OVER 100 MEMBERS
REPUBLICAN CLUB STARTS WITH A WHOOP

Nearly too late the first "Meeting—Officers Chosen—Teddys Hawkeyes"

"Teddys Hawkeyes," the newly formed group of student republicans from last night's lively meeting in the general lecture room of the hall of liberal arts, will go toward free to the management of athletics, Secretary McChesney of the board of regents was designated as accountant, and all reports of the athletic associations will be handled hereafter with him. This step was taken at the request of Henry G. Walker, president of athletics. Mr. Walker has filed with other regents a full report of all games that have thus far been played and won.

The board also decided to hereafter permit all "f" men to go free to all games or other attractions held on Iowa field. This action was taken out of consideration for the service the "f" men have rendered in building up athletics as a future incentive.

Some High Scores

The race for high totals in football scores is on in earnest as Minnesota is the first to come forth with a high score record column. The Minnesota Daily figures out that in the first four games which Minnesota played, the highest total was 323. In making this score only 20 points were comforted. The summary follows:

Opponent Points

High Schools 40
University of Iowa 107
Shattuck 18
Oelston 45

Total 155

Points per minute: Iowa 2.683.

Scores come in high totals this fall, that is for western teams. The Hawkeyes in three games have piled up a total of 115 points. Ninety-five minutes were consumed in the operation. The Iowa summary follows:

Minutes

Opponent Points

Corn 30
Augustana 20
Corral 28

Total 78

Points per minute: 1.442.

MEMBERS DELTA GAMMA LODGE BIG YEAR FOR BAND

Chapter Will Live in Bloom Terrace—First Step of this Kind at Iowa

An innovation in Iowa sorority development is now being undertaken by the Iowa chapter of Delta Gamma. For the first time in the history of Iowa sororities a chapter is to have its own chapter house. The Iowa chapter of Delta Gamma has leased one section of the Bloom terrace on North Clinton street and is now moving in. The house is large and excellently arranged for a sorority in this part of the country. No better proposition could have been secured both from general surroundings and financial standing as the university. Already six of the Delta Gamma girls are located in the new lodge and more may later.

The Iowa sorority chapters have been looking forward to having the expedience to lodge their own girls because of the fact that the chapters have for the most part been somewhat small and quite a large percentage of the girls have either been residents of Iowa City or have had relatives here. It is possible that the action of the Delta Gammas will soon be followed by the other sororities.

The four sororities having chapters at Iowa are Delta Gamma, Kappa Kappa Gamma, Pi Beta Phi, and Delta Delta Delta. Oppose Lifting Hats

Scores Agree

Scores has been agreed on at the University of Minnesota to try organizing an "Anti Hat Lifting Society." It shall be the platform of the club to oppose the custom of lifting the hat to ladies on the campus. A single ordinary bow will be employed. One of the leaders in the project permitted himself to be in the presence of the writer and he says that he believes the time has come when the men of the upper classes should shun the ridiculous trappings of conventionality. No man takes off his hat from choice. It is at times a nuisance and in winter it becomes a menace to health. This does not take into consideration the wear and tear on the hat which is put to a great deal of use when there is a breach of etiquette for women to be gotten and the girls will be the first to laud and re-creation as with the most grimness of the girls. The wedding of Albert Brock last year resulted in Miss and Mrs. Allen. Roy A. Redfield who was chosen from each department in the university. There was enthusiasm to burn the old flag and to plant a new one of the season.

The music was not overlooked. It takes a lot of music to fill a large building up.

Dr. Gilchrist will read the History of Chicago to the ladies at 7:30 on "Aassurants."

A New Laboratory Course

The College of Pharmacy has
added a new laboratory course
in order to make the study of
crude drugs more practical. In
stead of merely memorizing the
constituents of drugs as given in
the text the students are furnish-
ed samples of roots, barks, leaves,
etc., to study the physical char-
acteristics and are required to
extract the constituents and
identify the active principles by
chemical tests. This method
will stimulate the student's
power of observation and teach
him manipulative skill as well,
which is of almost equal import-
ance to the successful pharmacist.
This is a new departure in teach-
ing the subject of Pharmacognosy
and Professor Testors is entering
upon the work with enthusiasm.

Is Rooting Harmful?

The question of the value of "rooting" is being raised in Eastern universities at the beginning of the football season.

The Daily Iowan of Harvard, has recently published the opinion of a number of men who are well known in the history of Harvard root, that organized rooting supported by artificial enthusiasm is harmful.

Farmers are Good Players

Coach Walter McCornack of Northwestern declares that he would rather have farmer boys for football men than those who are city bred. "The men reared in the city are good," he says. "They know the game thoroughly but I do not consider them as desirable material as the country boy. This is especially true of the men for this line. The farmer is more powerful and has greater vitality."

AMUSEMENTS

One of the most promising announcements of the season is "Hunter Brown," a play built in Richard F. Oosten's famous pictures in New York Herald. This will be given at the opera house by the well-known manager Matville R. Raymond, who has secured for the title part, the clever little comedian, Master Giovanni. The dog Tiges will be paged by Jack Heil, the well-known animal impersonator.

Important engagement for next Saturday evening in Matt Kussell's Extravaganza Co., the stellar features of which are Jas. F. Greene and Jeantette Lincoln. The former is styled the inven
tive comedian, the lady being known as a prima donna sengro, and an organisation of more than ordinary ability and use is composed of a varied list of talen
ts. In New York the entire entertain
tment has a field of its own introducing, Opera and Paros combined, which has never been produced by one com
pany. The municipal portion of the program is so small a factor and everything requisite to make a finished performance will be seen.

Minor Press Northrop

The faculty and alumni of the University of Minnesota have decided to elect on the campus a permanent memorial to President Northrop.

The memorial is intended to be a fitting testimonial to the long and faithful services of Dr. Northrop as head of the Univer
sity and a token of the high es
tee for which he is held by his alumni and faculty. A. M. Greeners.
