IOWA TEAM CHOSEN

ATHLETES GO TO CHICAGO SATURDAY

Iowa Has a Good Team and Hopes to Win Prizes in Several Events

The state university of Iowa will have a modest representation at the conference meet of the Big Nine colleges which will take place on Marshall field next Saturday afternoon. The team will be entered in only those events which there are possibilities of winning. The winners of first places at the meet could then go to Chicago. They are Ross winner of the broad jump; Barker winner of the high jump; Grinnell winner of the shot put, Jeffers, who will enter the two mile, and Swift in the discus event.

The following men will go places on the relay teams with the dashes: Miller, Young, Davis, Coyle, and Riverine, and they will run the mile and the half mile.

It is believed that Ross and Barker will win points for Iowa at the conference. Their performances at the state meet would seem to give them a claim to points. Barker's high jump record at the state meet equalled the conference record of 5 feet 11 inches. Swift won the discus event at the conference last year but the remarkable performances of Ross of Michigan and Rodman of Illinois gives rise to doubt as to whether he will equal his last year's record this year. He will be prepared to do his best, however. If he equals his Minnesota record of 122 feet he will have surpassed the conference record.

Iowans have hope in the mile relay with Barker, Riverine, Davis, and Coyle. Miller and Young. Iowa's team reduced the state record score received at the state meet, however, if he equals his Minnesota record of 122 feet he will have surpassed the conference record.

PCunkard from Ames college, Sprecher from the University of Wisconsin, and Connon from Purdue, have been excluded from participating in the mile relay due to the cutoff dates of various colleges May 15, and therefore they are now ineligible to take part in the game.

The winning team this year will be selected by theympho. This trophy is to be given annually for the most scholastic team and if held for three successive years by any team it becomes the property of the university or college represented by the team.

The running men and Zoology majors held their annual picnic yesterday afternoon.

REVIEW OF BASEBALL

AMES WILL GET THE SILVER BAT

Iowa's Team Is the Best Bat

Extra Innings

Ames seems to have the silver bat clinched for this year. The Agriculturalists have defeated Cornell again in a ten inning contest. They have more than 160 points and that is with Cornell and Grinnell.

Brown intends to remain in the conference. It is the opinion of many that Brown will have a better record at Ames, Iowa. and will have been brought up to the Iowa record to a score of 1 to 0 on Iowa field with Brown in the box. In the opinion of many of the officials of the conference at Iowa, Ames should have been brought up to a series of games with Iowa. This would have made the difference between Ames and Iowa. One series of games to decide the championship on neutral grounds Iowa would have won because Brown could not have pitched against Ames. A series of games between Ames and Iowa would have decided the championship and Brown could not have pitched.

College baseball year in this state has been remarkable in its history last year but the remarkable performances of Ross of Michigan and Rodman of Illinois gives rise to doubt as to whether he will equal his last year's record this year. He will be prepared to do his best, however. If he equals his Minnesota record of 122 feet he will have surpassed the conference record.

The Relay Record
The decision of the Iowa inter-
collegiate games committee to al-
low the results of the relay races to stand is not met with very
much enthusiasm on the part of
state university athletes and students. The games committee
was shown that a mistake had been made in the measurement
of the courses so that the course
run by Ames was eleven feet
shorter than that run by Iowa.
In fact the Iowa team was the
only one which ran the required
distance. Many of the spec-
tators did not believe that the Ames
was as far ahead of the
Iowa team at the finish as was
her handicap which would have
given Iowa the race. But leav-
ing out the fact that Ames did not
race squarely in the race, it is
not wise to permit the record
made by the Ames team to stand
as the official record for the
state. It is not fair to teams that will
run the course in later years. It
is not fair to the Iowa team which
ran the required course. The
time was phenomenally fast—
much faster than the former
Iowa record and faster even than
the conference record. It is not

probable that the state will soon
produce a team that will equal it.
