RHODES SCHOLARS

IOWA WILL AGAIN MAKE CHOICE

Ross Eligible Without Examination—Statistics of 1904 Scholars

Word has been received from George R. Parkin who has charge of the Rhodes Scholarships in America that Iowa is again entitled to a scholarship. Thus Iowa will have two scholars at Oxford at the same time. No selections will be made again until 1907.

It is also announced that those who passed the examinations but did not get the appointment will not be required to go before the examining board. But two men passed the board, C. W. Ross of Iowa and J. F. Wallerer of Grinnell. Wallerer was chosen last year. This year Mr. Ross will have a decided advantage over the other candidates in that he will not be required to take the examinations which are very rigid. The examination this year will be held in January instead of April.

Below is appended some interesting history of the men who last year were fortunate enough to profit by the philanthropy of Rhodes.

RELICS IN MUSEUM

ACQUISITION FOR HISTORICAL SOCIETY

Professor Ward Heads the Party to Continue Investigation

The state historical society has become the owner of several valuable and interesting relics. Prof. Duran J. H. Ward has succeeded in bringing to Iowa City and depositing in the museum a skull and two bones of an Indian whose tribe was heretofore unknown. The relics were found last August by a party of campers near Okoboji.

The discovery is of undoubted historical importance. It will either throw light on an entirely new tribe of Indians or will change history in regard to the location of the Algonquin and Sioux Indians. Professor Ward has visited the mound and made a report to the leading archaeologists of the state. The matter was also brought before the Iowa Anthropological Association which recommended an investigation and this was followed by an appropriation by the Historical society.

An expedition led by Professor Ward will begin work at once. Extensive preparations have been made and the extreme care will be used in excavating. The mound in which this skeleton was found is six feet high and 54 feet in diameter. The hill will be cut away in sections much as a loaf of bread is sliced. When anything hard is struck the pick will be discarded for the trowel. It is the aim of the expedition that nothing valuable shall be destroyed. Besides this mound there are five others near by which will be investigated later. In addition to the skull and bones found, was a copper bell and an iron tomahawk. It is not known whether the Indians worked in iron or that this tomahawk was acquired from the Whites.

The investigation will be watched all over the state with great interest.

Arnold and McMurtry were initiated into Zetagathian last night.

Prof. C. L. Bryden and C. C. Nutting will leave Sunday night for a visit at the fair.

Dramatic Club will initiate tonight at the Sigma Chi house. The initiates are Misses Stone and Higley; Messrs. Cooper, Ivins and Sangster.

The annual reception given by President and Mrs. MacLean to the members of the faculty will be held at the presidents College Street home next Wednesday evening.

Rev. J. M. Phillips will address the Y. M. C. A. Sunday afternoon, at two o'clock. A week from Sunday, it is expected that Lester MacLean will be here, to speak to university men.

REPUBLICAN RALLY

UNIVERSITY G. O. P. MEN STIR UP CEDAR RAPIDS

Band, Glee Club, Marching Club Participate in Demonstration—Shaw Speaks

The university republicans went to Cedar Rapids yesterday and stirred up more enthusiasm than has been seen in that city since the opening of the campaign. Leslie M. Shaw was the occasion of a big demonstration in which University, Coe College, Cedar Rapids High School and Business College students were the leading participants.

About 200 G. O. P. men in the university, consisting of Band, Glee Club and Marching club took the interurban for Cedar Rapids yesterday afternoon. Shortly after six o'clock the parade of students alone began forming, headed by the band. The G. O. P. elephant which was seen on the campus yesterday, held a promising place, and was the cause of much amusement. After parading the streets for an hour, giving the varsity and political yells, the town got into the spirit of the rally.

At the armory the elephant made his way to the platform and performed an appreciative bow to the audience. When the laughter subsided the Republican glee club of the university sang a campaign song which was loudly applauded and encored.

The yelling of the Marching club in the auditorium was one of the features of the evening.

After a short introduction Hon. Leslie M. Shaw arose and made a logical and forceful presentation of the issue of the day to an immense audience. When he had finished the university men were invited to meet him which opportunity many of them took.

R. E. Jones has been chosen by Irving Institute to fill the vacant place on the Minnesota preliminary.

The following have been elected to Polygon: Misses Coover, Westbrook and Smith; Messrs. Parish, Beam, Pond and Couch.

President MacLean has accepted an invitation to deliver the fiftieth anniversary sermon of the first Presbyterian church of Independence, Iowa.

At its business meeting last night, Irving initiated the following: Messrs. Barton, Arnold, Randall, Kelly and Pike. Messrs. Kern and Hamilton were elected to membership.

The regular practice run of the Cross Country Club occurred this morning at 10 o'clock. The course covered about 6 miles but the pace was a slow one. Jeffers and Gordan easily finished first. The freshmen are showing up particularly well in these runs.

On Enthusiasm

Enthusiasm is fire, fire of the soul. They that know say enthusiasm wins. Enthusiasm in anything, football, politics, debating when it is a living, sustained enthusiasm foreshadows success. College spirit is enthusiasm. It is the product of enthusiasm of which school interests are the multiple. College spirit can be cultivated. When it once takes root it grows and never dies. Now is the time to build up the spirit. If it can't embrace all interests, let it take one. Live in it, make it vital. Be enthusiastic.

Iowa's crippled team is today playing Nebraska. It will be a gruelling contest. Some of our best men are injured so severely that they may not play. They are handicapped by strange field, one-sided rooting a different climate. But they will fight. They have fought every game so far and will fight harder today. We may lose. If we do let us treat our team the way Nebraska did their losing team. When Colorado beat them earlier in the season and the team returned, the biggest demonstration in the history of the school was accorded the vanquished. They set at it again and the next week practically tied Minnesota. This is what encouragement does. We have a team, let's back it.

At Other Schools

Freshmen at Michigan must register before they can vote in class elections.

Wisconsin has fifty men out for basketball practice.

Purdue is going to erect a \$100,000 monument to her students who were killed on the way to Purdue for the Indiana game. The Big Four, on whose line the wreck occurred, has donated \$15,000.

The Junior Annual of California is said to be the most expensive publication of its kind ever issued. It was issued at an expense of nearly \$10,000.

AMUSEMENTS

An American Citizen in England," a four act comedy drama, admirable performed by Guy Hickman and his clever company attracted the largest audience. seated in the Grand opera house in the past three years last evening. Long before the beginning of the excellent performance, every seat in the house was taken and standing room was sold at a premium. In return for such a magnificent audience.
