WHAT THE SOCIETIES DID LAST EVENING

Orator and Declamer Elected—Debate in Arranged—Debaters get Rings

At the meeting of Irving Institute last night occurred the debate for the year. The orator and declamer in the contest with Zetagmas Sciences. P. H. Sooth secured the place of declamer and Robert B. Pike, the latter now. The society also installed officers for the spring term.

The Philomathian society has arranged a freshman-sophomore debate action for the season. The freshman team will consist of Dale Carroll, J. W. Conaway, and C. R. Foote; J. B. Betterworth, E. R. Collins, and E. C. White. The team will be present the sophomores. The debate will probably occur May 30 or June 1. The teams are stumping, besides, to secure a debate with some other university.

The Debating League, consisting of Zetagmas and Irving also met last evening. Several amendments to the constitution were adopted, providing that only preliminary and final intercollegiate debates should be open to graduate students. The league has presented its final debate to the following: Robert B. Swain, Bay Flies, Arthur G. Houghton, Fred E. Snellor, and S. E. Shiley, with handsome gold rings. These rings are of brass and marked with the letter "I" in enamel, and with the society's name. They are to be worn by those in good standing.

At the meeting of the Forum last evening, the following officers were elected: J. E. Bugg, president; C. E. Noel, vice president; A. E. Miller, secretary; H. E. Hauser, treasurer; D. D. Dean, sergeant-at-arms.

Fraternity Bill Changed

The bill that was recently introduced in the Minnesota legislature, providing for the abolition of both high school and university fraternities, has been greatly modified by Representative Funkhouser. It is now a bill that provides for the abolishment of high school fraternities and prevents freshmen in the university from joining them, for the term of a year's suspension from college.

GUILD TO GIVE DANCE

The White Cross Guild, the college literary organization, has been invited to make the plans for a dance for the young women in the university. To provide and furnish a room in the residence halls, the students will be given a dance on the 15th of May. The names of all who wish to attend the dance will be sent out soon. The dance will be in the nature of a benefit.

Rule to Bar Older Prep School Stars

Presented at Conference of Colleges and Secondary Schools

High school football players over 20 years of age will have to give up their gridiron work and take to the laboratories and classrooms. The recommendations of the principals and instructors present at the conference of the North Central Association of College and secondary schools yesterday is adopted. Simultaneously professional coaches, employed by the many schools present, stumped the field individually.

These two reforms were suggested by the committee on athletics at the conference. The form is represented by R. L. Harris, principal of the Central High School of Cleveland. It meets with the approval of Principal F. W. Schuett, of the Northwestern University Chaplin of Washington University, President E. E. Leslie of Ottawa High School.

The "student who wants to play football after he is 20 years old is the kind that hangs on by taking easy work for several years," said President Chaplin. "It is not right to ask younger men in other schools to compete against this class of players. When a boy of 20 finds himself gridiron wise and ought to quit his sports and try the more suitable work for him."

The discussion was listened to by 200 educators from half a dozen states. In addition to the schools and smaller institutions which are related to the committee included President James of Northwestern, Dean A. W. Small of Beloit and of Chicago, President Harlan of Lake Forest, Professor MacLean, and the State University of Iowa, and Dean Edwin A. Binge of the University of Wisconsin.

Rhodes Scholars Compete

In the annual sports between Oxford and Cambridge held yesterday, P. M. Young, Rhodes scholar from Colorado, tied in the high jump with 5 feet 7 1/2 inches, of Cornell University, and 4 feet 10 1/2 inches. Time, 15.68 seconds.

The Dramatic club held a meeting at 4 o'clock yesterday afternoon. They will hold a spring exhibition which were George Ade's "The Cockeyed Clock" and "The Critic Chairman," and some others. The play will be presented Monday night to read them over.

Judge Remley will speak at the young men's meeting tomorrow night in the spirit house room. The 80th birthday of Close House. His subjects "The college men and the religious life."

HOMEOPHS EAT DRUG

DEAN ROYAL EXPERIMENTS ON STUDENTS

Symptoms Similar to those of LaGrigie—Name of Dope Not Yet Disclosed

For the past two weeks there has been an experiment carried on at the Homoeopathic Hospital to ascertain the effects of a newly discovered drug. The name of the drug is known to none but Dean Royal. Eight men volunteered to be experienced upon, and were under a series of tests during the experiment. At first the drug was given in very small quantities, but increased until a maximum dose had been reached, or as much as the patient could stand without endangering his life.

The effect on the patient was an irregular pulse with a severe headache. In some cases vomiting followed. The symptoms were similar to those of LaGrigie.

This experiment was carried on once before the result was not satisfactory. The success of the experiment now seems assured. The names of those who permitted themselves to be experimented on and the name of the drug will be published as soon as given out by Dean Royal.

Two College Drownings

Frank Byers, a junior law student in the University of Michigan, from Parnia, Iowa, was drowned yesterday in the Hoxon River.

Montague White, a young professor of oratory in Beloit College, was drowned yesterday in the Rock River. His companions on the accident, Roy Andrews, a senior, escaped. Professor White was visiting his mother in New York, last June. He was 22 years old and has been married to an eastern girl this summer.

The Bible leaders will not meet at President MacLean's tonight as usual. The President is still in Chicago attending a meeting of educators.

All sophomores, who have not already been in Chicago, may see some member of the Social Committee, at once.

A. W. Ives has been elected captain of the Zetagmas baseball team for the coming spring contests.

Miss Edith Evans is a guest of Professor George Ade in Odakosa. At present he is teaching music in Odakosia.

Maurice Beem has returned to the university after a few days visit with his brother.

Don't forget the sophomore spring dance evening in the K. of P. hall.

With today's issue of the IOWAN occurs a change in the editorial staff, N. A. Crawford Jr. and James J. Lamb becoming associate editors. This change causes vacancies on the reporter's staff and these will be filled as soon as possible. Under-classmen especially are urged to make competition for these places. Election will be based on the amount and literary quality of the news submitted.

Another change instituted is that beginning with Tuesday's issue the name of the editor for the day will appear at the head of the editorial column. This method is one used by many college dailies and has the value that it localizes responsibility and by editorial competition inures the betterment of the paper.

The action of the faculty in cutting the amount of required drill from three to two years does not come as a complete surprise as it has been known for some time that the advisability of making the change was being considered. However, it was rather expected that the drill would be increased from three to five hours a week and that the amount of annual credit would remain the same instead of being increased as it has. As it is now, the cadet soldier will do shorter service and receive more credit. It is believed that the change is a good one. It follows the lead taken by other leading universities of the country. By consolidating the work to two years it will be made more thorough, the feeling of too much service will be removed, and resulting from this will be the condition that drill will become more popular. When popularity is achieved success follows naturally.

AMUSEMENTS
It is not very often that the theater-goers of Iowa City have an opportunity of witnessing such a meritorious production as the well-known Russian melodrama "For Her Sake", which will be put on at the Opera House next Tuesday evening. The play, which is excellently staged and presented by a company that has won the admiration and applause of the discriminating public, portrays life in the Czar's domains with wonderful vividness.

LEWIS AND CLARK EXPOSITION

The first great exposition of the products and the resources of the Great Northwest will be held at Portland, Oregon, the autumn. The gala will be opened in June, and it is generally believed that this will be one of the greatest of world's fairs. Portland is best reached via the Chicago, Milwaukee & St. Paul Railway.

Choice of routes is offered. Via St. Paul and Minneapolis, the route of The Pioneer Limited—via Omaha and Chicago, the main route of The Overland Limited—or via Omaha and Denver, past the wonderful panoramas of Rocky Mountain scenery, it is a good time now to plan your trip.

Michigan defeated Wisconsin at an outdoor track meet in Ann Arbor, Saturday night by a score of 44 to 31. The Badgers won first place in the high jump and sprints.

Drake University has a $50,000 Carnegie library within the next year if the provision that in equal proportion be furnished by the university for the maintenance of the library can be fulfilled.

According to Dr. Anderson, in the Yale gym, recent strength tests at Yale showed that the men who cut down their diet to about one third the ordinary consumption have increased in strength from 35 to 100 per cent in every case.

Archie Hahn, of Michigan, at the meet given by the Illinois Athletic club in Chicago Tuesday night, won the sixty yard dash in the time of 6.4-5, which establishes a new world's record. The old record of 6.6-5 was made by Doffy of Georgetown. Hahn's record was made on a clay track.

**FAMABELLA**

We don't believe there's a cigar on the market that has "taken hold" faster than the Famabella Havana Cigar. "The Perfection of Blends." Its success has been due solely and entirely to the quality of the cigar itself, and to our way of handling our trade. There has never been any "band wagon" advertising or gift enterprises connected with Famabellas. They've won out strictly on merit and they're making a bigger hit every day, at The Clinton Street Smoke House.
