WIN IN LAST INNING
TEAM DOWNS CORNELL IN EXCITING GAME

Varsity Made More Errors and Less Hits But Played A Consistent Game.

In the closest and hardest fought game of the season, the Cornells won by brilliant and rugged playing, the varsity baseball team won Cornells Saturday by the score of 4-3. The game which was won for Iowa in the eighth inning on a base on balls and a wild pitch by Ragon, a long fly by White, errors by Keedick and Henderson and a timely two base hit by M. A. Yeasler. Iowa won because the team played super for the last four points of the game. The varsity made but one error but the Purple, as usual, pulled themselves together and made the best of every mistake of the visitors.

The Old Gold scored first in the initial inning. Gibbs walked and was brought home by Capt. H. A. Smith. This was the only run scored by the Cornells through the third inning. In the seventh, however, the Golden Bears scored their only run through a base on balls and sacrifice and Yessler provided the necessary sacrifice fly. The varsity won the game and the series with a score of 5-4 which is the first time in several years that the varsity has won over the Cornells.

un-

iversity offers abundant chances

for

forensic

honors, but there are no

man—or comparatively no men—

willing to undertake orato-

rial work. When four men out

of

nearly a thousand enter an

important contest, it is convincing

proof that a contest of that kind

is without interest to the major-

ity.

Now comes the question, Why

is there not interest in these

things? The public speaking de-

partment of the university is

strong and efficient, the forensic

societies are doing excellent

work,—but the enthusiasm fails

to come.

There may be various reasons

for the existence or non-existence

of anything, but in this case, the

main reason, in the opinion of the

Iowan, is found in the fact that

the individual students of the

university, as a rule, support

only those things in which they

themselves, as individuals, are

interested. If every student

would support, so far as possible,

all real university enterprises,

interest in oratory, as well as in

other lines, would not flag. Even

if you personally are not inter-

ested in forensic work, you will

willingly, for the sake of the un-

iversity, to turn out and "push."
