NOTED GUEST HERE

President King to Address Assembly

Noted Head of Oberlin College To Visit University—Assembly at 11:30

The regular university assembly will be held this week Friday morning at 11:30 to 12. The change was made in order to secure a speaker for the occasion. Prof. H. C. King, of Oberlin college, has been secured for the occasion to make the address. President King is one of the most noted college orators in the west and the opportunity to hear men of his ability does not often occur.

The student body should show their appreciation of President McLean’s efforts by a large and enthusiastic attendance.

HONOR PROFESSOR RAYMOND

The following taken from the Polytechnic, a magazine published by engineering students at Iowa, has been in which Prof. Raymond was recently appointed professor of the subject. The institute has indeed been unfortunate this year, for following the sad news of the burning of the Chemical Laboratory and then the main building, came the news that Professor Raymond had resigned as Professor of Monday, Road Engineering and Typographical Drawing in the Institute to accept the chair of Professor in charge of the Engineering Department of the Iowa State University at Iowa City. In 1902, Professor Raymond was appointed to the position he held at the Institute. On the evening of Prof. Raymond’s departure a large number of students gathered at the station to bid him goodbye. The seniors presented him with a gold watch box as a token of their esteem. As the train pulled out, the noise of the terporses on the track crowded many of the female occupants of the train and drowned out the resounding farewell Benneisecheer.

Singers Meet Tonight

There will be meetings of both Republican glee and singing clubs tonight and the University Singers and Glee Club. Both will be held at the COL. Building. The Republican Club is practicing for a big rally at West Branch tomorrow night. The students will go on a float.

The Glee Club will practice a number of songs to be employed at the Iowa Normal game.

WADE CLUB TO GO WILL HELP IN DEMOCRATIC RALLY

Two Hundred Seats Reserved For Iowa Students at Davenport Friday

The final arrangements for the great democratic rally at Davenport have been completed and made public. The excursion train leaves Iowa City at 3 o’clock tomorrow afternoon. It is expected that fully two hundred students will attend from here. The university band and the University Wade club will be very much in evidence.

About the time the working people of Davenport are returning home the parade will start. The line of march has been led followed by the Wade Club. Immediately after supper preceding the speeches the Iowa students and Wade Club will give a concert in front of Turner’s hall. The club meets again tonight to practice their program for the occasion.

In regard to a joint debate with “Teddy’s Havana’s,” the sentiment at a recent meeting was decidedly in favor of accepting a challenge should one be issued by the republicans.

A great deal of interest has already been manifested by the student body in regard to a debate between the two clubs and if one is arranged it will be one of the most popular events of the school year.

Rooters meeting tonight

Polycon met last night with Miss J. A. Rice.

The Zetas will have another dancing party Halloween night.

Professor Calvin illustrated with “The Professor’s Glee” science class with stenographic views.

Professor Wilder’s geology classes were整顿 finishing up the Iowa river last Thursday.

The republican glee club will sing at a republican rally held in the armory next Wednesday night.

Dr. Albert attended the quarterly meeting of the state board of health in Des Moines yesterday.

Thos. Scootier, father of the president of the Iowa State Normal died Tuesday at his home in Iowa City.

Professor Macbride’s Botany classes enjoyed an excursion on the interurban to Iowa Park Tuesday afternoon.

Professor Wilson of the German department recently finished a hand-made and printed edition of Freytag’s, “Die Journalisten,” a textbook designed for the German class. Two books edited by Professor Wilson and used in nearly all the leading western colleges.

A variety of furniture has recently been received for the new medical buildings consisting of beds, table, and several desk chairs. Several more carloads are expected soon.

CLASSES MAY SING

Professor Rockwood Offers $25 Prize

Proposes That Classes Hold Singfest at End of College Year

With the aim of stimulating an interest in class and later in university singing here at Iowa, Prof. Elbert W. Rockwood of the department of chemistry has stated to the Iowaan that he will give a prize of $25 to the class in the university which will give the best glee and sungensemble before next commencement time. By class Professor Rockwood said, “any class from any of the colleges which will graduate at the same year and if any class can give a repertoire of songs which will present a higher standard than the classes bring forth at the end of the university year, I will give two or more of the classes signify their intention to try.”

In discussing his offer Professor Rockwood said, “I have, for years, been a firm believer in college singing, that it is a healthy part of the college’s or student’s condition of vocal music by the student body may be of great benefit, not only to the individual student but also to his college or university. Some of the happiest memories of my college days are linked with those evenings when many of my class would spend an hour or two in singing college songs. By this means we would be made into a stronger class loyalty which, becoming later converted into a love for alma mater, and this, as warm as over, to this day.”

Selctman and Fen held a meeting in Cloose Hall today.

T. V. White is the official bugler for the university battalion. All Edsa, the Scandinavian society of the University, will give a reception for members at the Philomathian halls, Saturday evening October 22.

Professor Samuel Calvin will read the paper before the Bacon Club Friday evening on the subject, “The Interregal Diaphragmes of Iowa” illustrated with the Stereopticon.

The Iowa chapter of the society of Sigma Xi has issued invitations to its semi annual open meeting. The lecture will be given by Professor A. A. Yeb- len, in the auditorium of the hall of liberal arts, Tuesday evening, October 25, 1904, upon the subject “Upsilon University and some of its Scientific doings.”

Professor Velen has the plea of science by his recent visit to the great Swedish university, while on his visit to the Swedish country in his book, he will not without doubt be very entertaining and instructive.

Debating Interests

The apathy manifested at the meeting of the debating league last night does not augur well for the debating work of the university during the coming winter. At the first meeting of the organization there was not a quorum present in spite of the fact that there are prospects for a number of hard debating contests with neighboring universities during this coming winter.

If Iowa is to defeat Minnesota, Kansas and Wisconsin this year she must begin at once and prepare for it. The members of the debating teams are no doubt working hard and doing their best to win but they cannot do much if there is not enough interest back of them to prevent a meeting of the debating league to go by default.

Perhaps the lack of interest in the debate is due to the interest being shown by practically all the students in politics and that things will be settled on as soon as the campaign is over. It is to be hoped that this is the case.

The news from the East is that we get busy and get ready to uphold Iowa's honor in politics.

Dr. G. F. Harkness and Miss Mabel J. Harkness were married in Iowa City Wednesday evening. Dr. Harkness was formerly the commandant of the university battalion, and is an alumnus of the medical college.

He is now practicing in Davenport.

Minneapolis has arranged a basketball game with the Yule team.

Iowa has consolidated all her literary societies into one debating league.

Prizes of ten, five and three dollars have been offered at the university of Wisconsin for the best three football songs.

Despite the statement of Nebraska's president barring Bender from further participation in debating contests he still plays on the varsity team.

Nearly all the larger colleges have regular class football teams. In this way many men of ability are brought out that would not in any other way.

A movement is on foot in Minnesota law school to do away with final exams. The change in the system of final examinations in the law school is simply that the examinations taken at the end of each subject with the seniors this year will be their final examinations in these subjects. The plan, if successful will be extended to the other classes of the school.

The new laboratory now being fitted up in the chemistry building will be used by Dr. Von Eede for his new course in physical chemistry.
