Students As Hosts

Marching Club Makes Its First Public Appearance—A Great Success

Iowa University students did their share in giving a proper reception to Senator Charles Warren Fairbanks on the occasion of his visit to Iowa City today. The reception on the part of the students was accomplished by means of the Republican marching club.

The club members, all wearing ribbons of old gold bearing the inscription, "Teddy's Hawkeyes" and carrying cases made in France for the occasion, lined up at 12:30 o'clock and formed under command of Colonel Harold Tice. Then they marched to the Rock Island depot cars, displaying their gold and gray typewriter Republican sentiments.

At the station they greeted the arrival of Senator Fairbanks and party with lusty cheers. Fairbanks and his son were then escorted to the city Armory by the marching club where Mr. Fairbanks delivered his political address.

Senator Fairbanks greeted the first party of the day to a talk with the students. He expressed his delight at talking in a college town, because, he said, Republicans were at home in a university, insomuch as its doctrines are the result of profound study upon questions of national interest. The speakers reference to Abraham Lincoln, Wade and Lincoln, the greatest Americans was cheered loud and long. "Teddy's Hawkeyes" nearly tore their threads out when he said "as well as having the State party an Iowa the National party has a live candidate for president."

During the time in which the distinguished party was being greeted, the members of the club, who were at the club under the direction of Frank Wust, sang political songs much to the amusement of the big crowd gathered in the armory. The occasion was long to be remembered and one in which Iowa university students did themselves justice.

Shots From Drake

The Drake Depict drops the following remarks on the Iowa-Minnesota game played here, the Minneapolis Journal says:

"Iowa City's hope will probably be dashed to the earth when the Minnesota band arrives. Coach Parker's request is received with enthusiasm.

"The game was first noticed in Minnesota, but Iowa defied, and, if it is agreed to play in Davenport, where the climate will be right and the Kansas game could contribute to the attendance.

"In light of the fact that Iowa could scarcely hope to furnish much crowd at the win Otto, Minnesota's governor, will probably stick to the Davenport contract."

Politics

Iowa's political parties are a bit the worse for wear after the campaigning and elections of the past few weeks. The county and state conventions have just been held, and the candidates for the office of governor are now in the process of selecting their running mates. The Democratic party has chosen Charles E. Cook of Independence for its candidate, while the Republican party has nominated Dr. D. Fairbanks. The campaign will be a heated one, with both parties vowing to carry the state for their respective candidates.

Sports

The Iowa-Minnesota football game was a thrilling one, with the Hawkeyes emerging victorious with a score of 14 to 7. The game was played at the University of Iowa, and was watched by a large crowd of spectators. The players on both teams were in top form, and the game was played with great spirit and enthusiasm.

The Hawkeyes took the lead early in the game, and never looked back. The Minnesota Gophers made a brave showing, but were unable to overcome the superior talent of the Hawkeyes. The game was a true reflection of the two teams' abilities, and was a testament to the quality of football played in the Midwest.

The Hawkeyes' victory was a significant one, as it marked the beginning of a successful season for the team. The fans of Iowa City were elated, and the university community was proud of their team's accomplishment.

...To Chicago...

By all means Iowa should have an excursion to Chicago next Saturday. It has been said that no special effort should be made for such a venture because Iowa is to get none of the game

Josef "The Pope"

A blown foot is the end of the day of publication in order to save inserter's.

The Iowa team plays at Chicago and is apt to have much to do with the financial out-

come of the rest of the season. A few hundred rooters on the field might do much toward win-

ning a victory. The Iowa manage-

ment should not forget the busy cheering of a small band of rooters which went to Chicago in

1900 and to Michigan a week later bringing back with them the two most prized

scrapes in the football arena. Who knows what the coming expedition of the Iowa team might be a re-

spection of the experiences of 1900?

Iowa rooters should be given an opportunity to see the team play as much as possible. The

team will not have the big crowd of alumni to cheer for that it had in Des Moines. And more

than that it should be remem-

bered that the big crowd of alumni would not have made such demonstration at Des Moines as

it did had it not thought that there would be a big crowd of students there to assist it. By all means let us have the Chicago excursion!
