Iowa Professor Instructs New "Yellow".

Iowa Professor Advertised in American Magazines.

"Yellow" Issue Will Appear in April.

The first edition of the "Yellow" will be published in April, according to Ann B. Wilcox, the editor of the new student publication of the University of Iowa. The announcement was made in a letter received recently by the Daily Iowan from the University of Iowa.

The "Yellow" is a student magazine that will appear on a regular basis. It will be published in the spring of each year, and will be mailed to subscribers throughout the United States.

The magazine will feature articles on various topics of interest to students, such as campus life, sports, entertainment, and other events. It will also include student poetry, fiction, and reviews of books and movies.

The "Yellow" is intended to be a platform for students to express their opinions and share their experiences. It is hoped that the magazine will provide a valuable resource for both students and faculty, as well as a means of promoting a sense of community and belonging among the university's student body.

The first edition of the "Yellow" is scheduled to be published in April, and subscribers can expect to receive their copies soon. The magazine will be available for purchase at a discounted rate to University of Iowa students, and will also be distributed to select bookstores and newsstands across the country.

Tears From the Defeated

Wails and tears accompanied 
the defeated Nebraska team on 
their return from the mountains 
where they lost a football game 
to the giants of the Colorado 
University team. If the stories 
emitted from the Nebraska 
capital can be believed. Hundreds 
of students had gathered at the 
station, where they had welcomed 
the heroes of the last three years, 
upon the return of the team, but 
when the men appeared they were 
loved in grief and their 
faces were bathed in tears.

Nebraska Is Past

Nebraska is fast according to 
assistant Coach Dobie of Minne-
nesota who went to Boulder to wit-
test the Nebraska-Colorado game. He said of the game:

"Both Nebraska and Colorado played better ball than Minne-
nesota is playing."

Either team would have beat-
ced us if we had played them last Saturday.

The faculty of the University 
of Nebraska will soon be the star 
performers in an amateur circus 
for the purpose of raising money 
for philanthropic work.

Dr. and Mrs. J. W. Wilson 
of Onoville, California, have arrived 
in the city and the former will 
take special work in the medi-
cal department of the university.
