ON SATE DAY

TO OBSERVE MAY DAY

Glee Club Concert in Armory Monday

Program to Be Given by Combined Musical Organizations in University

On Monday night May Day will be observed at The New Armory all the musical organizations of the university uniting in a general festival of music. The custom of observing May Day in some light and airy manner will be inaugurated at the university; the committee which has the matter in charge having decided that a concert by the united varsity glee clubs would be the most appropriate form of observance.

The program which will begin at 8 o'clock comprises selections by the university and girls glee clubs, the university band and the male and string quartets. Both glee clubs will unite in singing the prize winning university song and Mrs. Barry Gilbert will give a reading. The program is expected to be carried on without intermission between them. The audience is not required to keep their seats as the intermission is allowed for social diversion.

An admission fee of fifty cents will be charged, all the receipts after current expenses are paid to go into a fund for equipping the Glee Club for an extended trip during the holiday recess next year. There will be no extra charge for reserved seats which are only at a venue in the State University's book store.

Pensions For Professors

Andrew Carnegie has given $10,000,000, to provide annuities for college professors who are no longer able to continue in active service. A board of trustees of the President Hill M. Bell of Drake University is a member, has been appointed and will meet some time in November. In his letters to trustees Mr. Carnegie says in part:

"I have reached the conclusion that the least rewarded of all the professions is that of the teacher in our higher educational institutions. Able men hesitate to adopt teaching as a career, and many old professors whose places should be occupied by younger men cannot be retired.

"I have therefore, transferred to you and your successors as trustees $10,000,000 to pay first mortgage bonds of the United States Steel Corporation, the revenue from which is to provide retiring pensions for the teachers of the universities, colleges and technical schools in our own country, Canada and Newfoundland, under such conditions as you may adopt from time to time. Expert calculations show that the revenue will be ample for the purpose."
