RHODES SCHOLARS

IOWA WILL AGAIN MAKE CHOICE

Rose Eligible Without Examination—Statistics of 1904 Scholars

Word has been received from George H. Parkin who has charge of the Rhodes Scholarships in America that Iowa is again entitled to a scholarship. Thus Iowa will have two scholars at Oxford at the same time. No scholar was chosen in 1903 due to the death of one of the scholars, Martin Schafft, last winter.

It is also announced that those who passed the examinations but did not get the appointment will not be required to go before the examining board. Two men passed the board, C. W. Ross of Iowa and J. P. Walliser of Grinnell. Walliser was chosen last year. This year Mr. Ross will have a decided advantage over the other candidates in that he will not be required to take the examinations which are very close to the time of the final examinations that will be held in January instead of April.

Iowa City will celebrate the fiftieth anniversary sermon of Dr. William M. Black on November 19th.

RELIICS IN MUSEUM

ACQUISITION FOR HISTORICAL SOCIETY

Professor Ward Heads the Party to Continue Investigation

The state historical society has become the owner of several valuable and interesting relics. Prof. Darden J. Ward has succeeded in bringing to Iowa City and depositing in the museum a skull and two bones of an Indian whose tribe was hereabouts.

The relics were found last August by a party of campers near Oskaloos. The discovery is of undoubted historical interest. It was either thrown light on an entirely new tribe of Indians or will change history in regard to the location of the Algonquin and Sioux Indians. Professor Ward has visited the mound and made a report to the leading archaeologists of the state. The matter was also brought before the Iowa historical society and the committee that recommended an investigation and this was followed by an appointment of a Historical Society.

An expedition led by Professor Ward will begin work at once. Extensive preparations have been made and the caretaker will be in excavating. The mound in which this skeleton was found is six feet high and 35 feet in diameter. The hill will be cut away in sections much as a loaf of bread is sliced.

The large hard surface of the earth will be discarded for the trovel. This is with the aim of the expedition that nothing valuable shall be destroyed. Besides this mound, there is another for which will be investigated later.

In addition to the skull and bones found, was a copper bell and an iron tomahawk. It is not known whether the Indians worked in iron or that this tomahawk was acquired from the Whites.

The investigation will be watched and the state with great interest.

Arnold and McMurry were inducted into Zetagatbian last night.

Prof. C. L. Bryan and C. C. Nutting will leave Sunday night for a visit at the fair.

The following have been elected to Polygat: Misses Cooper, Westbrook, and Ash. The initiates are Misses Booth, Eggle, Messrs. Cooper, Jones and Sanger.

The Junior Annual of California is said to be the most expensive publication of its kind ever issued. It was issued at an expense of nearly $10,000.

AMUSEMENTS

An American Citizen in England, a four act comedy drama, admirable performed by Guy Hickman and his clever company, attracted the largest audience seated in the Grand opera house in the past three years last evening. Long before the beginning of the excellent performance, every seat in the house was taken and standing room was sold at a premium. In return for such a magnificent audience Mr. Hickman and his company put on one of the best repertoire productions ever seen in this city at popular prices. O'Growers Daily Courier.
