Science Hall Will Be Completed at Once—Engineering Building Located

The north wing of the Natural Science Hall will be located on the northwestern corner of the campus, facing on Capitol Street. The new Engineering building will be located on the southwest corner of Capitol and Washington Streets.

These were the most important measures taken by the Board of Regents yesterday. It is expected that these buildings will be occupied next fall.

here on Thanksgiving Day, instead of playing it at Davenport. This movement contemplates a subscription of $500 for additional cheerleaders on the athletic field, conditional on the game being played here and the Regents have voted an appropriation of $500 more, provided this subscription is raised.

The Iowan, on behalf of the students and citizens, would urge the Athletic management to bring this game here, if possible. Owing to the Thanksgiving recess being shortened to one day, nearly all the students will be here. As it is a holiday game, a large crowd will attend from the city, not to speak of the great numbers which the interurban will bring down from Cedar Rapids and intermediate points. It would seem as though, with adequate grand stand facilities, the Thanksgiving game could be pulled off here as profitably as at Davenport. Let us see the Minnesota game on Iowa Field!

**Money For Athletics**

The Board of Regents voted Thursday an appropriation of $600 for new blanchers, provided the citizens of Iowa City raise $600 additional for the same purpose. It is understood that certain citizens have agreed to become responsible for the additional $600, provided the Athletic Management will bring the Iowa-Pittsburgh games home on Thanksgiving Day.

At a meeting of the board of directors of the Daily Iowan Tuesday, Frank E. Wilson of Sioux City was elected editor-in-chief for the coming year and Carl W. Ross of Muscatine, business manager. The contract for printing the paper has again been let to the University Press Co.
