. It is a story of love and pride, poverty, wealth ambition, adventure, remorse and happiness. There is no complicated question of morality or manners to vex the audience. It is a good wholesome romantic play with plenty of laughter and any number of thrilling situations. It will be presented by William Owen, J. W. McConnell with Camilla Reynolds and a strong cast at the opera house Thursday night. Seats now on sale.

War Pictures from the Forbidden Zone

While Mr. Holoc was in Japan he succeeded in dispatching two photographers to the front with the Japanese army, in spite of the German peace forbidding such action. As a consequence, the war pictures in the June number of The Booklovers Magazine are absolutely exclusive and unusually interesting. They are illustrative of the arrival of the troops in Korea and of the march toward the Yalu.
