To Be Dedicated

The medical alumni meeting which will be held here next week will be one of the most noted gatherings of members of the medical profession that has taken place in this section of the country, for some time. The opening session will be held on Tuesday morning, commencing at eight o'clock. Clinics in gynaecology, surgery, and ophthalmology and demonstration in anatomy and physiology are scheduled to occur on that day. Members of the medical faculty will conduct the program.

Debaters to Play Baseball

The debating societies of university and college will meet again this spring and will contest for the trophy cup offered by the forensic league. The cup is now in possession of the Hammond Law Class as winners of the league games last year but it must be won three times in succession for title of league ownership.

The Zeta and Philos will open the season tomorrow morning on the athletic field. The remainder of the games will be played as follows:

Zeta vs. Phiilo April 29.
Irving vs. Forum May 4.
Philo vs. Hammond May 6.
Zeta vs. Forum May 9.
Irving vs. Forum May 16.
Philo vs. Forum May 18.
Zeta vs. Hammond May 20.
Phiilo vs. Irving May 22.
Hammond vs. Forum June 3.
Zeta vs. Irving June 9.

Phil Delta Phi Elect Officers

Phi Delta Phi the honorary fraternity held its annual banquet and election last night. The officers for the next term are D. R. Perkins, Consultant; R. F. McDowell, President; and R. G. Cashing, Scriptor. Ed P. Malmberg, new chairman of the chapter, made the grand chapter convention of the fraternity to be held at Buffalo in June an object of attention.

JUNIOR FROM TO-NIGHT

Social Function Will Surpass All Previous Class Parties

Grand March to Begin at 10 O'clock

To the very limit of ingenuity and expense the Junior Prom committee tonight will give the greatest class party ever seen at the university. Although the dignity present in the state of the season were of uncommon excellence and each in turn deprived the committee, idea, and schemes pass a glimpse into Smith, an armory late this afternoon gave clear proof that the ambition of the committee to surpass any previous party will be realized.

A medical alumni meeting will be held in this city next week. It will be the occasion for the assembling of a vast number of alumni of the college of medicine. Many will come not only to attend the meeting but also to pay a first visit to their Alma Mater. These men it is safe to say will be surprised to see the development of the university and especially the progress of the medical department. Perhaps in no other institution has such marked advancement, in the way of buildings and general equipment, been made as in the college of medicine. The amount of clinical material has also been constantly on the increase so that at the present time there is an abundance of material in the several lines of practice.

The development of the university for the future depends in no small degree upon the loyalty and activity manifested by the alumni. There is no department in which the state university surpasses every similar institution in Iowa, as it does in the department of medicine. The men who will assemble here within the next few days are in select positions to aid their alma mater by bringing to the ears of their friends a knowledge of the real merits and standing of the colleges of the university.

There is no question, if the merit of the medical department are brought to the attention of prospective medical students but that the attendance in that department at the beginning of the fall semester will be doubled if what is at present.

TOWNSEND'S STUDIO

AMUSEMENTS
Paul Gilmore's reputation has been won by intelligent, refined and artistic dramatic work, and it is that sort that is required in the portrayal of the character of Lord "Jack" Lemley in "The Mummy and the Humming Bird," in which Mr. Gilmore is announced to appear here soon. So difficult of portrayal is this part considered that but few other actors besides Mr. Gilmore have escaped it. Sir Charles Wyndham and Mr. John Drew, That Mr. Gilmore's interpretation of the role is that of the finished artist can be testified to by all who saw him play it last season. Local theatre-goers are to be congratulated that his manager, Mr. George, has decided to continue Mr. Gilmore in it this season. As the opera house next Friday night April 8th.

Van Steenderen Edition Popular

Several years ago Professor Van Steenderen, head of the department of French in the university, issued an edition of "Quatre Comtes de Merimee" for text book and class room purposes. The edition of the work has become very popular since its publication as shown by the sales which amount to 2,784 volumes in two and a half years. The edition is rapidly gaining in popularity, 911 copies having been sold between Sept. 1 and Jan. 7. This is an unusually large sale for a text book the sales naturally being limited to students. Harvard, Princeton, Columbia and many other large eastern institutions are using the Van Steenderen edition.

This Team Wants Games

The members of the pharmacy base ball nine are desirous of meeting any class team in the university. Manager Manley, according to a statement made by one of the players today, has made efforts but has been unable to arrange games with the several class teams which are supposed to exist. The pharmacists want to play baseball, if there is any class team which wishes to do likewise here is a chance for a game.

POMPEIAN

Massage Cream

Cleansers Where Soap and Water Fail

Washing with soap and water makes the face look clean, but it clears the surface only. It does not clean out the impurities in the skin that make it mucky and sallow. Pompeian Massage Cream goes through the surface. It sinks into every pore—reaches and loses all foreign dirt and impurities that lodge in the pores. It is the only facial cream free from grease and that keeps the face free from it. Does not—cannot—promote the growth of hair on the face.

Price 60c and $1.00 per jar.
