RUSH JUNIORS ANNUAL

BOARD WILL BE COMPLETED EARLY IN MAY

Pictures and Engravings Are In
Prices For Drawings Are Announced

Work on the Junior Annual is progressing rapidly and it seems evident that the management will be able to keep their promise of getting the book out the second week in May. Two forms, consisting of 82 pages, are printed now. The type used is different from that of all previous annuals and is a change which will give the book an entirely new aspect.

The prices for the best set of drawings were announced today. Miss May Elliott, a graduate of the University, will give the prize of ten dollars and Moe and Allard receive the second of five dollars. Mr. Call has had considerable experience baving been a member of last year's annual and baving done a large portion of the forenic societies' drawings during the last four years. Miss Allard has also been a member of the group. The seniors in the college of liberal arts.

Most of the work of the engravers, the Star Engraving Co., of Des Moines, has been received. The work has been seen by those who are experienced in judging this sort of thing and is said to be of excellent quality. The pictures, too, are all in with the exception of the battalion picture which will be taken Monday, at least.

One of the special features of the book will be the pages of color work done by Starch and Cooper. The color and cover of the book are both things which are decided upon yet, but will be announced soon.

Landscape Gardener

The estate of Brookline, Mass., the landscape gardener, who has been engaged by the university authorities to suggest plans for making the university grounds appear more artistic, arrived here a few days ago. After viewing the university grounds he is looking upon the purpose of gathering data for plans, he held a conference with President Maclean.

During the meeting he submitted the outlines of his plan to the president. Another conference was arranged for to-day at which time Miss Elliott will present final details. It is expected that a written report will be presented to the board of regents at their meeting next week.

Miss Mary Elliott of the physical department at the University will train the seniors of the Marenco Association, to draw the Russian Elysium. This is the same plan that the seniors have presented to our present year.

Mid-Summer Night's Dream will be given to-night. Produced by: the Y. W. C. A.

Tonight in the ball of liberal arts will occur the recital of Shakespeare's "Mid-Summer Night's Dream" by Miss Ethel Elliott, a graduate of the university and now occupying the position of assistant to the head of the department of elocution in Smith College, Massachusetts.

Miss Elliott was graduated in the class of 1905 and will be represented by many of her former pupil. She is a well-known actress of Keene, in "Rivals," played by the senior class of the University. Dean Carry, of the University School of Expression, which school Miss Elliott attended after graduation here, says of her ability: "It gives me pleasant to recommend Miss Ethel Elliott to the public as a reader of unusual power and charm of personality. Miss Elliott is sure of an appreciation from the educated public."

The Chronicle, of Cambridge, Mass., which may be depended upon for its conservatism, in speaking of a program given here by a class from the Curry School says:

The recital will begin at eight o'clock and the entire play will be rendered. The Delta Gamma, of whom Miss Elliott is an alumna, have charge of the management and will act as ushers. An admission fee of twenty-five cents will be charged and the proceeds will be voted to the Y. W. C. A., of which organization Miss Elliott was president while here.

ENGINEERS GO WEDNESDAY

The engineering students will leave Wednesday morning for Chicago to inspect the lines of the electric railways and study the proceedings at the meeting of the American Institute of Electrical Engineers. The party will leave for the 4:10 p.m. train on the Rock Island. Mr. Bryden has arranged with the Chicago and North Western to ask all those who intend to go to meet the train by the 4:10, returning on the 11:11, at the latest at the Chemical Laboratory.

Sigma Chi gave an informal party last night.
There are but few honors in college life that have the strong enduring qualities of election to a chapter of a honor fraternity. One of the weaknesses of many of our Iowa universities is that the winning of prizes in the realms of athletics and forensic skill is so often emphasized, and that the virtues of character are more lasting and in many ways greater honors bestowed for excellence and steady work in the regular collegiate course of study. This is a fact that is often commented on by Iowa alumni. Election to membership in Phi Beta Kappa stands for a great deal. There is absolutely no chance, no element of luck about it. It means four years of good hard conscientious work, of long and continuous endeavor to fit one's self for the particular work chosen. Then the fourteen Iowa students who were Thursday elected to membership to the Iowa chapter of this fraternity are to be congratulated, and that without reserve. May all freshmen at Iowa hereafter start their college course with the firm determination to work for the same honor.

Mabel Harris, who has been teaching in Eld Grove, has resigned her position and has entered the university.

AMUSEMENTS

One of the most pleasing features in the way of entertainments given at the university this year has been the recital "Mid-Summer Nights Dream" by Ethel Elliot at the library Saturday night. April 8. Tickets are on sale at Curley & Louis Book Store.

The Barlow Vocal Quintet with the great Barlow Minstrels this year is one of the strongest features of the most clever and enjoyable entertainment. Sentimental, comic, romance and imitations of church organ, bell, coo and other effects making up a symphony of great elegance and one thoroughly enjoyed by every person with a love for the human voice. An unusually strong programme with entire change of songs, specialties and costumes, together with the new military opening spectacle promises an entertainment hard to equal and impossible to surpass in this line of theatrical entertainment at the House tonight.

Commission Studies System.

The legislative commission, which visited Iowa City some

95 years ago for the purpose of making an investigation into

the feasibility of establishing a single board of control for the

three state educational institutions, and which has been holding a

session in Des Moines, adjourned Tuesday afternoon, after deci-

ding to visit the University of South Dakota, at Vermillion, on

April 20, if the South Dakota authorities find it convenient to re-

cieve the legislators at that time.

On the roll sitting of the commission, several members of

the state board of control gave information in regard to their

methods of carrying on the affairs of the institutions already

under their care. Particular attention, it is understood, was

paid to their methods of buying supplies and contracting for

buildings.

After the visit to Vermillion, the committee will make its re-

sort to the legislature. The probable

tenor of this report is not

known, but there is said to be

likelihood of a division among the

members of the committee.
